# CARBONDALE.

FOUR FIREMEN INJURED.

Fire and Explosion at Norris' Store Yesterday Morning.

Early yesterday morning fire broke out in the back room of the store of G. W. Norris on Belmont street. Before the water was turned on four members of the Mitchell Hose company- C. A. P. Rowleton, William Myers and John Bergen-entered the store. Refere they had proceeded far a terrine explosion occurred and literally blew the men into the street. They were severely burned about the hands and face and Mr. Bergen sustained come cuts from flying glass. Mr. Myers is confined to the Carbondale hospital and Mr. Rivenberg is at his home on Salem avenue. His face is badly swollen, his eyes being nearly closed. Mr. Itowison's injuries were not so serious and he was able to be out yes-

The building was pretty well gutted and everything not burned was ruined by water. Insurance will cover the loss. The origin of the fire is a mystery as there had been no fire in the store for three months.

#### IMPROVEMENTS ON THE "JEFF."

The new superintendent of the Erie has already effected several improvements on the Jefferson division and one of considerable importance is now under way. At Ararat Summit the station is being moved a short distance to a more desirable location and a yard containing about three miles of track is in course of construction. A large number of men and a steam shovel are engaged in the work.

#### TEMPORARY FIRE CHIEF,

Mayor Kilpatrick being unable to have the fire chief appointment confirmed by select council has made John J. McNulty temporary chief. The hose companies were notified last night and McNuity will appear with his badge today. The Mitchell company is dissatisfied as they wanted one of their number, P. A. Rivenburg, to get the appointment.

#### RED MEN PARADE.

Lackawanna tribe of Red Men paraded the principal streets last night headed by the Mozart band. Their appearance was made to advertise the clam bake at Lake Poyntelle today, A large crowd is anticipated.

## PITTSTON.

Broad street and Butler should re ceive the proper attention. Broad street, especially, is in a horrible condition. The recent rains have washed everything down to Main street and, course, the usual result is apparent in the morning. Ou Butler street the condition is just the same, but this street is not to be paved up to the present time; but the residents of Broad street are entitled to consolation as long as they are willing to foot the bill. Now, councilmen, see that the lights are lit which are paid for and give the streets the proper atten-

Peter Henry, an old time resident of his city, was here yesterday visiting my of his old friends and particu-Alderman Sheridan, of the Elevn ward.

Flannery Castle will be the newest addition to South Main street and it will be creeted at the expense of the taxpayers. The only trouble is that ex-Postmaster Mullen, who is a man of honor, has just completed the next block, and both being bosom companions previous to the election of Mayor Corcoran it now remains to be seen how they are going to get along to gether as neighbors. But perhaps that will not be very troublesome, as Mr. Mullen resides in Oregon and Secretary Flannery wends his weary way up Shanty Hill. 'n the meantime Mayor Corcoran will not positively affix his signature granting an assistant to

Flannery. Michael Murry and Miss Maud Miller were quietly married yesterday morning at the German Catholic church. There was a very appetizing lunch served at the home of the bride after

the ceremony. The announcement in The Tribune yesterday morning that there would be general pay during the present week brought into the city a horde of f.kirs that is truly surprising. They tumbled in with satchels, hand-bags, mysterious grips and other notions of that kind that would remind one of a visit

to the Allentown fair. The condition of George Smith last evening was very critical. Peter Henry, now of Scranton, but who was in this city for many years

in a business capacity, was a visitor

here yesterday, the guest of Alderman Sheridan, of the Eleventh ward,

Coroner McKee, of Plymouth, over he wire said to a reporter last night that he is becoming tired of many messages received from different aldermen throughout the county request-ing inquests. He depends on them for the necessity of such proceedings and after investigation is very much surprised that proceedings in more than half the cases are considered. ars. McDonnell and daughter, of

Scranton, were the guests of the Corcoran brothers vesterday.

Oliver Burke housed five tons of ice yesterday in his immense refrigerator.

### TAYLOR NEWS.

Picnic and Outing of the Methodist Episcopal Church-Excursion Largely Attended-Other Interesting Topics.

Extensive preparations are being

made for the grand picnic and outing by the congregation of the Methodist Episcopal church, which will be held in Atherton's park tomorrow evening. July 20. The committee in charge of the affair are working earnestly for its success, and judging from the present indications it certainly will be a grand affair. The public is cordially invited. The excursion of the congregation of the new Catholic church to Mountain Park yesterday was a pronounced success. Ten coaches could scarcely contain the large crowd of people which attended the outing. The day was all that could be desired for such occasion, which was thoroughly enjoyed by Father Moffitt and his congregation and their friends.

Mr. and Mrs. William Reynolds, of Union street, are sojourning at Atlantic City.

The existing strike among the building trades' unions in this town has put a damper on the building prospect here, It materially hampers the construction of the new Catholic church, which will not now be erected until late in the fall and possibly later than that. It is hoped that some settlement will be made in the near future.

The social that was conducted at Weber's rink last evening, under the auspices of the Bradley Martin Social club, was a grand success both socially and financially. A large delegation of young folks from up and down the valley attended.

Willie Rolland, a slatepicker at the Archbald colliery, had his leg broken on Monday.

The Reds, our home team, and the Green Ridge Senators will battle for honors on the school house park grounds Saturday afternoon. A large delegation of rooters will be present to cheer the home team to victory. James Powell and daughter, Dora,

visited at the home of Mr. and Mrs. William Evans, of Providence, on Sun-

Taylorville lodge, No. 462, Knights of Pythias, will meet in their rooms in Reese's hall this evening.

WOMEN AFFIRM THAT

Pe-ru-na is Especially Adapted to Their Difficulties.

Miss Belle Gunsalis, No. 208 Seven-centh avenue, Cedar Rapids, Iowa, writes as follows of Pe-ru-na: "I can thank your medicine for curing me of chronic catarrh, with which I was af-flicted for five or six years. Independent of curing my catarrh, Pe-ru-na has wonderfully improved my general health. Pe-ru-na is a wonderful medicine. I cannot speak too highly of it."

A woman free from catarrh of some

organ is a rare case. Catarrh spares no part. A mucous discharge means catarrh and it also means waste, weakss and complete wretchedness. Peru-na is the only sure cure. Miss Maude King, the well-known New York soubrette, says: "Pe-ru-na. to my mind, is especially adapted to women, and I recommend it to them

heartily." Catarrh book sent free by Dr. Hartman, Columbus, O. Remember that cholera morbus, holera infantum, summer complaint, filious colic, diarrhoes and dysentery re each and all catarrh of the bowels are each and all catarrh of the bowels. Catarrh is the only correct name for these affections. Peru-ha is an absolute specific for these allments, which are so common in summer. Dr. Hartman, in a practice of over forty years, never lost a single case of cholera infantum, dysentery, diarrinoca, or cholera morbus, and his only remedy was Pe-ru-na. Those desiring further particulars should send for a free copy of "Summer Catarrh." Address Dr. Hartman, Columbus, O.

### JERMYN AND MAYFIELD.

Bicycle Club Social-Singular Recovery of a Charm-Funeral of Thomas Evans-Special Services. Minor News Notes.

The Carbondale Leader of last evenng says: "Again Carbondale 'cyclists are called upon to assist the energetic wheelmen of Jermyn in their laudable enterprise, the building of side paths similar to the one just completed between that town and Archbald. One who has not enjoyed a ride through the pretty river bottom. In which the path constructed, cannot appreciate its beauties, while those who have, pronounce it a veritable wheelman's paradise. At convenient intervals rustic benches have been placed in shaded portions and the requisite spring of clear, cool water is always near by. There are railings of white birch along the raised portions of the path to guide the 'after dark' wheelman, as well as whitewashed cobble stones along each edge of the path all the way, which answer the same purpose.

Suitable drains have been constructto carry which would otherwise impair the path. and the route is one selected so that the most shade and least grade is obtained for riders of the 'silent steed.'

"The wheelmen to whom the 'cyclists charming roadway are partly the Twentieth Century Bicycle club, of Jermyn, and there benefit will consist of a social and dance which will be given on Friday evening in Enterprise hall. Miss Kathryn Reardon, of Scranton, will furnish the music for danc-

George McLaughlin, of the Powder mill, recently lost a Masonic charm which he has regained in a singular manner. Although he advertised his loss, he heard nothing concerning it until a few days ago, when his son Tiny, who was wheeling to Lake Chapman, came upon a fellow-wheelman capable successor to Miss Jewett. who was standing alongside the road. renalizing some slight disarrangement of his wheel. Tiny stopped to converse with the stranger a few moments and was asked by the man if he knew of anyone who had lost a charm. Tiny course, said that his father had, and, giving a description of the charm, the man who found it saw that it was the one lost by Mr. McLaughlin. The latter recovered it the following day from Mr. Boylan, of Archbald, who found it Strange to say, it was picked up within less than a hundred yards from Mr. McLaughlin's home. The charm is a valuable one, and the owner was much pleased on regaining it.

The funeral of the late Thomas Evans, who died on Sunday last at Montdale, took place yesterday afternoon. Services were held in the Congregational church by Rev. Edward lenkins, assisted by Rev. Benjamin R. Hauton, pastor of the Methodist Epismost eloquent and touching sermon, which left a deep impression upon the ongregation. The choir sang beautifully several hymns selected by request of the bereaved family, and the scene both at the church and graveside was most pathetic. The Foresters, both seniors and Juniors, attended in a body and the pall-bearers, who were chosen from the organization, were: Alfred Butterworth, Stephen Morcom, James Toman, Thomas Bengough Thomas Williams and James Langman. Edward Barrett acted as flowerbearer. Among those from our of town who were in attendance were Mr. and Mrs. John Gravel and Jonathan Parry,

of Pittston. Special services will be held in the Methodist Episcopal church next Sunday. In the morning Rev. Dr. L. L. Sprague, president of Wyoming seminary, Kingston, will occupy the pulpit. The well-known eloquence and ability of the doctor will, without a doubt, draw a large congregation. The evening service will be in charge of the Epworth league and at both services the choir, under the direction of Mr. Johnson Bennett, sr., will sing special

music. Thomas Smith, who has been spendng a few weeks seeing the country, is home again.

H. D. Swick is doing jury duty in the United States court at Erie this week Mrs. John W. Jones, of Fourth street. and Mrs. Elizabeth Davis, of Second left Monday for New York. John Pugh and James Waters left last evening and all four will sail today for

pond. James Waters will remain there permanently.

## TUNKHANNOCK.

On Monday Sheriff Gregory exposed the personal property of Adolph Semon to sale on the premises in Meshopper borough, by virtue of executions issued on judgments of N. N. Betts, cashier of the First National bank of Towands. and the bank of Meshoppen. Among the attorneys representing different claimants at the sale were C. A. Little, James W. Piatt, Henry Harding and E. J. Jorden, of this place, and Paul A. Sherwood, of Wilkes-Barre, Mr. Semon was engaged in the stone business at Meshoppen, and employed a large force of men. These employes have filed labor claims amounting to between \$2,500 and \$3,000. The fund realized from the sale of the personal property was in the neighborhood of The real estate will be sold at the court house here on Saturday, July 29,

Percy Andrews, of Pittston, who is spending the summer at Lake Carey.

was in Tunkhannock on Monday. The pipe, the lack of which has caused a delay in the work on the sewer, arrived on Monday and the men are now at work on Marion street. The engineer in charge expects to have the whole extension completed in about four weeks.

Mrs. Mary V. Fassett, who has been mending a week with friends in Mehoopany, returned home Monday even-

Paul A. Sherwood, esq., of Wilker-Barre, who was up at Meshoppen attending the Semon sale, stopped off here Monday afternoon on his way home

Cashier E. N. Stone, of the Wyoming National bank, has returned home, after a two weeks' vacation, spent with Hon. John A. Sittser at his summer home on Owasco lake.

There was a special meeting of Triton Hose company called on Monday evening for the purpose of discussing proposition from the Queen city lecture bureau, of Buffalo, to put in a course of lectures at this place for the benefit of the company. Owing to the work on hand in connection with the coming of the firemen's convention it was not deemed wise to undertake anything of the kind at present.

Steps are being taken to reorganize the old Triton base ball team and games will be arranged with some of the nearby teams. Tunkhannock has been without a representative ball team for a year now, but with the material at hand a first-class team should be organized.

#### WYOMING SEMINARY.

The seminary buildings are undergoing extensive repairs. The rooms in the dormitories are being painted and papered. New window casings and new floors are also being introduced to many of the rooms. All these will greatly add to the convenience and attractiveness of the seminary.

The Nelson house, the former home the late Mrs. Reuben Nelson, and ome years ago presented by her to the seminary, is being remodelled for the use of President Sprague and his fam-Gas and hot water are being put The house will be entirely papered and painted, and many other improve ments will be made throughout. Professor Howland will occupy the rooms in Swetlan hall formerly occupied by Dr. Sprague and family.

The faculty for 1899-1890 will be the same as last year with but two exceptions. Miss Louise R. Jewett, who has been for some time the instructor in charge of the art department, has resigned to accept a similar position in the school preparatory to Wellesley college, Wellesley, Mass. Miss Jowett's sister is a teacher at Wellesley and the new position will bring the of the valley are indebted for this two somewhat together. Miss Jewett's resignation was accepted with much regret by the seminary trustees, who found it difficult to find a substitute They have solved the problem, however, in the election of Miss Helen Jackson, of Englewood, N. J. which occurred at a recent meeting of the committee. Miss Jackson secured her preliminary training in the School of Applied Design in New York. She afterward taught in the school in New Jersey. At the present time she is studying art in one of the foremost chools in Paris. The seminary is to

be congratulated in securing this most The other change that will occur in the faculty will be the creation of a chair of English composition and letter writing. While these branches have dways received due attention in the eminary curriculum, the increasing demand for well trained young men and young women along these partieu lar lines has made it necessary for the trustees to enable students to receive training from a specialist. Professor Theron G. Osborne, a former well known newspaper man, recently a very successful teacher and a writer of prose and poetry of no small talent. has been secured to devote his attention to this new department.

Miss Emma Williams, who graduated high in her class at the seminary four years ago, and who this last June mished a college course, has gone to teach at the Centenery Collegiate Institute, Hackettstown, N. J. Miss Williams is a daughter of the late Rev. opal church at Montdale, who preached J. F. Williams, of the Wyoming con-

The catalogue for 1899-1900, which has est been issued, is truly a work of art describes in detail the many courses fored by the seminary, gives rates and all information relative to the different departments, Numerous engravings adorn the book, showing exterior and several interior views.

#### DISCLAIMS MALICIOUS INTENT. Threw Coupling Pin on Railroad Track Just for Fun.

Hayleton, Pa., July 18. - John Brosak, iged 18 years, was arrested at Freeand today and committed to jail in default of \$500 ball to answer at court the charge of attempting to wreck a coal train on the Delaware. Susquehanna and Schuylidll railroad. Superinendent Wagner alleged that Brosak claced a courling link on the track of the road on them ountain a short distance from Drifton this morning. Lewis Kluger, engineer of the train, testified he caught Broask in the act of placing the tink on the rail. The train was at once brought to a standstill and members of the crew pursued and caught Brosak and brought him to headquar-

The accused claims he did not place the obstruction on the road with malicous intent, but says he found the link in the woods near the tracks while picking berries and carelessly tossed it on one of the rails, his intention being to throw it between the tracks. He a trip to their native home across the when the coal train approached.

# SUDDEN DEATH

FROM HEART DISEASE

A Prominent Merchant Suddenly Expires While at His Place of Business.

How frequently we see the above o milar anouncements. People are full of pity for the family of the man so suddenly and sadly stricken. say, how terribly sudden! Why, I saw him yesterday and he looked good for thirty years.' Exactly! The bridge at Ashtabula looked good for fifty years the day before the great accident. Great trains ran in safety along the trembling trestles which in a few more hours were to collapse in a fear-The iron in them had been gradually disintergrating for years. The death of this man was no sudden than the fall of the bridge. Each had the strength slowly undermined. And like the bridge, when the this ideal condition of health be at-

the crying child generally needs is food. The nerves also cry because of hunger. You can only stop the outery of the nerves by feeding them, and that must be done through the stomach. In thousands and thousands of cases It has been shown that when the stomach, together with the allied organs of digestion and nutrition are put into a sound condition of health, the health of the whole body is at once restored. Strength comes back; the color returns to the cheek, the sparkle to the eye, the spring to the step. There's real interesting life, real pleasure in business, real comfort in home. The nerves are quiet. They laugh sometimes, but they never cry. The heart works steadily and noiselessly like some perfectly governed engine. The liver performs its functions unobtrusively. The kidneys do a day's work every day in filtering out the impurities which would clog the circulation, the lungs are actively healthyin brief, the whole body in all its parts works together to carry on the perfect scheme of physical being. WHAT TO DO.

Now comes the question, "How can

resisting capacity down he went,

There's a fact for public considera-One form of disease is rarely ion. responsible for a premature death. Time and time again the doctor in attendence on the man suffering from typhold or other fever says, "I could have pulled that man through if it indigestion. Took medicine from my had not been for his weak stomach." And that "weak stomach" is the one ever present danger to the business He has his warnings. Time man. and again his stomach cries out, revolting at the food given it, perhaps heart when it gives a sudden, suffo- suffered so much with pain under my dear, do get something for your neu- expected something unusual to take raigia," or "You must do something place; was irritable and impatient, for your stomach" what does he do? and greatly reduced in flesh. I could He just stons into a drug store as he and permits him to keep at work, but which does not oppose a straw in the way of the disease. Thus the undermining process goes on until the collapse comes, with its shock to the fam- of each, found I was improving. By and surprise to the friends.

THE WARNINGS. The first necessity of every man is to heed the warnings Nature gives. that this undermining process is going m in his system. A stomach weakened by abuse, gorged with over eating or over burdened with hot bread, too rich r greasy foods or those too highly asoned, becomes weakened and fails to thoroughly algest the food. A heavy sodden mass is accumulated in the stomach to ferment as the first step in its decay, giving off foul gasses to distend the stomach, and poison the blood, until it becomes thin, weak and lacking in the red corpuscles so neces-

sary to perfect health. The over distended stomach presser upon the heart, and the latter organ is also disturbed through sympathy, the same system of nerves being distributed to both organs Thus palpitation and irregular action of the heart with its attendant shortness of breath, result. and in time, disease of the heart itself s established. The gases and other poisons generat-

ed from undigested, fermenting and decaying food in the stomach becloud the brain, causing headaches, and pain in the eyes Being absorbed into the blood these

oisons reach every part and organ of the system. The kidneys are thereby poisoned, causing Brights disease and diabetes. Filtering through the skin, troublesome skin disease often shows themselves.

As every organ and every nerve depend on their nourishment and renewal upon the stomach, weak digestion shows itself not alone in loss of appetite and flesh, but also in nervous ness, debility, bad complexion and many other derangements.

Some people know where the trou-They locate it in the stomble is. ach, because they have pain there after eating, an irregular craving for food, or an appetite that eating does not satisfy. There is heaviness after a meal, a feeling of undue fullness. Perhaps the stomach sours, and there are bitter risings, and beichings. These symptoms mark various forms and stages of "weak stomach." They will not all be present in every case or in the earlier stages of the disease. Any one of these symptoms locates the trouble in the stomach and digestive and nutritive functions, which are

disturbed. The only way to properly heed these warnings is at once to JOIN HANDS WITH NATURE'S

FORCES in an intelligent and persistent effort to restore the health to its nor mal condition. This cannot be done by treating disease which are only symptoms of the real and fundamental trouble. The heart palpitates but it is of no use to treat the heart while the diseased stomach causing the palpitation goes unbeeded and unhelped. The nerves tingle and twitch with pain. But its no use to takebromide said he was about to remove the link preparations to quiet the nerves, drugging them into drowsiness as crying

man's strength reached its minimum | tained?" No one is better fitted to

answer that question than one who

has been cured of the disease, and been

uplifted into a condition of sound

health. Such is one is Mr. Thomas G. Lever, of Lever, Richland Ca., S. C., who writes: "I was afflicted with what the doctors called nervous family phsician to no avail. In looking over one of Dr. Pierce's Memorandum Books I found my case described exactly. I wrote to him and made a statement. He sent me a descriptive list of questions, also hygienic rules electing it forcibly. Time and again I carried these out as best I could. he gasps and claps his hand to his but I thought myself incurable, as I cating leap. Time and again, when his ribs and an empty feeling in my stomstarved nerves have protested by head- | ach. At night would have cold or hot ache, neuralgia, or come other form feet and hands, alternately. I was of pain, he has thought he must get getting very nervous and suffered a medical treatment. And when his great deal mentally, thinking that wife finally says, pleadingly, "My death would soon claim me. Always scarcely eat anything that would not produce a bad feeling in my stomach. the tablet form which dulls his pair. After some hesitation, owing to my prejudices against patent medicines. I decided to try a few bottles of Dr. Pierce's Golden Medical Discovery and 'Pellets.' After taking several bottles continued for six months or more, off and on. I have to be careful yet, at times, of what I eat, in order that I may feel good and strong. I fully be-Heve if any one suffering with indigestion or torpid liver or chronic cold would take Dr. Pierce's Golden Medical Discovery and Pleasant Pellets and observe a few simple hygienic rules he would soon be greatly benefitted, and with a little perseverance

would be entirely cured. "My son who has weak lungs and takes cold easily just used one bottle of Golden Medical Discovery' and was cured; got strong and very fleshy."

HOW THOUSANDS ARE SAVED. That is the way that thousands have sen cured by the patient persistent use of Dr. Pierce's Golden Medical Discovery. The cure by the use of this remedy may be said to be certain since ninety-eight per cent, of all who use it are perfectly and permanently cured. The time occupied in making the cur depends upon the stage of the disense end the condition of the patient. It is folly to expect that a disease which has fastened its roots around the vital organs of the body, in the slow progress of years, should be instantly and immediately cured. It takes time to cure complicated diseases, but the curomes in time with the use of "Golden Medical Discovery.

"In the year 1896 I was taken quite sick and our family physician was called," writes Miss Lula M. Brittle, of Iver, Va. "He left me some medicine but it failed to relieve me. He came again and again but my case grew worse. I tried every remedy anybody told me of but still I suffered. One day I found a little book in which was printed a few of Dr. Pierce's patients testimonials, so I sat right down and wrote to him, describing my suffering, He replied, advising me what to take, immediately sent to the drug store and got one bottle of Dr. Pierce's Golden Medical Discovery and a vial of his Pleasant Pellets.' After taking the medicine one week. I felt greatly relieved my head did not pain me any searcely, and my stomach was relieved of its burdensome feling. Sometimes I had been so I could scarcely breathe, and could not eat anything without suffering pain. I thought the death angel would kneck at my door for I thought that there was but death for me, until the Lord in answer to prayer to Him, pointed me to the little book containing Dr. Pierce's address. 1 am glad to say that, after suffering ten months from a complicated case of livr complaint, constipation, indigestion, suppression of monthly function, and

children are sometimes drugged, What kidney disease, too, I reckon, for I sufferd exeruciating pain in my and head, six bottles of 'Golden Medical Discovery, three vials of Dr. Plerce's Pleasant Pellets and two bottles of his 'Compound Extract of Smart Weed' cured me intirely. I gladly recommend Dr. Plerce's medicines to all sufferers.

COMMON SENSE TREATMENT. The diseases which originate in the omach are cured through the stomach by the use of Dr. Pierce's Golden Medical Discovery. That is the common sense way of reaching them. The "Discovery" alters the diseased condition of the stomach and the organs of digestion and nutrition. It increases the activity of the blood-making glands, so increasing the supply of the vital fluid, It purges the system of effete and waste matter, which clogs its canals, and poisons the current which flows along the veins and arteries. It removes the poison which accumulates when the kidneys and liver fail in their duty. When this is done the stomach and its associate organs begin to provide the essential nourishment for oone, brain, and blood, in proper proportions. The nerve centers are nourished into health. Pains disappear. Sleep becomes restful. The appetite is restored and "good digestion waits on appetite. The sailow and wrinkled skin is replaced by a smooth skin and bright complexion. In fact the life is renewed. All this is done through the stomach.

The operations of "Golden Medical Discovery" is two-fold. It first corrects the irregularities of the stomach and the organs of digestion and nutrition. Next it furnishes the pabulum required by Nature to feed the starying organs of the body. It restores health in Nature's own way, by nourishment.

#### DOES NOT INEBRIATE.

There is no alcohol, whiskey or other intoxicant in "Golden Medical Discovery," neither does it contain any opium or other narcotic. It does not therefore create a carving for intoxleating stimulants or dangerous nar-

If a dealer offers any other preparation as "just as good' as "Golden Medical Discovery" it's because it pays him a trifle more profit to sell an inferior preparation. Such a man does not care for your health. Go to the dealer who gives you what you ask for, and who does not insult your good judgment by urging upon you something as "just as good.

#### MYSTERIES REVEALED.

There is a "Dark Continent" which every man should explore for himself, know its mysteries and its wonders, which are greater than all the worldwonders. The unexplored "Continent" is the human body, with its marvelous mechanism, its God giving functions. The best guide for any explorer of this terra icognita is Doctor Pierce's Common Sense Medical Adviser. It unravels the mysteries of life. It brightens the twitight of the marriage chamber. It points the way to health, and extends a helping hand to those who stumble in the path. It is invaluable for reference on all questions which affect the health and well being of man or woman. This great work is sent absolutely free on receipt of stamps to pay the expenses of mailing only. Send 21 one-cent stamps for the paper-cover edition, or 31 stamps for the same book in handsome cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

## HONESDALE.
