WORK AT ANTHACITE PARK.

Remarkable Transformation Being Effected by Large Force.

Just what use the Delaware and Hudson company intends to make of Anthraelte park has not been disclosed by the officials. However, within the past few days a remarkable transfor mation has been effected and the popular pleasure ground has taken on a decided industrial aspect. More than half the high fonce has been taken down and two tracks for work trains have been run through the centre. The grand stand was removed some time ago. Several acres have been leveled off and made as smooth as a floor. Horses, men and steam power were pushing the work vigorously yesterday afternoon. A long train of flat cars Iccomotive No. 29, a force of men and steam plow were engaged filling an the depression that was formerly an ice skating rink. The equipment indicates that the changes will be extensive. A pair of engines on a car in front of the locomotive are supplied with steam from the latter and turn a large cable drum by means of which huge plow is drown over the train of flat cars delivering them of their con- is feared he is threatened with a seritents of earth filling. This accomplishes in a few minutes what would requires scores of men a half day to perform.

More interest attaches to this work when it is considered that only a few years ago from \$15,000 to \$20,000 wore expended in making a pleasure park of the grounds. This was one of the schemes of the Traction company while J. W. Aitken was at the head. Tes short life of the park has rendered the investment worthless.

OBSEQUIES.

The funeral of Mrs. Nicholas Moon. evening. sr., was held yesterday afternoon from the home on Canaan street. A large number of friends of the deceased viewed the remains at the house before the cortege started. The remains were taken to the Eaptist church where Rev. J. C. Crumley had charge of the ser-vices. They were interred in Maplewood cemetery. The pall-bearers were all selected from the various Moon fam-illes in this city and were as follows: dially invited. Messrs, George, Willis, Edward, William L., William and Charles Moon. filed in court on Tuesday. Bond was approved for \$41,000. BABIES FROM THE CLOUDS.

The Arrival of Two Infants in the Basket of a Runaway Balloon.

From the St. Louis Globe-Democrat. Mr. William Harvey and his sister, Miss Mary, living about six miles cast of Richview, Ill., tell a very interesting story of themselves which happened a number of years ago.

They were oulte small, the boy being about 5 and his sister 7 years old. During the year 1858, while the state fair was being held at Central City, Ill., an aeronaut of Chicago made an ascension in a balloon at the state fair on Saturday morning, and his balloon came down about six miles east f here, near the country residence of William Harvey, Sr. The owner of the balloon, feeling chilled, went into the farm house to warm and tied his batoon to a rail fence near the barn. Little Willie and Mary were playing near the barn. They noticed the balloon tied to the fence, and, as they had never seen a baloon, they walked up to look at it. Seeing that it would go up a few feet and then come back again, they thought it would be fun to get in the basket and have a ride. Mary helped her little prother in and then she got in. The baloon went up and down a while and then all at once it gave a lunge and pulled itself loose from the fence. Up it went, with the little Harvey children in the basa window and seeing the balloon going

Not once did she think it was her two little children, nor could she believe it when her husband told her the children were nowhere to be

found.

A search was made all over the farm for the missing ones, but without result. The father at once drove to Rome, a short distance from his farm and told the story. At once people followed after the balloon. It went north about five miles, then west, going over Central City. Every one at the fair, thinking the aeronaut was making his return, cheered and cheered as the balloon went over. Soon .

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Proidence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my dulies at this hotel. About two years ago traveling salesman kindly gave me a small bottle of Chamberlain's Colle, Cholera and Diarrhoea Remedy, Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the discase I would fortify myself against the attack with a few loses of this valuable remedy. The result has been very satisfactory and almost complete relief from the afflic-tion." For sale by all druggists, Ma-

JERMYN AND MAYFIELD.

Theodore Wachna, the Mayfield saloonkeeper, wishes to deny the report published in Monday's Republican to the effect that a fight occurred in his premises, in which several people were seriously injured. It is true that one of the Russian societies had a dance in his hall Saturday night, but there was no disturbance of any kind and the affair passed off peaceably. During the evening, however, there was a number of fights upon the street. but not within hundreds of yards of his saloon. The man who was so se zerely injured also received his injuries apon the street. Mr. Wachna says he has reason to believe that the report was furnished the Republican reporter by a rival business man for the pur-

pose of doing him an injury. telegram was received at Central City stating that the baloon contained the two little children of Mr. and Mrs. William Harvey and to keep a lookout for it. But it was growing late and the balloon was traveling fast. Soon it was impossible to see it. It went south, passed through Centralia, III., then turned west again and went over Mascoutah, Ill., and then turned and went over East St. Louis.

The little boy began to get cold and commenced to cry. Mary untied her apron and put it around Willie's head and he went to sleep in Mary's lap. About 7 o'clock the next morning the baloon came down in a large tree on a farm southeast of Mt. Vernon, Ill. The owners of the farm, seeing the halloon in their tree, the lady of the house cried out to her husband:

"Oh John, God has sent us some children in a basket."

John got the children out of the tree, took them into the house and after they were warm asked Mary who her parents were. She told them and the farmer took them home.
