HOT ALUMNI MEETING.

Resolutions Adopted Endorsing Professor Hockenberry for Principal.

The High school alumni met last evening for the purpose of endorsing Professor Hockenerry for principal and it carried out that purpose, which was frustrated Wednesday evening by Alumnis Frederick F. Forbes, of the Scranton Republican, son of ex-Superintendent Forbes,

Mr. Forbes was again present last evening and made strenuous objection to the proceedings, but he had only two voters with him and the three were overwhelmed by thirty-one opponents. The resolutions adopted recommended Professor Hockenberry to the board for re-election and declare that during years of association they have found him an upright citizen and able educator.

Many persons of mature judgment were present and the almost unanimous vote in his favor by those who have had the best opportunity to learn the worth and discover the weaknesses -if any-of the principal, speaks volumes for him. Whether the board will heed the wishes of this body remains to be seen. If it does not the resolutions will constitute a valuable testimonial for the professor's use in new fields.

A short time ago a trial test was nade at the Ontarlo to see how much coal could be mined, hoisted and run through the breaker. At that time seven hundred and twenty-five cars was the result of their ten hours' labor, This broke all the previous records and 60 boxes of cigars were passed and employer and employes were happy. Mr. William Allen, who was recently made mine foreman at the Ontario mines and several other officials

thought that under the new management greater results could be achieved. So on Saturday last another test was made and seven hundred and sixty cars wer mined and run through the breaker in ten hours, making a gain of thirty-five cars over the former rec-

ord. Mr. Allen refuses to accept any of the glory, stating it belonged to those who did the work, but the increase in output of coal can be laid at Mr. Allen's door, Miss Emma Ledyard, of Mount Pleasant township, Wayne county, is the
