ELECTRIC AUTOMOBILE.

Mayor Hendrick has ordered a \$1,500 electric automobile which will be seen on the streets as soon as the manufacturer can deliver it. At present no one in the city runs a horseless carriage and the only one ever seen here ran up from Scranton a couple of months ago. The machine ordered by Mr. Hendrick will have a storage battery and run sixty miles without recharging.

READY TO DEFEND HIMSELF.

Interest regarding school affairs is still keen. It is said Professor Hockeberry stands ready to defend himself regarding certain ridiculous charges which a few persons profess to believe and that he will be given an opportunity within a short time—probably this week. This leads to the belief that there is still a possibility of his re-election.

JERMYN AND MAYFIELD.

The funeral of the late Walter Green-glade took place yesterday afternoon. The service was held at the young man's home, and the sympathy for his relative was manifested in the large attendance, the capacity of the church being taxed to seat all who had gathered to witness the service. After a brief service at the house the remains were taken to the Methodist Episcopal church where services were conducted by Rev. Mr. Simpkins, pastor of the Peckville Methodist Episcopal church, assisted by Rev. Thomas Cook, pastor of the Primitive Methodist church. The sermon was by Rev. Simpkins, who preached a most impressive sermon from Rev. 11:2, "Behold I come quickly," in which he dwelt particularly on the uncertainty of life and the need of being prepared for the hour of death. The service was afterwards concluded at the graveside. There were a number of beautiful floral gifts, among which was two pillows, an anchor, wreath and cross, beside several handsome casket bouquets. One of the pillows was the gift of the Daughters of Naomi, and the other of half a dozen of his companions; the anchor was from his Sunday school class. The members of James Stuart council, Junior Order American Mechanics, and the Delaware and Hudson Benevolent fund attended in a body. The pallbearers were: Thomas Melow, Frank Jeffrey, Martin Loftus, Reginald Waters, John Evans and Richard Cooper, and the flower bearers, George Trotter, Ned Hicks, Thomas Purley, George Baker, Willie Ormston, Willie Nicholson and Willie Langman. Among those from out of town who attended the obsequies were: Mr. and Mrs. John Gannon, of Hyde Park; Mrs. Carter, Green Ridge; Mrs. Edward Matthews and daughter, Olyphant; Mr.

PITSTON NEWS.

Funeral of the Late George Smith.

The Caledonians on Everhart's Islands—A Polander Fractures His Skull.

One of the largest funerals that has been witnessed in this city was that of the late George Smith, which took place yesterday afternoon from his late home on the corner of Main and Water streets. The deceased, in life, was always opposed to anything that leaned towards ostentation, and the simple services were in keeping with his repeated request. The brief services were conducted by Revs. Harrington and Johnston, and at their conclusion the remains were removed to the Pittston cemetery, where interment was made. The following were the honorary pallbearers: Joseph Langford, Joel Brenton, Robert Sharpe, C. Donnelly, D. G. Bossard, Joseph Hilleman, M. W. Morris, John Young, Charles Bohan. The carriers were: J. L. Polen, R. M. Hughes, W. L. McDougall, Louis Seibel, William Young, Frank Seibel and Fred Seibel.

The annual games of the Caledonians occurred Saturday on that romantic spot—Everhart's Island.

The weather of Saturday could not have been improved upon, and before high noon all roads leading to that popular mecca were lined by those on pleasure bent and others who annually take advantage of this opportunity to renew acquaintances made years before. The island proved to be very crowded, many of the old familiar faces were missing. The gallant chiefs of the oldest club in the United States, like Wallace and Bruce, have passed from here to the unknown future. The members on duty for the day endeavored to keep alive the old time memory and custom of their forefathers. There must have been three thousand spectators present and the programme of games, which not as extensive as in former years, was very creditable. Other amusement and amusements. The competition was not up to what it might have been, and the only features of the unusual order, were the athletic work of Peter Curley and Thomas Burke, of Avoca, who delighted the spectators in running, jumping and vaulting. From Scranton we met the genial Mayor Moir, an enthusiastic Caledonian indeed, so much so that he could not resist manipulating the bagpipes and he did this very creditably. Others from Scranton were John Lambie, James Cranston, James Thompson and John McMillan. From Wilkes-Barre we met Treasurer Lindsay, Secretary Harrison ex-Chief J. Williams, George Mitchell, James Waddell, William Wallace, John Morrow and Hugh Urquhart, of Philadelphia. The latter two the pipers. The committee of arrangements were: Chief Mungo Thompson, Clansmen John Thorburn, John Struthers, Andrew Weir, John Cowan and William Williamson. The games and their result were so successful that it is hoped that as each year comes around the club will always be found celebrating their annual event in that delightful locality—Everhart's Island.

The old mill on North Main street has been converted into several business places and all are occupied, which lends a business air to that block which was thought by many would never come to pass. The removal of the huge mill board south of those premises would be very much appreciated by the business men on the opposite side and the numerous signed petition presented by them to the council should not be overlooked by that body.

A Polander who had been spending the day in Duryea was on board of a south bound trolley car last evening and when the car had reached Spring street he attempted to jump off and did so without notifying the conductor, and with disastrous results, as he landed upon his head, inflicting a gash from which the blood oozed. The car was stopped and the unfortunate man was picked up in an unconscious condition and placed upon the platform and was conveyed to the hospital. It is thought that his skull is fractured.
