ARE CHIDED

ST. JAMES'S GAZETTE ON ALAS-KA BOUNDARY DEBATE.

Sir Charles Tupper and Sir Wilfrid Laurier Asked to Use a Quieter Style-Reminded that England Would Have to Bear the Brunt of Any Trouble with the United States-Matters Drifting Toward a Serious Diplomatic Collision.

London, July 24.-Commenting or the debate in the Canadian parliament on Saturday, regarding the Alaska boundary question, the St. James's Gazette says today:

"The brisk air of the United States and Canada is conducive to strong words, which would never rass the lips of a European statesman until an order to mobilize was on the point of issuing. Nobody thinks of war in connection with the Canadian-American lispute. Yet, since it is we who will have to fight if Canada makes a quarrel, we must plead with one of our fellow-subjects to use a quieter style. If Sir Charles Tupper's words mean anything, he desires the presentation of an ultimatum, which could only mean war. Sir Wilfred Laurier, though calmer, was totally emphatic. As things are going now, we are drifting into a very serious diplomatic collision with the United States, which Great Britain is earnestly anxious to avoid."

Washington, July 24.-Senator Fairbanks, chairman of the American division of the Anglo-American commission, called on the president today before starting for his home in Indiana. He declined to talk for publication on the speech of Sir Wilfrid Laurier, or to remark on the situation with reference to the boundary dispute. He confined himself to the report already given out. that there would be no meeting of the joint commission on Aug. 2, saying that he and Sir Wilfrid Laurier had last Friday agreed on a postponement for an indefinite period. The senator would not hazard a surmise as to when another meeting of the commission might be held.

Direct negotiations respecting the Alaskan boundary are in progress between Secretary Hay and Mr. Tower, British charge d'affaires here. These negotiations are directed toward an amicable adjustment of the issue between the parties, though' on

The officials here are not alarmed at the recent developments at Ottawa, feeling confident that Sir Wilfrid Laurier's utterance in which he mentioned the word "war" as an alternative to arbitration has been given a meaning not intended by the Canadian prem-The strong language attributed to Sir Charles Tupper is not credited to the Canadian government, and it is realized that great latitude may be allowed in viewing the utterances of members of the opposition party.

BANANAS FROM JAMAICA.

Rapid Development of Our Trade with That Island.

Philadelphia.July 24.-There has been a rapid development of trade with Jamaica in the past year or two, owing chiefly to the increased cultivation on that island of banapas, nearly all of which are exported to this country. The plantations are largely owned by Boston capitalists, and the fruit is shipped in fine, new amers to Philadelphia and other ports along the Atlantic coast. Bananas are now sold at such low prices in this city that they are consumed largely by poor people, being both succulent and nourishing The employes of the Baldwin Locomotive works, numbering over men, are paid weekly, on Friday aftermoon, and at & c'clock on that day Broad street in the neighborhood of the works is temperarily converted into a fruit market, where fine, ripe hananas may be bought for the extraordinarily lew price of five cents a dozen. Frequently fifteen bananas on a bunch are offered for a nickel. As the workmen, with pay envelopes in their hands, march out from the lacomotive shops they are greated with the shrill cries of the fruit hucksters, and during afteen minutes a lively trade is done. Then the venders silently depart, and

until the rest Friday afternoon, Owing largely to the banana trade, exports from Jamaice to this country amounted last year to nearly \$3,500,000. and her imports from the United States exceeded \$4,090,000 in value. Cubs and Porto Rico are both banana-growing countries, and there is apportunity for great development of this business in

because of their knowledge of the German language. The German govern-ment did not look kindly upon the Mormon doctrine of polygamy and the elders' departure was ordered by the

There were on the Pennland sixtyseven cabin and 130 steerage passen-gers. The former were landed last night and work on the latter will be started by the immigration inspectors this morning. THE MARKETS.

Wall Street Review.

By Associated Press. New York, July 24.-There was little hange in the stock market today, business continuing at the same low ebb as during last week, which was the smallest week's business of the year. A break in the consolidated gas of 2% and a decline of over a point in sugar turned prices downwards in the morning, but the bears were not disposed to be aggressive. Late in the day an active demand developed for York Central which lifted that stock 1% from the early low point. The whole market hardened in sympathy, Pennsylvania being conspicuously affected. The early fractional losses were thus wiped out and final prices were a shade above those of Saturday as a rule. There were a few wide movements in the prices of individual Manhattan, Federal Steel, American Linseed Oil preferred and lead were heavy at one time and general electric fell off a fraction but later rose over 3 points, closing at 121%. Pittsburg C. C. & St. Louis, St. Louis Southwestern preferred, Iowa Central stocks, the pressed steel car stocks and a few others made some display of strength. Total sales 171,-

Bonds were dull and narrow today and changes in the prices were mixed. Total sales par value \$1,650,000. U. S. 4s reg. advanced ¼ and the 3s oupon 16 in the bid price.

By Carrington & Cusack. New York, July 24.-The market

opened fractionally lower in sympathy with London and during the whole day tranactions were small and had the appearance of mid-summer market. The local traction stocks were the exceptions at the opening showing strength, but as the day were on, Brooklyn Rapid Transit showed the effects of attacks and sold down to

114% and closing only % above the low

price. There has been buying in N. Y. C. which has attracted attention and causing it to close at the highest point of the day, the advance was caused by the report that the earnings for July had increased very largely. have repeatedly advocated the purchase of the Vanderbilt stocks and in our letter of June 25, we were emphatically bullish on their stocks, which have shown pronounced ad-

vances since. The N. Y. C. closing today, seven points above the price of that day, We also urged the purchase of Pennsylvania railroad at that time which stock closed six points above that days close and is destined to go much

higher. We would now earnestly advocate the purchase of Federal Steel common stock as we believe this stock will be another sugar or tobacco stock. The amount of carnings of this company's for the first few months of the year were materially diminished by the low priced contracts which they have been very glad to place on their books in the dull periods of last year, but while the situation has now changed and this company is realizing enormous profits on all its contracts and as they own iron mines, railroad and take transportation company and their factories for making the finished product, they will realize every advantage of the large advance in iron, and while they are should show a phenomenal advance \$4.55a4.59 and pigs, \$3.90a1.55.
