Saturday Games.

Lancaster, July 30. - Lancaster and Wilkes-Barre played the most exciting, scrapplest kind of game yesterday after-noon, Wilkes-Barre winning by a score of 1 to 0. Umpire Moran frequently aroused the Ire of the spectators, and in the last inning was almost mobbed for a bad decision. Wilkes-Barre scored on Schaub's error. Voorhees was wild, but had mag-nificent support. Schmidt's pitching was British Seeming States and States Seeming States a feature. Seering States Seeming States Seeming States Seeming Seeming States Seeming Seemin

Sunday Games.

Hagleton, Pa., July 30.-Wilkes-Barre had no difficulty in hitting Frazer this afternon at Freeland and this combined with Lancaster's poor fielding won the game. The feature of the game was Mc. Vey's brilliant work in center field and the hitting of Clymer, Odwell, Richt-er and Burns. Umpire Moran failed to appear and players Wilhelm and Goodwin officiated, giving excellent satisfaction. Attendance, 1.251.

ATLANTIC LEAGUE TROUBLES.

Newark Club Has Made Another

Change of Managers. "The Newark club has dropped to the bottom of the list in the Atlantic League race, and Bloemecke, the owner, after trying three managers, now proposes to take hold of the club himself and see what he can do with it," did such good work here, and Bottenus will be placed on the first corner. Newark seems to have been mismanaged since the beginning of the season. They started off with Jim Field. who couldn't hit a lick, and he had a number of the players "knocking him" because he was a quitter when his team got in tight quarters, a stage of the game in which Newark was always strong when Tom Burns and others had charge, as they had a band of players who would fight it out to the finish and got many a game after it looked lost.

"Then came old Jack Chapman, the best of them all, but he did not have his way, was not allowed to sign a third baseman, and had to make pitchers or catchers take a turn at the third corner, which took confidence out of the men working in the box, who like to know they have a sure baseman behind them. If Chapman had been given a chance he would have had a ball team in Newark, but instead he was dropped, and Powell,

of this city taken on. The Atlantic League is a shade too fast for the men that Powell has been playing; he let go hitters like Jack Thornton to make way for his men and of course they did not pan out. Then, to sum the whole thing up. Bloemecke has been playing the season in a half-hearted way, as he wanted to be in the Eastern League and the Atlantic League people wouldn't let him. When the Syracuse vacancy was first reportted the Newark team should have been allowed to take its place and Paterson retained in the Atlantic, as they were just beginning to pick up here, and with a fresh start the team could have played some ball white on the other hand Newark would have gone in with pride in a new field, got new faces at Shooting Park on the team and in the grand stand, and a decided difference in favor of the national game in this end of the state would have been the

"Richmond seems still too fast for the Atlantic League, despite the drafting of pitchers Chesbro and Donavan into the big company."

AMATEUR BASE BALL NOTES.

The Sliders defeated the West Slde Reserves in a well played game Saturday by a score of II to 6. Batetries-Harring. Costlett and Johnson, for Sliders.

The Sliders will play the Sluggers, of Green Ridge, Saturday, August 6, at 3 octock on Johnson's lake grounds, W. homas, manager, St. Thomas boys went to Gransy Island Saturday, where they met and defeated a team of that name. The Grassy Island team was composed of the best players Olyphant, but they could not solve

THE MARKETS.

Wall Street Review.

By Associated Press. New York, July 30 .- The stock market for today's short session was strong. says the Patterson Press. "He has re-leased Pabst, the first baseman who digested by reason of an increased demand through commission houses and the market stood up well under a bank statement that was unexpectedly weak, the majority of stocks showing net gains when trading was over for the day. London continued to buy stocks here with considerable confidence, and this was the prime factor in the opening rise and in the further decline in Sterling exchange rates. The money market was largely nominal, but there is evidence of quite liberal offerings of funds from outside sources. The high level of railroad earnings shown by all ompanies reporting, and the reported eager demand to buy, borrow or rent freight cars from many sections of the country, was a potent source strength for stocks. Northern Pacific. Pennsylvania and Pittsburg, Cincinnati, Chicago and St. Louis enjoyed the benefit of the published June statements, showing largely increased net earnings. Eurlington's strong June statement brought realizing. The Coalers were helped by the statement of Lehigh Valley reflecting a growing improvement in the long depressed anthracite industry. Reports of the unprecedented activity and strength in the iron trade caused advances in the prices of steel and fron stocks, with the exception of Federal Steel. American Steel and Wire rose over a point. This fact helped the railroads situated in the iron regions, notably Louisville and Nashville, American Tobacco was marked up five points on light transactions and with no news to explain the rise. International Paper preferred and Consolidated Gas rose two

> sorption, but the recovery was not to the top level. The closing was quiet and firm. Bonds were well held on a moderate volume of business. Total sales of stocks, 214,000,

By Carrington & Cusack,

New York, July 29 .- The week has been one of many changes, the first part showing great duliness and with some recession in prices and the latter days showing more activity with a general advance throughout the list. strength was to a certain extent due to the fact that the traders, encouraged by the dullness, outsold the list and it was a very simple matter to bid stocks up on them, causing quite free covering on, Phillips and Gallagher, for Reserves; throughout, but at the same time, the underlying tone of the market is one 10atoc. of strength and the news and general conditions are such as to warrant high-

General business conditions are all that the greatest ball could hope for. On Monday, the month of July will close as far as the government estimates of growing cereals are concerned which will be issued on the 19th, will show a far better condition than that of June. The Grangers are especially affected by the great activity in trade, This is very clearly shown by the phonomenal carnings of the St. Paul road. and equally so by the return of Burlington and Rock Island. The trunk lines are also gainers and the cotton belt roads show better conditions throughout. At the moment the railroad returns are the key to the situation and consequently should force prices to a higher level. Owing to the summer duliness, however, there may, and probably will be certain setbacks In the market, and we believe in lightening one's lines on all very strong spots, with the full understanding that on any fair recession, stocks should be

accumulated again. The only feature of any moment

market during the coming autumn. Quotations furnished by CARRINGTON & CUSACK, stock and bond brokers, rooms 419 and 411 Connell building, Scran-
