NAISMITH OBTAINED LIBERTY.

But Only on Condition That He Leave the Country.

Robert Naismith, the young man who was recently freed from the attentions of the wife of William Red, of Electric avenue, has been released from the county jail on his promise to leave the country at once. It will be remembered that when Red brought the suit he demanded that Naismith furnish \$1,000 bail. This the latter was unable to procure and he has languished in the county jail ever since. Word reached him lately that if he would agree to leave the country proceedings would be dropped. Naismith decided to accept the proposition and has left for New York city, but his final destination is not known. He had sent word to his wife that she may return to his home if she so desires.

OPINION IN THE STANTON CASE

RECEIVED YESTERDAY BY PROTHONOTARY COPELAND.

It Was Written by President Judge Rice, of the Superior Court—Suits Brought by the Edwards Against Dr. S. P. Longstreet and Jacob Demuth—Argument on Tuesday in the Matter of Appeals from Summary Convictions Before the Mayor—The Election Contest.

The opinion in the case of Giles Stanton against the Scranton Railway company which was recently passed upon by the supreme court, was received by Prothonotary John Copeland yesterday. It was written by President Judge Rice and part of it is as follows:

"The plaintiff was in the lawful and non-negligent use of this highway when he was injured. The circumstances of his injury were not so extraordinary as to justify the court in declaring a matter of law that the defendant could not be expected to foresee the probability of his receiving such a fall as a natural result of leaving the highway in such a condition. This was a question for the jury. At this point, as well as the other questions in the case so thoroughly and satisfactorily considered in the charge to the jury and in the opinion subsequently filed by the learned judge who presided at the trial, that we do not deem it necessary to elaborate further. We find no error in the record and the judgment is therefore affirmed."

Two Actions Begun.

Cerithia M. Edwards and E. F. N. Edwards, both aged 71 years, of Spring Brook, began suits in equity and trespass yesterday against Dr. S. P. Longstreet and Jacob Demuth, of this city. They allege that on January 28, 1899, they entered into an agreement with Dr. Longstreet to convey the farm of which they were possessed in Spring Brook township upon consideration of \$1 and a life lease securing to them the rents, issues and profits of the farm until they should die, and if the farm failed to yield the Edwardses a comfortable means of subsistence. The doctor, it is alleged, agreed to make up the deficiency from his own funds. It was also agreed, the Edwardses allege, that the doctor would pay off a mortgage of \$75 and assume the obligation of keeping the taxes paid. They allege that the doctor did not carry out his promises and they want to recover possession of the land or obtain damages.

Argument on Tuesday.

An agreement was reached yesterday by which arguments will be heard Tuesday by Judge Edwards on the appeals of M. E. Worden, H. R. Hurtbutt and R. N. LaFar in form of a summary conviction before the mayor for failing to take out building permits. The appellants allege that the ordinances requiring permits to be taken out is illegal. They are represented by Charles Dawson and H. M. Hannah and City Solicitor Vosburg is looking after the interests of the city.

The Langstaff Contest.

The following witnesses in the Langstaff election contest were examined yesterday in the arbitration room: Dunmore—Donata Mecca. Scranton, Seventeenth ward—John Lederer, C. H. Stone, Samuel Seward, D. E. Meiss, C. R. Hinesline, John McWilliams, G. A. Highfield, James A. Rhodes, E. T. Hall and Joseph Harper.

Two Iron Bridges.

The county commissioners yesterday awarded the contract for the construction of two iron bridges. One is to be built over the Spring Brook near the mouth of Green Run in Spring Brook township and the other over La Plume brook in Dalton borough. Both bridges are to be constructed by the Penn Bridge company.

Marriage Licenses Granted.

A marriage license was granted yesterday by Clerk of the Courts Daniel Miller, both of Eaton, Wyoming county, this state. Fishbaugh is 39 years of age and his wife died Jan. 19, 1893. His bride is 28 years of age and was divorced at the April term of common pleas court of this year in Wyoming county.

COURT HOUSE NEWS NOTES.

Jacob Elmer also entered bail in the suit of E. Rosenfield qualifying as his bondsman. Maggie Jones yesterday entered bail before Judge Edwards in the sum of \$500. John George Elmiller became her bondsman.

G. W. Collins, collector of state and county taxes in Jefferson township, yesterday filed his bond in the sum of \$4,000. J. S. Collins and Henry Kizer are his sureties. An action in ejectment was begun yesterday by Ellen Morahan against John Decker to recover possession of a lot on Apple street, Dunmore, which she alleges is unlawfully in the possession of Decker.

DUNMORE DOINGS.

Adjourned Meeting of the School Board at Which a Large Amount of Business Was Transacted.

An adjourned meeting of the school board was held in No. 1 building last evening. Messrs. Webber, Kellam, Costello, Spencer and Miller being present. The meeting was called for the purpose of unfinished business which they failed to transact at the last regular meeting owing to the lateness of the hour. The first business of importance was the consideration of erecting a school building in Prospect park. Two lots, 90x123 feet, at the corner of Sherwood avenue and Reed street, owned by Messrs. Bryon and Seldon Brady, and in the vicinity where the committee appointed to secure land thought would be a favorable location. Messrs. Brady were present and offered the same proposition as they did one year ago, namely, that the board can have the lots for \$700. This price the board considered reasonable and each member discussed it freely and by a motion of Mr. Miller, President Webber and Secretary Costello were empowered to purchase the ground. A committee composed of Messrs. Miller and McPeck was appointed to secure the plans and specifications used in remodeling No. 5 school and have them redrawn and presented to the board for approval. It being the object of the board to have them used in erecting a similar building in Prospect park when the time comes. The subject of how long the coming school term should be was then taken up. Nine months was suggested. This brought Mr. Spencer up in arms in favor of a ten months term. He thought a nine months term should in no way be considered. The scholars of our town have only a limited time to attend school and this should not be shortened, especially as long as he was a member of the board. He finished by saying that if 10 per cent wished to stay away that is no reason why the remaining 90 per cent, who wished to attend should be deprived. He so impressed the members that the ten months term was adopted and met with great satisfaction. Monday, Sept. 4, was set as the day for opening the schools.

The following teachers were appointed to act in conjunction with the text book committee and bring their findings and approvals of books to be used before the board at their earliest convenience. Superintendent E. B. Boyard, Professors Charles Niemeyer, Joseph Gray, Misses Kate Mangan and Miss Lennon. They will meet in No. 1 building Monday next at 4 p. m. A new text book of civil government is about to be introduced.

Miss Margaret Reardon received a raise of \$5 per month in her salary as teacher in No. 2 school building, making it \$40 per month instead of \$35. Through an error at the last meeting, Miss Reardon was overlooked. She has taught five years, and the unanimous voice of the board was to allow her the increase for merits attained during that time.

The committee appointed to make the necessary arrangements to introduce a business course in the High school were empowered to secure all information desirable and present the bill to the board. Good progress was reported in the business course, which the committee thinks looks favorable and is giving good satisfaction.

Mrs. Maria Conroy, of Walnut and Chestnut streets, was exonerated from her real estate tax for 1898. Superintendent E. D. Boyard was granted a leave of absence of ten days. Burgess Powell's report, showing he had deposited \$6 in the treasury, was read and approved.

POCONO IMPROVEMENTS.

What Superintendent Russel Has to Say About Them.

The Philadelphia Press of Thursday contained an article, which was reprinted in this paper yesterday, stating that the management of the Lackawanna company was strongly considering making the company's property on the Pocono mountains one of the famous summer resorts of the country. The natural beauty of it, and easy access from Philadelphia and New York and other points impressed Traffic Manager Caldwell and General Superintendent Russell who recently made a tour of inspection.

Mr. Russel was seen at his office yesterday by a Tribune reporter with reference to the subject. In answer to the query put, Mr. Russel said: "Yes, that is true; but we will not do very much this year. Next year, however, I believe our plan will be carried into effect. We will point out to leading hotel men the many advantages of the Pocono mountains. Of course we are not in the hotel business, and I cannot say anything of what will be done in that line. It is the intention of the company to make every resort along our lines as attractive as possible."

The defendant was held in \$1,000 bail for appearance at court.
