About one month ago my child. which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we that unless it soon obwere convin tained relief , would not live. Both of his legs were fractured, one almost being severed from his body. He was 43 years of age and is survived by a wife and eight children. A sigter, Mrs. Jessie Averry, and a brother, Barnabas, of Cemetery street, and three other brothers in the west also survive him. Green and Calvin Vail, a committee of St. James' church, were present and asked for a special grade on Main street, where they purpose to put down a flag stone walk. The request was granted. The committee on fire were authorized to procure 300 feet of new hose. Council spent some time in dis-cussing the condition of Cemetery street, which has been left in a very unsatisfactory condition by Lyman Hoffecker, who recently opened the street to put down a sewer. A number of bills were read and ordered paid. A communication was read from Borough Attorney Timlin, asking for a copy of the sidewalk ordinance which he wished to examine carefully before proceeding with the prosecution of the suit against J. D. Stocker, which was furnished. The attorney also complained that the attorneys employed to assist him in the case were usurping his authority. The discussion that followed showed that there was a lack of co-operation between the limbs of the law, and the borough attorney demanded that council discontinue the services of one of them, which was agreed to by a vote of four to seven. Complaint was made that the fire alarm was out of repair at the Artesian hose rooms and after the proper committee was notified to have the matter attended to the council adjourned.
