BASE BALL MEN CONFER.

Future of the Atlantic League Is Enshrouded in Gloom.

Philadelphia, Aug. 6.-Jacob Wells, manager of the Richmond base ball club, and J. Earl Douglass, president. and William Sharsig, manager of the Allentown club, came to this city today to ascertain, if possible, something concerning the future prospect of the Atlantic league. They called on President Barrow, but what transpired at the meeting could not learned. The statement was made by one of the visitors, however, that present indications point to the league's disruption.

The Richmond management has declined to continue in the league with five clubs, and word was received from Newark that the team representing that city would not be satisfied with a four club league.

Wilkes-Barre Disbanded.

Wilkes-Barre, Aug. 6.-President Stegmaier, of the Wilkes-Barre club, sent a telegram to President Hensel, of the Lan caster club, this evening, stating that the local team had disbanded and that there would be no game here tomorrow. Lancaster was scheduled to play at Wilkes

SECRET MARRIAGE OF CARLTON It Is Now Made Public by a Divorce Suit.

Colorado Springs, Aug. 6-Albert E. Carlton filed a suit for divorce against his wife, formerly Miss Eva J. Stanton, of Warren, Ill. This is the sequel to a romantic marriage on December 4, 1890. The story is that at the time of the marriage both parties agreed to keep it a secret until Mr. Carlton could acquire a fortune of \$500,000 in the Colorado mines, in which he was interested.

The marriage occurred at Las Vegas, N. M. Mrs. Carlton returned to her home in Warren, where she has since lived with her parents, who were in ignorance of her marriage. Mr. Carlton, in turn, returned to Colorado Springs, where he lived with his par- Scranton Board of Trade Exchange ents until about three years ago, when business interests called him to Cripple Creek.

ple Creek.

At length fortune smiled, and the secret which for nearly ten years had been kept so well was disclosed. The disclosure was made by Mrs. Co. Third National Bank. disclosure was made by Mrs. Carlton on a telegram order from Mr. Carlton to that effect. Meanwhile, Mr. Carlton visited Warren once or twice. and Mrs. Carlton came here as often. In addition, she is reported to have accompanied the Carltons on a trip to Europe. Still their relations were not guessed. The announcement was a surprise to Mr. Carlton's friends, who accepted the story as true.

The sult filed in Teller county today asks for divorce on the ground of wilful desertion for more than a year past.

Mr. Carlton is president of the First National bank of Cripple Creek, and of the Colorado Trading and Transfer company. His mining properties are considerable. His wealth is in excess of \$500,000. Both parties are in middle life and are highly esteemed.

THE MARKETS.

By Associated Press. New York, Aug. 5.-There was not much doing in the stock market today. The half holiday on Saturday takes away many active operators on holiday trips. The London exchange was closed and will be again on Mondal, subtracting an appreciable factor in the usual activity. Nevertheless, the day's dealings were fairly accurate reflection on speculative opinion general conditions. There was some disposition to advance prices in the early dealings of the account on the uniformly favorable reports of business in the commercial agencies. But this very condition is a factor in the anxiety over the money outlook which again dominated sentiment as the time approached for the publication of the weekly bank statement. Money is in such large demand that the available sumply for speculative uses is greatly curtaffed. The bank statement, when appeared, was again weak beyond all expectation.

The money rate throughout the week held stiffly at about 4 per cent. spite of the elements of doubt and the absence of a majority of big operators and leading spirits on vacation trips, business has shown a notable increase over last week's figures and the average level of prices is higher. This is most notably true in the industrial stocks on account of the great activity

in all kinds of business, especially the iron and steel industry. The activity in the bond market has been greatest in the speculative issues which have advanced. Changes generally have been small. United States 2s, 3s and 4s advanced 14 in the bid price.

By Carrington & Cusack.

New York, Aug. 5 .- This morning's ppening prices were practically the

same as last night's closing. Business was light, owing to London oliday and apprehension of a bad bank statement. The traction stocks, sugar and Brooklyn Rapid Transit were fairly active. The rest of the market was dull, heavy and feature-

Railroad labor disturbances and the rop damage in the west are still the chief scare rumors of the bears.

The Pacific stocks had some buying orders from commission houses, but there was an appearance of some selling from the souces which have been onspicuous in these stocks for most of the week. The trade reports of the morning gave a little better tone to the market than was evident at the

The bank statement, although worse than anticipated by conservative operators, had only a temporary effect on the market, as it has been pretty well discounted the past couple of days.
