For sale just one week and over 500 copies gone. How do you like the chorus:

Oh! they call my darling Jane, It's a plain, old-fashioned name, That perhaps don't quite suit A maiden so cute. It's a fairly good name, all the same, Darling Jane!

CITY NOTES

RECEPTION AND SOCIAL.—A reception and social will be held in Laurel Hill park Tuesday evening.

CHILD INJURED.—A 12-year-old child of Daniel Jones, of Archibald street, had her hand badly injured yesterday by being cut with a piece of glass.

GUIDE FOR AUGUST.—The Scranton City Guide Book for the month of August is now ready for distribution. Copies can be had at The Tribune business office.

PAY-DAYS.—The Delaware and Hudson company paid at the Coalbrook mine at Carbondale, the station agents and baggage-men at the Scranton offices and the passenger conductors and trainmen yesterday.

HIS BICYCLE STOLEN.—J. S. Luce had his Reynolds' bicycle stolen yesterday at noon from in front of the Mears building, where he had left it for a moment. The police have been notified and an effort is being made to round up the thief.

KICKED BY A MULE.—George Johnson, a driver at Johnson's mine, Dunmore, was kicked by a mule, while at work Thursday night at the station, and rendered him unconscious. He was removed to his home and given medical attention.

BANKRUPTCY HEARINGS.—Referee Van Wormer, commissioner in bankruptcy, conducted hearings yesterday in the cases of J. & D. Harris, estate of Samuel L. Goldstein and Slesbecker & Watkins. The cases have not been disposed of yet.

SUBSTITUTE MAIL CARRIER.—William E. Shepherd, of North Scranton, was yesterday appointed a substitute mail carrier. This appointment fits the list allotted to the Scranton office and also clears the list of applicants. The next examination will be made some time in October.

TO BE THEIR GUESTS.—A delegation of the local Hook and Ladder company went to PITHON Thursday night to formally invite the Niagara Hose company of that city to be its guests during the week of the firemen's convention in this city in October. The invitation was accepted and a social session was held.

REHEARSAL TOMORROW.—The Scranton Glee club of the Ladies' association will meet for rehearsal tomorrow afternoon at 3 o'clock at Robert Morris hall, South Main avenue. The conductor, John T. Watkins, R. A. M., will have personal charge of the rehearsal. Every member is requested to be present.

FIFTH ANNIVERSARY.—The ladies of the M. T. Jones household of Ruth, No. 92, of this city, are making extensive preparations for their fifth anniversary and reception to be held at Music hall during the latter carriers' convention September 5. The committee of arrangements is Mrs. Sadie J. Morton, president; Mrs. Emily Porter, treasurer; Miss Maggie Lill, secretary.

COYNE PLACED UNDER ARREST.

Charged With Breaking Into a Barn in Newton Township.

Joseph Coyne, of Brinktown, was arraigned before Alderman Howe yesterday morning on a charge of statutory burglary preferred by W. J. Michaels, of Newton, who claims that Coyne broke into his barn on the night of Tuesday, Aug. 8, and stole a calf. He discovered his loss the next morning and traced the guilty parties to a butcher shop in Moosic, where the hide of the calf was discovered. The butcher said that he had purchased the animal from two men, whom he described. The description of one tallies with that of Coyne and Michaels immediately procured a warrant for his arrest. Constable W. W. Cole, of the alderman's office, arrested Coyne on Thursday night and brought him to this city.

The alderman considered the evidence offered sufficient and held the prisoner to await the action of the grand jury. A warrant is out for his companion and it is probable that he will be arrested today.

A number of other farmers in that vicinity have suffered from thieving during the last few weeks and it is believed that a regular gang is at work.

LIVE NEWS OF THE INDUSTRIAL WORLD

SUPERINTENDENT LOOMIS ON POWDER QUESTION.

Reducing the Price of Powder Practically Means Increasing the Miners' Wages, He Says, and His Company Cannot Consider Such a Proposition—Present Status of the Building Trades Strike—Patrick O'Keefe Assumes the Duties of His New Position with the Lackawanna Company.

This evening the miners in the employ of the Delaware, Lackawanna and Western company will hold a meeting in Co-operative hall, West Scranton, to discuss the powder question. Superintendent Loomis of the m'ning department of the Delaware, Lackawanna and Western company yesterday gave to the Truth the following interview on the powder question:

"The cost of mining is based on the price charged miners for powder, and this company is in no position to entertain any propositions looking toward a general increase in the cost of producing coal. The market demands a much cleaner coal today than a few years ago, and it costs us a great deal more to prepare it. The cost of machinery and all appliances has advanced materially, while the price of coal has not, and as a result, today there is but a small margin in the coal business.

"Reducing the price of powder practically means increasing the miners' wages, and the company could not consider for one minute a proposition of this sort without a re-adjustment of mining rates.

"There is no doubt that on the face of it, it looks all wrong to charge the miner what we are today for powder, but when you take into consideration the allowances made the miners, which consist entirely of the number of kegs of powder it takes to mine a given number of tons of coal, in different veins and under different conditions, it is not nearly as serious a question as would appear on the face of it, or unfair.

"Eventually, I think it might be well to make a re-adjustment of this whole question, but when the price of powder is modified the price of mining must be adjusted to correspond.

"Our pay rolls indicate quite clearly that the miners have no cause to complain of their wages for the time they work. The serious question is the lack of time, and there is no one thing that they could do at this time that would tend to cripple the breaker time more than to agitate this powder question, or re-adjustment of rates.

"There is but one way to treat men and that is absolutely fair, without prejudice or partiality, and I think it is the intention of the different mining companies here to handle the men on this basis, but, as stated before, when it comes to a question of curtailing any propositions that will tend to increase the cost of coal we cannot entertain it for one minute at this time."

The Building Trades' Strike.

The only new feature in the strike situation yesterday was the dropping from the list of one of the persons who have been boycotted. No particular reason was assigned for the action though it was probably shown to those in charge that the person had been done an injustice.

Affairs have now reached such a stage and each side have grown so thoroughly accustomed to the present state of things that it is difficult to believe that a strike is really in progress. All work that is to be done is being done either by members of the Exchange or the carpenters themselves. Public interest in the struggle has waned to a great degree and the strike is no longer the object of animated conversations on the streets.

A doubt exists as to whether the boycott has been effective or not. The merchants, who have been placed on the list, maintain that they have not felt any inconvenience yet.

O'Keefe Has Arrived.

Patrick O'Keefe, the recently appointed chief special agent, or head of the detective bureau of the Delaware, Lackawanna and Western railroad company, arrived in the city yesterday. He will assume his office in a day or two, when an office room is made for him. Mr. O'Keefe was formerly with the Illinois and Central Railroad company. Like most of the new heads of department of the Lackawanna road, Mr. Keefe is a tall and heavy man, affable, but strikingly modest with reference to his brilliant career as a railroad detective.

When seen by a Tribune man yesterday regarding the policy of his management of his department he stated he was not ready to give any statements. Sandy Stillwell will be under Mr. O'Keefe and will be a valuable assistant to him.

They Are Still Surveying.

It is said that the route of the proposed new locomotive road over the Moosic mountain is not satisfactory to the management of the Delaware and Hudson company and that further surveys have been ordered on the east side. The civil engineers conversant with the situation have from the first said that the only feasible plan is that of tunneling.

A short tunnel about seven-eighths of a mile in length would be far preferable to the attempt to cross the heights by a zigzag road, but the best method of all to adopt would be to build the long tunnel proposed by the Erie. Heavy grades are both expensive and dangerous.—Honesdale Citizen.

This and That.

Master Car Builder Canfield, of the Lackawanna car shops, returned to the city yesterday from a trip to the west.

D. B. Caldwell, the new general traffic manager of the Delaware, Lackawanna and Western railroad company was in the city yesterday for four hours.

General Superintendent Russell of the Lackawanna road, who with President Truesdale made a tour of inspection of the Bangor and Portland railroad yesterday, did not return to the city last night as he intended. He will not be at his office until Monday.

Mr. Caldwell was on his way to Buffalo, and stopped over to become more familiar with the local officials of his company. He was escorted about the several shops here, and expressed him-

Another Tumor Removed by Lydia E. Pinkham's Vegetable Compound

Two years ago I was a great sufferer from women's troubles and profuse flowing each month, and tumors would form in the womb. I had four tumors in two years. I went through treatment with doctors, but they did me no good, and I thought I would have to resort to morphine.

"The doctor said that all that could help me was to have an operation and have the womb removed, but I had heard of Mrs. Pinkham's medicine and decided to try it, and wrote for her advice, and after taking her Vegetable Compound the tumors were expelled and I began to get stronger right along, and am as well as ever before. Can truly say that I would never had gotten well had it not been for Lydia E. Pinkham's Compound."—MARY A. STABLE, WATSONSTOWN, PA.

What Mrs. Pinkham's Letter Did. "DEAR MRS. PINKHAM—After following the directions given in your kind letter for the treatment of leucorrhoea, I can say that I have been entirely cured by the use of Lydia E. Pinkham's remedies, and will gladly recommend them to my friends.

"Thanking you for your kindness, I am gratefully yours, A. B. DAVIDS, BINGHAMPTON, N. Y."

self as being highly pleased with Scranton and the Lackawanna company property here.

Amos Turner, of South Easton, has been appointed master mechanic of the Lehigh and Easton and Amboy divisions of the Lehigh Valley railroad and will have charge of the company's large shops in that place. He succeeds Philip Wallis, who resigned to accept the position of superintendent of motive power on the Long Island railroad.

Superintendent Du Pun, of the Morris and Essex division of the Lackawanna road, says: "The new management will adopt a scheme to purify the air in Bergen tunnel, because of the commuters' complaints, and it is proposed to purify by pumps operated by electricity. Plans are being made now for this purpose."

It is said the Lackawanna road is negotiating for the erection of a new station at Broad street, Newark. It will probably be erected on the site of the present station, which is regarded as an eyesore by all railroad men, who say that it is surprising that the old management never made any effort to rebuild or remodel it. A larger revenue is derived from the Newark station than any other on the division.

REVENUE COLLECTIONS.

Amount Received by the Government from Various Sources During the Last Fiscal Year.

The preliminary report of the Commission of Internal Revenue on the collection of internal revenue and the condition of the service for the fiscal year ending June 30, 1899, has been received by Collector Penman.

The receipts from all sources of internal revenue, for which amount aggregated \$278,483,244, which amount included \$274,853,300, tax on money orders turned over by the postmaster-general to the collector for the district of Maryland, and for which no expense for collection was incurred, making an increase of \$102,517,753.08 over the receipts for the fiscal year ended June 30, 1898.

The expenses of this bureau for the fiscal year ended June 30, 1899, will approximate \$4,584,145.43, and the percentage of cost of collection on these figures, less tax on money orders, as stated, will be 1.68, a reduction of .81 in the percentage of cost of collection as compared with the preceding fiscal year, when the percentage of cost was 2.23.

The receipts during the fiscal year ending June 30, 1898, from spirits was \$90,282,342.16, as compared with \$92,576,890.77 for the previous year, making an increase of \$6,736,542.35. On tobacco, \$52,490,207.64 was received as against \$58,239,522.37 in 1898. The receipts from fermented liquors in 1899 was \$68,644,558.45 as compared to \$39,515,421.14 for the previous year.

From oleomargarine, \$1,956,618.56 was received, an increase of \$640,828.02 for the corresponding year. Filled cheese realized \$18,008.42 in 1896, which was \$1,679.87 more than was said in 1898. On mixed flour, a clear gain of \$7,549.42 was made. The special taxes on bankers, brokers, billiard rooms, bowling alleys, theatres, amusements, etc., realized \$4,921,593.21, an increase over the fiscal year ending June 30, 1898 of \$4,921,593.21.

On legacies and distributive shares of personal estate, the government realized \$1,235,435.25, and on documentary and proprietary stamps the total amount received was \$43,837,818.66. In the statement showing the aggregate collections of internal revenue by states and territories, Pennsylvania is third with the enormous sum of \$23,325,572.53.

What Not to Say.

Do not say, "I can't eat." Take Hood's Sarsaparilla and I am hungry all the time, and food never hurts me.

Never say to your friends that you are as tired in the morning as at night. If they happen to be sharp they will tell you Hood's Sarsaparilla cures that tired feeling.

Do not say, "My face is full of pimples." You are quite likely to be told by some one, "There's no need of that, for Hood's Sarsaparilla cures pimples."

It is improper and unnecessary to say, "My health is poor and my blood is bad." Hood's Sarsaparilla will give you good blood, and good health will follow as a natural consequence.

Recent Decision of Commissioner Wilson.

Commissioner Wilson, of the internal revenue treasury department, has recently decided that the form of assignment of stock, authorizing the secretary of a corporation to transfer the same on books of a company is not a power of attorney within the meaning of the internal revenue law, and does not require a 25 cent stamp.

In rendering this decision, the commissioner says: "In this case the secretary of the corporation cannot be said to be the agent or attorney for the transfer of the stock, as the effect of the instrument is only to give the secretary authority to do an act which he is required to do by the bylaws of the corporation, when properly authorized, just as the cashier of a bank is required to pay a check when the check is properly signed and presented for payment."

Therefore, this instrument would only be taxable as a transfer of stock at the rate of 2 cents for each \$100 or fraction thereof of the par value of said stock.

Valley Forge.

Forever memorable as the scene of the encampment of Washington's patriot army during the dark winter of 1777-1778. It is located on the main line of the Philadelphia and Reading railway about 25 miles from Philadelphia. The stone house occupied by General Washington as his headquarters still stands as it stood in Revolutionary days and the line of entrenchments thrown up by the "Ragged Continentals" may still be seen, as well as the ruins of the ancient forge from which the plates derives its name. The locality is also noted for the natural beauty of the scenery surrounding it and is very well worth a visit.
