

LIVE NEWS OF THE INDUSTRIAL WORLD

COMMITTEE OF MINERS TO WAIT UPON MR. LOOMIS.

At a Meeting Held Saturday the Grievances That Will Be Formally Presented to the Superintendent Were Decided Upon—Recent Patents for Mine Appliances—Some Figures About Pig Iron—Forest Mining Company Developing Newly Discovered Vein.

A meeting of the general committee of the United Mine Workers was held in Co-operative hall, North Main avenue, Saturday night, at which a committee was appointed to wait on Mine Superintendent Loomis of the Lackawanna company.

Nothing would be given out regarding the meeting excepting what is stated above. A member of the committee, however, stated that there was no talk of strike, and gave it as his opinion that there would be no strike or agitation for a strike even if the committee's request should meet a flat refusal.

The committee will ask for a conference with Superintendent Loomis at once and will expect an immediate decision.

The announcement by Mr. Loomis pointed in The Tribune last Saturday that a cut in the price of powder would be equivalent to a raise in wages, which the company can not afford to grant at present, was not accepted by the committee as official. They propose to proceed as if they had no knowledge of such a statement having been made.

Patents for Mine Appliances.

Frank Farde, of Hazleton, has secured patents on eight different kinds of ore separators. All the machines have the same principle, a spiral chute, and the various stuffs to be separated are taken apart by centrifugal motion while running down the spiral chute.

This principle is applied to the separation of "clean" anthracite coal. The chutes are arranged in a different manner in the several different styles patented. The patents include the apparatus used in connection with the separator, such as elevator bins, etc.

Thomas R. Jones, of Wilkes-Barre, has patented improvements in lamp brackets for miners' caps. The object is to hold the miner's lamp in an upright position when he is stooping, without letting the lamp swing sideways.

Local Mining Notes.

The Forest Mining company is rushing work on the new vein of coal discovered on their land two weeks ago and within a very short time it is intended to have chambers working. Two gangs are now at work, one employed in the day time under the direction of James M. Eaton and the other at night under Foreman Mathew Gray. The force of workmen will be increased from time to time as circumstances warrant.

Work at the annex and pockets of the Delaware and Hudson company is steadily going forward and it is certain that the mines will again be in operation before the first of September. The annex is now under roof. The hoisting engine, under the engine house near White Oak breaker were not damaged by the fire and they have been at work during the week at night, refusing to work at the breaker to the culm pile.—Archibald Citizen.

Figures About Pig Iron.

James M. Swank, general manager of the American Iron and Steel association, has published the following figures, showing the production of pig iron in the first six months of 1899.

Table with columns for Month, First half of 1898, Second half of 1898, First half of 1899, Gross Tons, and Net Tons. Rows for Anthracite, Charcoal, and Bituminous.

NEW STOCKS OF UNSOLD PIG IRON. December 31, 1897, 1,094,192 gross tons; June 30, 1898, 2,175,177 gross tons; December 31, 1898, 1,291,235 gross tons; June 30, 1899, 941,227 gross tons.

New Coal Properties.

G. B. Markle & Co. have located the work of proving the coal locations or veins on their coal property lying between Upper Lehigh and Pond Creek, with a view to opening up a new colliery in the near future. It is the intention of the company to sink a shaft to the Basin, turn ganeways east and west. The vein on this property is on a dip of 79 degrees. When the work of sinking is completed, a breaker will be built to clean and prepare the coal for shipment, as the distance to transport the coal to the Highland breaker would be too great.

The company has also commenced sinking a slope on their Jeddah property.

Gail Borden Eagle Brand CONDENSED MILK

are comparatively free from sickness. This milk is so easily prepared that improper feeding is inexcusable.

SEND FOR BOOK ON "BABIES." BORDEN'S CONDENSED MILK CO., N. Y.

In the Buck mountain, to be driven to the basin. Cars will be hoisted and lowered by an engine located on the surface. The vein at this point is ten feet thick and good coal. This basin is a part of the old Pink Ash mine working, which had been abandoned and submerged many years ago. The reopening of the working will give employment to from two hundred to three hundred men. It is stated that this firm may shortly open a colliery near Freehold, where they have large tracts of coal land.

Another New Railroad. Articles of incorporation of the New York and New Orange railroad company were forwarded Friday to New Jersey's secretary of state at Trenton. The new road will run from Roselle, N. J. through New Orange, forming a suburban belt line railroad and connecting the five trunk lines, the Jersey Central, Lehigh Valley, Philadelphia & Reading, Baltimore & Ohio, and Delaware, Lackawanna and Western, a dozen miles to the westward of New York city and in the suburbs of Jersey City, Newark, and Elizabeth. Work has commenced on the new railroad and it will be pushed forward to completion.

This and That. An \$8,000 bridge is being erected by the Lackawanna company over South Cayuga street, Rthaca. The Lackawanna company is paying its employees by means of checks on the Morris & Essex division. J. M. Gillingham, and A. E. Bridgeman, the Lackawanna auditors' department, were in the city yesterday. Three new vestibule cars for the passenger service between New York and Scranton arrived in the Jersey Central yards Saturday. The cars are from the shops of Jackson and Sharp and are made by the carbuilder's art. The interior of the cars is finished in light wood, and the upholstering is perfect.

Concerning the trip over the Bangor and Portland railroad made last week by President Truesdale and other officials of the Lackawanna road, the Stroudsburg Times says: "It is known that the Nazareth & Lehigh road, which was chartered about a year ago, a prospective line from Nazareth to the Lehigh river, is to be sold to the Bangor & Portland in a few days. This gives color to the theory that the D. L. & W. with control of the Bangor & Portland would thus secure that direct line to Philadelphia which it is commonly reputed to have been seeking for a long time."

DUNMORE DOINGS. Annual Reunion of the Ives Family. Death of Mrs. Martin Healey. Other Notes of Interest.

The annual reunion of the Ives family was held Saturday at Nay Aug Falls. It has been the custom of the family for many years to meet during the summer at a place agreed upon and spend a day of pleasure and enjoyment among themselves. Nay Aug Falls was chosen unanimously at the last gathering for the reunion this year, and the meeting on Saturday was held there. It proved to be a beautiful day during the time spent at the park. They were shown the accommodations and interesting features and, last but not least, Nay Aug Falls. Those comprising the gathering were the following: Mr. S. M. Ives and family, Mr. J. W. Ives and family, Mr. Ira O. Ives and family, Mr. Orlando Ives and family, Mr. Thomas Ives and family, Mr. E. W. Ives and family, Mr. Jones and family, Mr. George Ives and family, Mr. F. M. Fritz and family, Mrs. L. Dilly. Out of town folks present: Mrs. Lucrenda Ives, Mrs. Keene, Mrs. Anderson, Mr. Albert E. Ives and family, Mr. John N. Ives and family, Mr. Ira Ives and family, Miss Carrie Ives and Mr. Howard Swartz.

DEATH OF MRS. HEALEY. Mrs. Martin Healey, widow of the late Martin Healey, died at her home of her son-in-law, James H. Kelley, on West Drinker street, yesterday morning about 9:30 o'clock after an illness of six months. Decedent was 78 years of age and one of Dunmore's most highly esteemed citizens. She was a devoted Christian, a kind and benevolent friend, a fond mother, who was loved by all who knew her. For over fifty years she had been a resident of this borough and by her kind words made hosts of friends who will be greatly shocked to hear of her demise. She is survived by the following children: Mrs. Bridget Wright, of Herkimer, Mrs. Jessie Healey, Andrew, James and Michael, all of this place. The funeral will take place tomorrow morning from the home of Mr. Kelly at 9:30 o'clock, when the remains will be taken to St. Mary's Catholic church, where a high mass will be celebrated. Interment will be made in the family plot in St. Mary's cemetery.

IN THE CHURCHES. An entertainment and ice cream festival will be given Wednesday evening, under the auspices of the Epworth league of the Ash Street Methodist Episcopal church, in the grove adjoining. The entertainment will consist of vocal and instrumental selections, recitations, both humorous and otherwise, which will be free of charge. If the evening is stormy, the affair will be held on the next pleasant evening. The Ladies' Foreign Missionary society connected with the Presbyterian church will meet at the home of Mrs. M. W. Chamberlain, on South Blakely street, Thursday afternoon at 2:30

o'clock, when a full attendance of the members is desired. "Corea" has been taken as the subject and will, without doubt, prove instructing and interesting.

Rev. Mr. Jessup, a missionary from Syria, occupied the pulpit yesterday morning in the Presbyterian church. He is home from the missionary fields for a short time, and he was secured to deliver a sermon during the absence of the Rev. W. F. Gibbons, who is spending his vacation in the country. He took as his topic, "The Good Shepherd," and delivered an excellent oration, quoting many instances of a shepherd's life in Assyria.

Tomorrow evening Mrs. Hilbert and daughter, Mrs. William Payne, will give a tea at their home on William street. Tea will be served from 5 to 8 o'clock p. m. The proceeds will be for the benefit of the Dudley Street Baptist church. All who can enjoy a good supper for 15 cents are cordially invited to be present.

SHORT NEWS NOTES.

Elmer Spencer, of Bloom street, employed in the job printing establishment of H. P. Woodward on Tripp avenue, had two fingers of his right hand crushed Saturday by being caught in a printing machine. Dr. Garvey was called to dress the injured members. The wounds, though painful, are not considered dangerous and will allow the resuming of his work in two weeks.

Letters remaining unclaimed at the postoffice during the period ending August 12, 1899. Persons calling for these letters will please say advertised in Monday morning's edition of Scranton Tribune: William Anderson, Cherry lane; Charles Miller, 318 Irving avenue; Eliza Murray, 208 Willow street; Mrs. A. M. Haire, Kate Murray, 208 Willow street; Louis Ross, 440 Drinker street; D. Reynolds, esp., Susie Walsh, 519 Lehigh street; Pasquale Vuolo, and Donato Mellica.

Reynolds Bros., of Scranton, and J. C. Bone, druggist, have been awarded the contract for furnishing school supplies for the coming school term, they being the lowest and most responsible bidders. The contract was awarded by Messrs. Webber and Miller, committee on supplies, and who advertised for bids in The Tribune. George Altmore, of South Blakely street, spent the day with Olyphant friends.

"The Least Hair Casts a Shadow."

A single drop of poison blood will, unless checked in time, make the whole impure. Hood's Sarsaparilla is the great leader in blood purifiers. It casts no shadow, but brings sunshine and health into every household.

Dyspepsia—"For six months my system was out of order with dyspepsia and impure blood. Spent lots of money in vain, but Hood's Sarsaparilla cured me thoroughly." Jos. S. Zaub, Chicago, Neb.

Eruptions—"I had annoying eruptions caused by impure blood, and physicians' treatment failed to benefit. Hood's Sarsaparilla removed them and I am no longer annoyed." W. R. Hudson, Natrona, Pa.

Hood's Sarsaparilla Never Disappoints. Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.
