The meeting was called for the purpose of acting on the bids for surface water sewers. Some councilmen wanted to give the contract to Blair & Kennedy, while others, preferring to follow the advice of the city solicitor, who said that inasmuch as the bid exceeded the appropriation such action could not be legally taken, wanted to reject all bids and advertise again. Attorney I. H. Burns, of Scranton,

was presented and prepared to address the solons in behalf of Blair & Kennedy. It is understood the plan was to have their bid accepted and draw up a contract for enough of the proposed work to use up the appropria-

THE MARKETS.

Wall Street Review. New York, Aug. 23.-Affairs in the stock market took on a cheerful ap-pearance from the opening today and though the dealings were decidedly iregular at times during the day. came manifest at the opening that silk throwers, has been dissolved by the inside interests in Brooklyn Transit were prepared to offer a very dermined resistance to any further decline in that stock which they have not been doing for some time past. Today the price was never more than 14 above last night's level and was extremely feverish all day within a range of about 2 points. But pres-sure against the stock was relaxed when the determined nature of the support became evident. There was ne disposition to cover short contracts in other stocks which have shown sympathetic weakness with Brooklyn Transit. The cessation of the bear campaign left the way open only simmering for some time past, is for an unopposed advance and there slowly beginning to boil. The most in- was a large element inclined to buy stocks. The advance in American Tobacco was the most conspicuous movement of the day. A deluge of offerings was encountered at about every point, which caused a temporary halt, but after the absorption of these the upward movement was resumed. The extreme rise was over 7 points. Continental Tobacco stocks rose 3 and over

points, respectively, in sympathy. Sugar showed momentary weakness at the opening, but was increasingly strong as the day progressed and is up 212on the day. There wereheavy takings of the leather stocks, which have gained 11/2 and 23%, respectively, In the railroad list business was exceedingly well distributed and a large salted shoulders, 55,555,60; short clear, number of stocks show gains between \$5.555,56; whiskey, \$1.26; sugars, un-1 and 2 points. The most notable feature of the trading in this department was the tendency to turn to the middle and low priced stocks, while the high priced and established dividend paying stocks were almost universally

left quiescent. Net gains of 2 points or upward are shown by Baltimore and Ohio, Erie first preferred, Hocking Valley, North-Pacific, Fort Worth and Rio Grande, Chicago and Eastern Illinois and St. Paul and Duluth rose an extreme 4 points. A much more cheerful sentiment was reflected from foreign stock markets today and London was a buyer on balance in this market. Total sales, 756,000.

The bond market was active and strong and dealings were fairly well distributed among speculative bonds. Total sales par value, \$3,007,000.

United States 3s declined 14 in the bid price.
