HIGHWAY ROBBERY.

Michael Caine, of 2129 Jackson street. appeared before Alderman Davis, of the Fifth ward and had a warrant issued for the arrest of Patrick Casey of of 129 North Van Buren avenue on the charge of assault and robbery.

From the evidence given at the hearing, which was held last evening in the alderman's office it seems that Caine was going home quite late on Monday evening and when he reached the corner of Grant avenue and Washburn street, he met Casey and Degnol. They entered into a conversation which drifted to money matters. Caine put his hand in his pocket and bringing out his wallet began to count out his fortune. The money was to much for Casey, who gave Caine a push sending him off his feet and then grabbing the money made good his escape.

Alderman Davis discharged Degnol as no evidence was brought against him. Casey was held in \$300 ball for his appearance at court. Mr. Murphy qualified as bondsman.

DUNMORE DOINGS.

The Four Bold Bad Boys Who Played with Electricity Had a Hearing Last Night.

Seldon Brady, Frank Farrell, Robert Bewick and M. Moloy were arraigned before Burgess Powell last evening charged with disorderly conduct and being ringleaders of a gang that has terrorized pedestrians traveling along East Drinker street. The details of their actions were published in this column yesterday.

The hearing commenced at 6 o'clock sharp. Chief of Police Dierks, Officers Keys and Beaver were sworn and gave evidence of the way the crowd has acted and the warnings given them. They had been warned that the boys intended to play a game on them by attaching a wire to an electric light wire and connecting the same to an iron fence, then have the "shiners" chase them, run into the wire and eceive a shock that would probably knock them down.

The officers spread so as to surround the gang, Officers Keys being detailed to go down Drinker street. He watched for the trap, but failed to locate i until he received a current of electricity. The crowd escaped. Sunday evening the same performance was repeated, but resulted differently Brady and Farrell, not running with the crowd, were caught by Officer Beaver, who reported the trouble and

had the warrants issued. whole lot, was called first and gave a was in the crowd. Farrell was then called and gave his story. He said Brady found the wire connected to a ring on the rope used to lower the electric light lamp and threw the same across the iron fence, but threw it back upon the ground. The rest of the evidence corresponded with Officer Beav-

Brady was then given a chance to tell what he knew about the trouble and seemed to take it as a good joke and kept a very bold front throughout the hearing. During a short recess, when Burgess Powell was compelled to leave the room for a few minutes. he attacked Officer Beaver and, as he thought, made a grand hit because the

officer arrested him. The impression made on the hearers was altogether different from what he expected. Moloy was next. He denied being there at all. He was allowed to sit down. The hearing then adjourned until tonight, when thirteen more will be arraigned for a hearing, this number being found out from the above boys, who admitted they saw them there.
