WELCOME TO THE TENTH

(Continued from Page 1.)

complacently, patriotically. They suffered and sacrificed, they fought and fell, they drove back and punished the rebels, who resisted federal authority and who, with force, attacked the sovereignty of the United States in its newly-acquired territory. Without them then and there, we would have been practically helpless on land, our flag would have been first stain and the American name its first ignominy. The brilliant victories of the army and navy in the bay and city of Manila would have been vain, and our obligation to civilization would have remained temporarily unperformed, chaos would have reigned, and whatever government there was, would have been by the will of one man and not by the consent of the governed. Who refused to sound the retreat? Who stood in the breach when others weakened? Who resisted the suggestion of the unpatriotic that they should come home? Let me call the roll of the regiments and battalions that deserve to be perpetuated in the nation's annals. Their names were not a sudden impulse under excitement, but a deliberate determination to sustain, at the cost of life, if need be, the honor of their government and the authority of its flag.

Roll of Honor.
First California, California Artillery, First Colorado, First Idaho, Fifty-first Iowa, Twentieth Kansas, Thirtieth Minnesota, First Montana, First Nebraska, First North Carolina, First Ohio Cavalry, Second Oregon, Tenth Pennsylvania, First South Dakota, First Tennessee, Tenth Artillery, First Washington, First Wyoming, Wyoming Battery.

To these must be added about four thousand enlisted men of the regular army who were entitled to their discharge under the provisions of the act of April 11, 1899; the greater portion of whom participated in the engagements of the Tenth corps and are still performing arduous service in the field.

Nor must the navy be forgotten. Sixty-five devoted sailors participated in the engagement of May 1 in Manila bay whose terms of service had previously expired, continuing on duty until a year after that action. For these men of the army and navy we have only honor and gratitude.

The world will never know the restraint of our soldiers—their self-control under the most exasperating conditions. For weeks subjected to the insults and the duplicity of the insurgent leaders, they preserved the status quo, remembering that they were under an order from their government to secretly observe the terms of the protocol in letter and spirit and avoid all conflict except in defense pending the negotiations of the treaty of peace. They were not the aggressors. They did not begin hostilities against the insurgents pending the ratification of the treaty of peace in the senate, great as was their justification, because their orders from Washington forbade it. I take all the responsibility for that direction. Only they executed the orders of their government and the soldiers, under great provocation to strike back, obeyed. I fill the treaty was ratified we had no authority beyond Manila city, bay and harbor. We then had no other title to defend, no authority beyond that to maintain. Spain was still in possession of the remainder of the archipelago, Spain dead for peace. The treaty and treaty were not concluded. The first blow struck by the insurgents. Our kindness was reciprocated with cruelty, our mercy with a Mauser. The flag of truce was looked only to be dishonored. Our officers were shot down when ministering to the wounded Filipinos. Our humanity was interpreted as weakness, our forbearance as cowardice. The assault on our sovereignty, and there will be no truce parley—no pause until the insurrection is suppressed and American authority acknowledged and established. The misguided followers in rebellion have only their charity and pity. As to the cruel leaders who have needlessly sacrificed the lives of thousands of their people, of the cost of some of our best blood, for the gratification of their own ambitious designs, I will leave to others the ungracious task of justification and eulogy.

Every one of the noble men, regular or volunteers, soldiers or seamen, who so gallantly served their country in its extremely desperate period, and changed their position of congress, and it will be to me an unfeigned pleasure to recommend for each of them a special medal of honor. While we give a medal and gratify from overflowing hearts we do not forget the brave men who remain and those who have gone forward to make your places, and those other brave men who have so promptly volunteered, crowding each other to go to the front, to enter forward to successful completion the work you so nobly began. Our prayers go with them, and more men and munitions.

PREMATURELY OLD.
A man ought not to feel old, or to be old until well up towards the nineties, but now-a-days you don't see many such men. Instead, you hear people no older than 40 or 45 who begin to complain of tired backs

and brains, of stomachs giving out of shattered nerves, of lost energy, of aversion to work. These men have tried and thought more of dollars than of health. They forget that money is almost worthless without health to enjoy it. If men and women will take Dr. Pierce's Golden Medical Discovery, they need not worry much about old age. The years will go by, but they will not show it. This medicine makes digestion perfect, and changes a disordered stomach into a healthy one that works as Nature intended. It regulates the liver, enters the blood and tones the nerves. It prevents consumption by curing bronchitis, lingering coughs and bleeding lungs. The "Discovery" contains no alcohol, no false or uncertain stimulants, the power it gives is the power of Nature—deep, genuine and lasting. It does not create a craving for stimulants. In serious cases of sickness, Dr. R. V. Pierce, Buffalo, N. Y., will give free advice and counsel to those who write him.

"The reason I delayed writing was because I wanted to wait until I had taken the medicine before giving my statement, and now I can send a good, conscientious testimonial."—
Wesley Chan, Jr., Surgeon, of Plain City, Madison Co., Ohio. "During the summer and fall of 1898 I became ill—my stomach, liver and bowels were out of order. I wrote to Dr. Pierce for advice. He said I had great debility, and advised Dr. Pierce's Golden Medical Discovery, and I send six bottles. Since I stopped taking it about one week ago, I have not taken any medicine of any kind, and have been able to work every day. My appetite is good. I can eat three square meals a day, and I do not feel that miserable burning in the stomach after eating."

if required, for the speedy suppression of the rebellion, the establishment of peace and tranquility and a government under the undisputed sovereignty of the United States—a government which will do justice to all and at once encourage the best efforts and aspirations of these distant people and the highest development of their rich and fertile lands.

The government of which you gave your loyalty welcomes you to your homes. With no blot or stain upon your record, the story of your unselfish services to country and to civilization will be to the men who take your places at the front and on the firing line and to future generations an example of patriotism and an inspiration to duty.

Applause for Old Chums.

The president's speech was received with tumultuous applause, especially every reference to the gallant Tenth. When the speaker enumerated the several regiments entitled to special honors, the boys of the Tenth took a hand in the cheering. As each regiment was mentioned, the soldiers showed their delight in prolonged applause. The Tenth Kansas (Colonel Funston's regiment) came in for an ovation. When the Nebraska regiment was mentioned, the boys could with difficulty be stopped; but the Utah battery's name gloriously set the men wild.

"Cheer after cheer went up and the regiment in cheering gave the Philippines well several times. The Utah battery and the Tenth regiment were chums in the Philippines, and several times the Utah men shelled the jungles, driving the insurgents back while the Tenth stood after a battle. An unlooked-for incident occurred when the Tenth regiment flew in from the reviewing stand in Schenley park. Shortly after the column began marching past the president, the crowd on the hillside, which was immense, and contained many of the friends and relatives of the Tenth, commenced to surge forward and in a few moments the ropes and poles were swept away and soldiers and friends mingled, passing the stand en masse. The movement had no ugliness about it, but was just a spontaneous dash of friends for long absent loved ones.

After the soldiers had eaten their late dinner at the race track the several companies were taken in hand by committees from their several home towns and escorted to special trains to carry them home.

Some of the boys thought decided to remain in the city over night, the result being that the streets are filled with soldiers and those who are helping them to enjoy themselves.

President McKinley left Pittsburgh tonight at 9 o'clock for East Liverpool, Ohio, a very weary man. The entire day had been spent under the most trying circumstances, and the president was almost worn out. As soon as he reached his private car at Shady-side station he retired to his stateroom and lay down, giving orders that he should not be disturbed until the train reached East Liverpool, where he will be the guest of an old friend.

FACTORYVILLE.

Mr. and Mrs. John Connor are at New York city and the seashore for two weeks.

Rev. and Mrs. W. M. Miller have returned from an extended visit at Dryden, N. Y.

The ladies of the M. E. church will serve a 10 cent corn supper at the church next Wednesday evening from 5 to 7 o'clock.

Dr. W. C. T. U. will meet Mrs. Albert Briggs this afternoon.

The Walkerville fair commences one week from today, Sept. 5. If you have raised a big pumpkin or squash, or a nice looking baby take them over and get one of the many premiums offered.

George Stiles, of Scrabble, recently caught a black bass in the Ox Bon pond that weighed eight pound and three ounces. Next!

Charles Kilmeter and wife spent Sunday with relatives here. Charlie is "one of the boys" and represents the well known drug house, W. K. Mulford & Company, of Philadelphia.

Mrs. William Snover and son, Ralph, are spending several weeks in this vicinity.

J. S. Road returned Thursday from Harrisburg, where he was in attendance at the Republican state convention as a member of the state committee.

Mr. and Mrs. T. W. Breyton, Mr. and Mrs. Emlyn Cobb, Mr. and Mrs. Frank Gardner composed a party that returned from Pawtucket, R. I. last Thursday.

Mrs. Emma Travis is confined to her home by illness.

TUNKHANNOCK.

The preparations for the firemen's convention to be held here this week are well under way. The National Decorating company have had a representative here for the last few days and a large majority of the residences and business places are decorated for the event. On Thursday will take place what will in all probability be the star event of the convention, the prize contest between the Eagle Hose company, of Pittston, and the Linta Hose company, of Towanda, for a cash prize of \$100. On this day, too, will be the ball game between the crack amateur teams, the Pittston Reds and the Lackawanna, of Scranton, for a \$50 purse. Banner's band, of Scranton, will be in attendance both days and will give a concert on court house square on the evening of August 31. On the second day will occur the parade, in which from twenty to twenty-five fire companies and their bands will participate. This will come off in the morning. In the afternoon there will be the various contests for which prizes aggregating \$500 are hung up; and in the evening a band contest in which the celebrated Baker's band, of Birmingham, the Germania, of Towanda, the H. A. Parker's, of Sayre, and others will contest. These two days promise to be the biggest in the history of the town, both as to the crowd and the attractions offered.

Mr. and Mrs. L. R. Squier, of Scranton, are spending some time with Hon. A. H. Squier here.

C. B. Little, of Scranton, and W. N. Reynolds, Jr., and E. E. Metzler, of Wilkes-Barre, spent Sunday in town.

County Chairman James E. Frear, Delegate E. E. Metzler, Walter Bardwell and H. S. Harding, of Tunkhannock, and John Reed, of Factoryville, composed the Wyoming county delegation at the Republican state convention.

LIVE NEWS OF THE INDUSTRIAL WORLD

NEW STEEL WORKS STORY CAN'T BE CORROBORATED.

Superintendent Loomis Says the Diamond Flats Property Has Not Been Sold and That No One Representing Any Pittsburgh Parties Have Negotiated for It as Far as He Knows—Matthew Sloan, of Kingston, Promoted to Foremanship of Buffalo Boiler Shops.

A story is afloat to the effect that the Pittsburgh Steel company has decided to establish a plant in this city for the manufacture of steel billets and that the company had purchased the Diamond Flats property from the Delaware, Lackawanna and Western Railroad company as a site for the proposed mill. The Pittsburgh Steel company may have decided to locate in this city, but it has not purchased or negotiated for the Diamond Flats tract, according to E. E. Loomis, superintendent of the real estate and mining department of the Lackawanna road, with whom all deals for the purchase of company land has to be made.

When seen by a Tribune reporter yesterday with reference to the reported sale, Mr. Loomis said: "The Diamond Flats property has not been sold. There have been for some time, in fact, since we have begun to dispose of our surface land, several men who have made offers for the Diamond Flats property. I do not know of having a representative of the Pittsburgh Steel company making any offer for this land. If any have their identity was not made known to me."

Secretary D. B. Atherton, of the board of control, does not place any credence in the reported story. He has not heard anything reliable concerning the proposed new industry.

Mr. Sloan Promoted.

Matthew Sloan, foreman of the Kingston shops of the Lackawanna road, has been promoted to the foremanship of the boiler shop of the company's works at Buffalo. He will leave to assume his new duties today.

Mr. Sloan has been employed in the Kingston shops for over thirty years. He began learning his trade in England and finished it in the Kingston shops, coming there in 1865, soon after Charles Graham, sr., was made master mechanic.

Twenty years ago he was made foreman of the boiler shop, a position he has held continuously since, and during that time he has hardly missed a day's work. He has been a most capable foreman, and the work turned out under his direction has been of a high order.

Joseph Newitt, who has been employed in the Kingston shops for the past eighteen years, has been appointed foreman there. Mr. Newitt is well qualified for the position.

On Saturday evening the employees of the shops honored Mr. Sloan a farewell party, which was a complete surprise to him. An enjoyable evening was spent and refreshments were served. John Williams, on behalf of the employees of the shops, presented Mr. Sloan with a handsome smoking set to which the latter responded and thanked them in a feeling manner.

Changing of Shops.

The brick walls that have divided the machine shops and saw-mill of the Lackawanna company's local car shops were removed yesterday.

The old machine shop is now almost empty, the machinery being removed to a new shop, as has been told in this column. The saw-mill will now be extended in the old machine shop. The work of arranging the machinery in the new shop is going on smoothly.

Foreman Patrick Langan states the shop will be in full working order the latter part of the week.

This and That.

J. W. FitzGibbon, superintendent of the motive power and machinery department of the Lackawanna road, went to New York yesterday. He will return tomorrow.

After Dinner

To assist digestion, relieve distress after eating or drinking too heartily, to prevent constipation, take

Hood's Pills

ELECTRIC LIGHTED TRAINS

of the Chicago & North-Western Ry. afford the best service between Chicago, St. Paul and Minneapolis. Leave Chicago every night at 6:30. The track and equipment are of the highest standard.
