The prominence so rapidly attained the well known firm of mudealers, Messrs. The "Country Club March and Twostep," by Mr. Phillips, scored one of most pronounced successes of the last year and orders are still coming in with great rapidity. This composition has already reached the 22,000 mark and the end is not yet.

Among other compositions by Mr Phillips which have attained remarkable popularity are "Governor Roosevelt's Rough Riders" and "Uncle

"The Snow Ball Club," a characterstic march and two-step by Mr. Rockwell is also having a big sale, and although it has been out a considerable length of time the demand for it continues with great regularity.

A "ragtime" composition by Mr. Thomas Rennie, under the title of "A Coon's Holiday," is also proving a big winner, and another edition is now being run off.

Among the compositions now in ourse of publication by this firm are two new marches, and a set of waltzes by Mr. Phillips. Musicians who have heard them predict an unexeccited sale for both. They will be ready is about six weeks.

ARRESTS MADE BY **COUNTY DETECTIVE**

MICHAEL KEARNEY AND JOHN MACKEY IN JAIL.

They Are Charged with Having Committed Highway Robbery in Relieving William Hunt of \$4.50 on Sunday at Peckville-It Is Now Alleged That Hunt Was Injured by Being Run Into by a Trolley Car-Was Operated Upon at Carbondale Yesterday.

Michael Kearney and John Mackey, f Peckville, were arrested yesterday by County Detective Leyshon on the charge of having committed highway robbery on Aug. 27 in relieving William Hunt of \$4.50, which he had on his person at the time of the accident near Peckville, in which Hunt's back was broken.

A hearing took place before Justice of the Peace Arnold in Peckville at 9 o'clock last evening at which Mr. Ley-

hon appeared as prosecutor. The testimony of Barney Mehan and others before the justice was substantially the same as that published concerning the affair in The Tribune yesterday and fixed the responsibility upon the shoulders of Kearney and Mac-

Daniel O'Boyle, one of the witnesses said that Kearney had informed him that he (Kearney) had robbed a man of \$1.65. Kearney did not believe that Hunt's back had been broken as the two had had considerable difficulty in getting the money away from the injured man,

David Hunt, a brother of the victim of the robbery, appeared on the witness stand and gave a new version of the accident.

Mr. Hunt stated that he had visited als brother, William Hunt, who is in the Carbondale hospital, and that the latter had informed him that he was knocked off the bank on the unfortunate Saturday evening, by one of the Carbondale Traction company's troley cars. It was the force of the car, which was running at a high rate of speed, Mr. Hunt contends, that broke his back and smashed in the back part of the carriage in which he was

riding. Mr. Hunt states that after knocking iim off the road and down an embankment the crew on the trolley car made no effort to discover whether he was

lead or alive. At the conclusion of the hearing Mackey and Kearney were committed to the county jail, and Mehan, O'Boyle and Goyne, who were first held to bail, were released. Mackey and Kearney were brought from Peckville last night and placed in the county jail. An operation was performed upon William Hunt at the Carbondale hospital vesterday, and at a late hour last night he was resting comfortably.

Michael McManus Had a Thrilling Experience—Badly Injured About the Side, Back and Leg.

District Chief Michael McManus of the fire department, who is employed as a line foreman by the Scranton IIluminating Heat and Power company, had an exceedingly narrow escape from instant death yesterday morn-

He was working on top of a pole about thirty feet high on Putnam street when he either received a slight shock of electricity or overbalanced, which he is not sure, and fell. He retained his presence and mind and endeavored to throw his body so that it would fall in the supply wagon

which was standing underneath. He struck the mule attached to the rehicle, however, and slid from its back between the shafts, where he became entangled. The animal became frightened and started down the road at a lively guit, Mr. McManus' left leg and side being dragged along the road. He was still conscious and managed to extricate himself after he had been dragged about 500 feet and threw himself over against a fence. The mule kept on, but was stopped a

short distance beyond. Mr. McManus was picked up and removed to his home in Forest court, where his injuries were attended by by Dr. O'Malley. His entire left side and leg are badly bruised and lacerated and his back is badly strained. Had he not struck the mule he would probably have struck on his head and fractured his skull.
