REPUBLICANS NAME

AN INTERESTING CONVENTION IN LUZERNE COUNTY.

Halsey for Judge, Mainwaring for Register, Raub for Treasurer, Jones and Hay for Commissioners-Resolutions Commend Stone, Quay and Penrose-New Party Rules Are Adopted.

Wilkes-Barre, Sept. 5 .- The Republican county convention held in the armory today was one of the most interesting in years. Senator Scott pre-On roll call 292 delegates resided. sponded. The most interesting feat-ure of the convention, apart from the naming of the slated ticket, was the adoption of the new Crawford county rules instituting direct primaries.

For register, John Malawaring, of Plpmouth, was named over Hiram P. Kuntz, by a vote of 1811/2 to 1051/2. For county treasurer the vote stood: Philip T. Raub, of Wilkes-Barre 1704; Arthur E. Detro, 1021/2. For commis-Sioners John M. Jones received 254 votes, A. D. Hay 161 and Thomas Smith 13412, Jones and Hay being non inated.

The committee on resolutions submitted the following report which was heartily applauded and unanimously adopted:

THE RESOLUTIONS.

The Regublicans of Lugerne county assembled in convention hereby decare their approval of the national policy of the Republican party. We believe that the remarkable business revival now being felt all over the United States is due solely to the wise and economic policy of the Republican party, a policy which has as its main lines a tariff which protects the American laborer; and the gold standard, which guarantees to us a stable currency.

"We endorse the conduct of President McKinley in the conduct of the late way with Spain, and we further pledge our hearty support to the efforts the administration to bring the fighting in the Philippines to such a close that will add renewed glory to the American arms and furnish the world with an object lesson by establishing a sound and benevolent government for the natives.

"We commend the official conduct of our United States senators, Hon. M. S. Quay and Hon. Boies Penrose,

"We call the attention of the Republican voters of Luzerne county to the valuable and practical services performed by the Republican representatives whom Luzerne county has sent to congress. The work speaks for itself.

"We heartily commend our state administration under the executive coptrol of Governor W. A. Stone, as we the members of the state administra-

chance to display their trotters and MONROE COUNTY will form the usual source of attraction to many people. The celebrated Libby A WINNING TICKET glass blowers, who attracted so much notice at the Chicago exposition of 1893, are engaged to be present and will give free exhibitions on the grounds. On Wednesday the management expects to interest the attendants of the tair with a public wedding, and the choice of a wedding trip to Niagara Falls, New York or Philadelphia will be given to the couple selected. A band

contest will take place on Friday, the last day of the fair, and a prize of \$50 has been offered to be divided among the first, second and third best bands in the proportion of \$25, \$15 and \$10. The races arranged are as follows:

Wednesday, Sept. 27, 2.40 class, purse of \$150; 2.25 class, purse of \$200; half mile running race, best two in three. purse of \$35. On Thursday there will be the running race as above; a 2.50 class with purse of \$100; 2.30 class, purse of \$200. On Friday another running race, best two in three; a 2.25 race, and free-for-all.

SCHUYLKILL BOND SCANDAL.

Decision in the Matter Is Expected This Week.

Pottsville, Sept. 5 .- At this week's session of criminal court, Judge Marr will hand down his decision in the injunction obtained by Controller Muldoon and the Taxpavers' league restraining the county commissioners m issuing the new county bonds to H. H. Pearson, of New York. It is alleged that a bonus was offered to certain officials for their influence in effecting the loan. It was also said that a certain person was paid \$2,000 for his efforts in this direction. These were vague rumors and the testimony taken did not implicate any one.

It is alleged by the Tapayers' league that the amount due the county from the tax duplicates of 1899 will be sufficlent to cover the temporary loans of \$178,000 without having recourse to a bond issue, H. O. Bechtel, counsel for the commissioners, and R. H. Koch, attorney for Mr. Pearson, contend that the new bond issue will save Schuylkil county thousands of dollars in interest annually, as the new bonds bear a much lower rate of interest than that now paid by the county to the banks for temporary loans.

Lost Eye-Glasses Recovered in the Stomach of a Bass.

Stroudsburg, Sept. 5 .- The following true fish story is narrated at the expense of J. Temple Hopple, esq., a prominent Philadelphia attorney, who summers annually at the Gap and is noted for his fondness for fishing: One day last week, while fishing for bass. Mr. Hopple lost his eveglasses. Two days later, while angling near the same spot, he hooked a fine bass. Returning home Mr. Hopple gave the fish to a son of Adam Transue, the Far View proprietor, to clean. Presently do all the other executive officers and the lawyer heard a shout and the boy came running to where he was.

"Look here, Mr. Hopple," yelled "We heartily endorse the candidate; young Transue, "I've found your eyeand party platform of the state Re-12 11 3503 "And where did you get them?" publican convention of Aug. 24th, 1900. FAIR OPENED THE ATTENDANCE YESTERDAY WAS QUITE LARGE.

Many Improvements About the Grounds-An Excellent Exhibition of Stock-Large Number of Fast Trotters in the Stables-The Races. Programme for Today.

Special to The Scranton Tribune. Stroudsburg, Pa., Sept 5 .- The twenty-seventh annual fair of the Monroe County Agricultural society opened The attendance auspiciously today. was fairly large. The grounds are much improved. The cattle, sheep, swine, poultry and horse exhibitions are better than ever, indicating that the interest in the fair is increasing. The appearance of the animals is very

fine, and the poultry show that considerable attention was paid to their breeding. The sheep are excellent, while the cattle look to be in fine shape. Since the last fair many needed improvements have been made to the grounds, among the greatest is the wagon road which for any want straight through the grounds and was a menace to spectators, is now staked off by posts and leads to the left on

entering around the upper fence. Another much needed improvement in the erection of a new band stand. The track has been worked into splendid condition. An interesting exhibition of more than ordinary interest in a collection of Pacific coast shells, among them specimens of the abalone. It is a univavle found on rocks anywner on the cost of California. The body of the fish is exceedingly muscular and is good for food. It is caught by Chinamen, who dry the meat and

exports thousands of tons of it to China each year. The fish clings to the rocks and its grey shell can hardy be distinguished from them. When requires food it raises its shell a little on one side. The Chinamen watch for this and insert a bar beneath and pry the shell lose from the rock. The shell is beautifully colored inside and can be polished very highly on the outside and are used in making pearl opal is made from this shell and

t is principally used in mosaid work The farmers take particular interest in visiting the stables. A large number of horses are quarterel there, all pacers and trotters and some fast horse in evidence, but are not quite as numerous as in former years. A reporter found evidences of gambling.
