

EVENTS OF DAY IN WEST SCRANTON

REV. D. D. HOPKINS EXPECTED FROM WALES.

Will Assume Charge of the Pastorate of the First Welsh Baptist Church on Sunday Next—Mrs. David Stanford Injured by Falling Down Stairs—Brooklyn Letter Carriers Visit Lieutenant Williams—Picnics at the Round Woods—Other Notes and Personals.

Rev. D. D. Hopkins, the new pastor of the First Welsh Baptist church, is expected to arrive in the city today or tomorrow and assume charge of the pastoral work of the church next Sunday. Rev. Hopkins supplied the pulpit early in the spring for eight weeks and gave such uniform satisfaction that he was tendered a unanimous call to become their leader before he returned to Wales.

He would not state whether or not he would accept before his departure, but a few weeks later, in a letter to Mr. B. Hughes, accepted the call. The church directed him to report in July, but owing to the previously arranged lecture tour which occupied his time, Rev. Hopkins was unable to leave Wales.

The reverend gentleman, however, sent word that he would be here the last Sunday in August, but owing to his failure to book passage on the steamship which he intended sailing on, his arrival was necessarily delayed. It is understood from a reliable source that Rev. Hopkins was married a few weeks ago and will bring his bride with him.

The people of the church anticipate his coming with much pleasure, as they have been without a pastor ever since Rev. Mr. Jones resigned, nearly two years ago.

REGULAR MEETING OF COUNCIL HELD LAST EVENING.

Several Matters Pertaining to the Borough Reported and Acted Upon. Controversy About the Appointment of Officers—School Board Fail to Muster a Quorum—Ventriloquist Hartley Will Entertain—Uncalled Letters at the Postoffice—Personal Paragraphs of Interest.

The town council met in regular session last evening in the borough building, and the following members were present: McAllister, McCulloch, Ward, Payton and Weber. Chairman Payton, of the electric light committee, reported that all the lights were in good condition and recommended that the council place a light in the vicinity of the Home for the Friendless and the Foundling Home. Mr. McCulloch moved that the council attend to the matter.

A motion was made by Councilman Payton that the owners of the property on Adams avenue and Marion street, formerly owned by Mr. Ross, be instructed to lay sidewalks. A motion also prevailed that all the property owners have been given grade and have not laid their walks according to the grade given them by the borough engineer, he given thirty days to do so, and those who have not laid any walks be given the same time to comply with the ordinance, and if this is not done the borough officials will attend to the matter.

Mr. Ward reported that the iron fence on the Bunker hill bridge was broken down and that the planks of the bridge were being removed, and it is in a very dangerous condition, only the main bridge being left. He was instructed to have suitable repairs made. Councilman McCulloch was also instructed to have the Quincey avenue bridge repaired so as to make it safe for people to drive over. The report of Dennis Powell, of West Locust street, and placed on file. The chief of police reported eight lights out and eight arrests.

The report of the street commissioner was received and placed on file. A. M. Pocono.

A motion was made that the chairman appoint a committee to work in conjunction with the borough attorney in the suit against the borough, which will come up at the next term of court. The committee named was Payton, Ward and Weber. A resolution was introduced by Mr. Weber asking that the Jenkins, Powell & Co. silk mill be exonerated from payment of taxes for ten years. A petition was received from the citizens of the Sixth ward asking the council to keep the two police officers on in that district. The chief of police reported to the police committee to report at the next meeting.

Mr. Payton objected to the proceeding on the ground that he could not understand why the matter should be referred to the committee when five members were present. He further stated that he did not see why the property owners should be given all-night police protection when the people in the other wards have no protection at all, and he also objected to it on the ground that the petition stated the property owners wanted the police officers kept on who are now doing duty there. He thought that Officer Keys, the man who was shot some time ago, should be one of the officers appointed, if there is any to be made.

Councilman McAllister said that he would call a meeting in about ten days and the committee can make their report then. The chief of police's bill, amounting to \$295, was ordered paid. The street commissioner's claims, amounting to \$28.85, were also ordered paid. Mr. Weber reported that he had seen the hose wagon for the Independent Hose company and stated that it would be completed by the first of the month.

A committee of five was appointed to work in conjunction with Engineer Knight in looking over the Dickson estate on Monday next at 11 o'clock. A motion prevailed that Mr. Cole be instructed to lay a crosswalk on the east side of Blakely street, across Dewey street. The council then adjourned.

HUSBAND ASSAULTED BY HIS WIFE AND A BOARDER.

Michael Bedowski Was Badly Used Up and Finally Thrown Down Stairs, Sustaining a Fractured Arm. Nicholas Miller Injured by Falling from a Porch—Bucket Brigade Extinguishes a Fire on Elm Street—Smaller Paragraphs of Other Events.

When a man's wife turns in and assists a boarder to beat him severely and break his arm in the bargain it naturally causes the poor husband to rise and ask "Whither are we drifting?" Such an occurrence as above referred to happened at the boarding house of Michael Bedowski, on Remington avenue, late Monday evening, when Joseph Casarsky, a boarder, went home intoxicated.

The boarding boss and Joseph got into a heated argument which ended in a fight. The boarder was receiving several uppercuts and jabs in the ribs when Mrs. Bedowski took a hand and proved to be of valuable service to him. With the woman's assistance the husband was badly thrashed and finally he was thrown down several stairs, resulting in his arm being fractured.

The police were called and Cowans was lodged in the Alder street station house. When arraigned for a hearing yesterday morning the prisoner was fined \$5 by Alderman Storrs.
