

EVENTS OF DAY IN WEST SCRANTON

FRANKLINS AND COLUMBIAS PARADED LAST EVENING.

Line Marched Over the Principal Streets Advertising the Picnic to Be Held in Round Woods—Horse and Buggy Thief Arrested—Rev. Hopkins' Marriage Announcement—Premature Marriage of William Davies and Margaret Griffiths—Other Items of Interest—Personal Paragraphs.

The first parade that has been held on the West Side exclusively in many years was conducted last evening under the direction of the Franklin Engine company, advertising their picnic which will be held in the Round Woods this afternoon and evening.

The formation occurred on Hyde Park avenue in the vicinity of the engine house and consisted of two divisions. The first division was marshaled by Richard Davis, and comprised the members and apparatus of the Columbia Hose and Chemical company. The chemical engine was gaily decorated and each member carried a Chinese lantern.

The second division was made up of the members of the Franklin company, and Foreman James Beavers acted as marshal. Following the marchers came the hose wagon, driven by Foreman Man Kime and the hose cart in charge of John Lowry.

Stenner's band headed the parade, and discoursed excellent music along the line of march, which was as follows: Hyde Park avenue to Bromley avenue, to Sweetland street, to Main street, to Luzerne street, to Main street, to Wahburn street, to Mullein street, to Division street, to Main street, to Jackson street and dismiss.

Along Main avenue red fires were burned at several places while the parade was passing and hundreds of people turned out to witness the event. The company is the oldest in point of service in the department and their motto, "Where Duty Calls There You'll Find Us," has always been lived up to.

The picnic proceeds will be used to defray the expenses of entertaining visiting firemen during the state convention next month, and it is expected the attendance will outnumber the crowd at the Columbia picnic held in woods recently.

Among the attractions promised are a Georgia cake walk, fat men's foot race, walking contest, climbing the greasy pole, chasing the pig, and vocal competitions between well known singers.

The police were notified and a warrant was issued by Alderman Fidler for Thomas' arrest. He was captured in a saloon on Wayne avenue and the rig was standing outside. At the hearing before the alderman Thomas said he took the horse and carriage because he was intoxicated. He was intoxicated when arrested. Morris V. Morris furnished bail in the sum of \$1,000 for Thomas' appearance at court.

AFTER EIGHTEEN YEARS. Mr. and Mrs. Addison W. Chase, who have resided in the oldest home at Tripp's crossing for the past eighteen years, will today vacate the premises and remove to James A. Evans' house on North Bromley avenue.

The property was sold to Hon. John R. Fair recently in the purchase of the tract of land surrounding the house. Since Mr. Chase first moved to that section many changes have occurred, and the Tripp park tract has been opened up and many buildings erected there.

THE IRON MARKET. A Scarcity in Foundry Product in Eastern Pennsylvania. Pittsburgh, Sept. 6.—The American Manufacturer will say tomorrow: "The market shows few changes in the prices of last week, the only material advance developing in foundry iron which spurred 50 cents per ton for northern and 75 cents per ton for southern iron. In all other lines the former quotations hold good, though there is the same pressure and the same limitations. Buyers are just as clamorous but they are developing a waiting disposition. Buyers even now, are beginning to hold off on everything that can be compelled to wait. That alone will have the effect of bringing about conditions that take the normal. The resumption of old furnaces and mills and the building of new ones will also begin to produce for sometime there will be little if any change in the present basis for another year. About all the recent sales of material from pig iron up to all the finished shapes have been for the next year's delivery in 1900 in the majority, perhaps, not extending by June next.
