# SUDDEN DEATH OF

EXPIRES FROM AN ATTACK OF APOPLEXY.

Was Taken Ill on Thursday Last and Dd Not Regain Consciousness. His Admirable Record as a Soldier. Politician and Jurist.

Towanda, Sept. 19,-Hon. B. M. Feck. president judge of the Bradford county courts, died at his nome here at 7 o'clock last evening. He was seized with apoplexy on Thursday evening, and did not regain consciousness.

He was born in Smithfield, Brad-ford county, Oct. 5, 1818, the son of Hezekiah M. Peck, a native of Rhode Island, who came to Smithfield with his father in 1812. His early years were spent on the farm and in the mills which his father operated, and in attendance to the public schools and the Smithfield academy. For a short time was a student at the Susquehanna Collegiate Iretitate in this place. In 1858 he entered the office of Colonel Elahana Smith as a student of the law. and was admitted to the bar in September, 1860, immediately opening an office of his own.

He was actively engaged in his legal practice until Aug. 3, 1862, when he enlisted as a private in Company B. One Hundred and Forty-first Pennsylvania organization of the company its first gress at the time. Miss Edith Goodsergeant. In May, 1863, he was made a man was struck by the bolt which captain of his company, and was in ommand without interruption until the stove doors and made for Edith. October 8, 1864, when he was detailed United States sharpshooters, continuing in this service in January, 1865. He was then appointed assistant commissary of musters of the Third division, Second Army corps, on the staff of Major General Mott, serving in this position until mustered out at the close of the rebellion, May 18, 1865. At the Battle of Chancellorsville, at a place called Hazel Grove, he received a severe wound, a ball passing through his neck and shoulder.

Mr. Peck aiways took an active part in politics, being elected prothonotary of Bradford county in 1872, and reelected in 1875, serving six years. After leaving the prothonotary's office he associated himself in the practice of law with D. A. Overton, which partnership was continued until his feeted, although there is no secretion. elevation to the bench. At the organization of the Citizens' National bank in 1876 he was elected a director and vice president, and in 1887 was made president. In 1800 he was elected president judge of the courts of Pradford county. This position he has filled with the greatest satisfaction and suc-

## WANTS HEAVY DAMAGES.

George B. Markle Charges Conspiracy Against His Two Brothers.

Wilkes-Barre, Sept. 10.-George B. Markle, a prominent coal operator of Hazleton, commenced suit yesterday against his brothers, Alvin and John Markle and W. W. Smith, jr., for \$100,-

In his declaration the plaintiff alleges that the defendants conspired and by false representations appeared before Hen. Joseph C. Ferguson, of the Orphans' Court of Philadelphia county, on December 22, 1898, and charged him with having refused to comply with a decree of said court, said to have been made in the estate of George B. Markle deceased, on November 30, 1898, and further attempted to remove him from his office of trustee of the estate, claiming that he had withheld accounts for two years and had not attended prop-

erly to his duties as trustee. In pursuance of the writ of attachment, the plaintiff alleges that he was arrested by the Sheriff of Philadelphia county at his residence at Hazleton and held until the following morning, when he was taken under arrest to Philadelphia. At the hearing, he says, he was discharged and the attachment was

The alleged conspiracy, he says, injured his reputation and name, and on account of the public scandal and disgrace he sues for \$100,000 damages.

# THE MARKETS.

Wall Street Review.

New York, Sept. 9 .- Stocks showed some evidence of firmness in the first hour of the trading and up to the time of the publication of the bank statement. The movement in rallroad stocks was exceedingly narrow and the late selling movement, though not very pressing, was sufficient to bring the general level of prices below those of last night. Tenn. Coal confounded the bears again by soaring an additional seven points upward and after reacting 31/2 recovered to within 2 points of the top. Colorado Fuel continued to show close sympathy and was up over four points before the late reaction. Add to these a continued large demand for Manhattan and strength in Metropolitan and Brooklyn Transit and good gains in International paper and Lackawanna and the points of extraordinary strength in the market are about exhausted. The London exchange was closed for a house cleaning and the recent depression from that source was lacking. Paris was looked to for a reflection of foreign sentiment and the view there seemed to be a cheerful one. In view of the pessimistic forceasts that have been heard all week regarding the pank statement, the bears had a feeling early in the session that a poor state ment had been more than expected and were inclined to cover. But the statement showed a loss in cash quite \$2. 000,000 in excess of the most unfavor able previous estimates. The comparison is the average total of cash for six days with the average for the preceding six business days. As the to tals had been on a descending scale the average understates the actual total. The contraction of \$6,016,700 in loans reduced the reserve requirement by about \$1,500,000. Otherwise the over surplus above the legal requirements would have been below a million. It is believed the treasury would consent to leave on deposit with New York banks the payments for the taxes next week, but this would only partly relieve the drain, as the demand from the south will continue, and no increase in cash resources would result from the measure itself. It is evident, therefore, that the process of loan contraction is to continue for the immediate future. Total sales of stocks, 238,800 shares.

# DRESS GOODS and SILKS

Are Gathered Today in Formidable Array.

# No Other Showing to Compare with It

Strong statement to make in the first paragraph. But we are given to strong statements if we can verify them on our shelves.

We show this morning the most thoroughly complete, the most strikingly handsome and the most elaborote collection of Dress Goods and Silks ever

gathered under a single roof.

Never have styles been so fetching. Never has the delicacy of weaving been diffused with such striking taste and clever originality. The highest ideals in Dress Goods art has been reached at every turn. The loom has worked wonders.

## These Are Opening Days.

Novelties greet you as you wander through the aisles here. At one side, gathered in profusion, are the ever-stylish Black Crepons in exhaustive styles and exquisite patterns. No store hereabouts ever had so many. Daintiest in design, richest in effect—better yet, modest in price. The camel's hair and cashmere plaids, the fancy weaves in wool and cotton, the dainty silk stripe effects and the plainer sorts are near neighbors to the blacks-vieing with them in beauty and attractive-

In this matchless collection are styles for every purse, for every requirement-no matter what the taste may be. We have the finest Dress Goods store in the city-one of the finest in the country. Competent salespeople will acquaint you with the stock, gladly, and introduce you to the prevailing styles.

This is a personal invitation to you to come, whether or no you wish to buy. Diffused through the stock are attractions and prices that will please you. MAIN FLOOR WYOMING AVENUE ENTRANCE.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and proscribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and there-fore requires constitutional treatment. Half's Catarrh Cure, manufactured by F. J. Chenoy & Co. Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in dozes from 10 deserves to a terrangement, it acts directly
