LUZERNE DEMOCRATS FAVOR JUDGE HALSEY

FREAS AND LENAHAN FACTIONS HAVE A LIVELY TIME.

After the Adoption of the Resolution Indorsing Judge Halsey, Republican, a High Old Time Was Had, Which Was Only Quelled After the Arrival of the Police—Minority Faction Withdraws from the Contest for County Officers.

Special to The Scranton Tribune.

Pittston, Sept. 12.—There was a hot time at the Democratic county convention held in Wilkes-Barre today, and for a while it looked as if a riot would occur. The cause of the trouble was the different views held by two factions on the judiciary question—the one side favoring the endorsement of Judge Halsey, the Republican nominee, and the other side opposing. The convention today was a great contrast to the Republican convention last week, and has resulted in opening all the old factional sores of years past.

The convention had been called to meet at 10 o'clock, but it was 11 before it opened up, and then there was a very slim attendance. Committees were appointed and the convention adjourned in about ten minutes. It was 2.30 when the convention was called to order in the afternoon. There had been unusual activity on the previous night and this moning, especially upon the judgeship nomination, which was the main issue of the convention. The Lenahan faction chose J. R. Gorman, of Hazleton, as chairman. The committee on resolutions gave their report, which included a resolution indorsing Judge Halsey and in favor of making no nomination for judge.

WHAT STARTED THE TROUBLE.

The first shot was fired when John T. Lenahan moved the indorsement of the resolutions and red hot speeches were made by several delegates. The chair declared the resolutions adopted and, refusing to recognize a motion to amend, the programme was pushed through. Here's where the excitement took place. The delegates were on their feet in a minute and the convention hall was the scene of an uproar. For a while it looked like a Sunday night brawl in an unlicensed saloon. The police were sent for and soon arrived on the scene, which quelled the trouble somewhat. A spectator, who was quite prominent during the disturbance, was seized by the police, but before they could take him from the hall they were surrounded and the pisoner liberated. As soon as he regained his liberty he became as hilarious as ever.

The interruption by the police was the only thing which prevented a riot. Pandemonium reigned supreme while it lasted, but it finally lessened when the chair offered to submit the Halsey resolution to a roll call. The resolution was passed by a vote of more than 4 to 1. The Lenahan faction considered this a great victory. Attorney Creveling, of Plymouth, claimed it was still in order to nominate a candidate for judge, but the chairman ruled against him and nominations for county treasurer were called. The opposing faction were disgusted with the proceedings so far and withdrew from the contest for the county offices. The Lenahan faction then had things all their own way and the following ticket was nominated by acclamation: For county treasurer, F. C. Kirkendall, of Wilkes-Barre; for register, Mr. Lubrecht, of Hazleton; for commissioners, Patrick Finn, of Miners Mills, and Sterling Koons, of Harveyville.

REPUBLICANS ENCOURAGED.

The result of the convention is a great encouragement to the Republican ticket and the prospects are that the Republican ticket will go through with a rush. Even the Democrats present at the convention expressed the expectation of electing no more than the minority commissioner.

FATAL ACCIDENT AT PITTSTON.

Aged Polish Woman Decapitated by a D. & H. Train.

Special to The Scranton Tribune.

Pittston, Sept. 12.—A fatal accident occurred at Dupont, near here, today, the victim being Mrs. Michael Dudzik, a Polander, aged about 60 years, whose husband conducts a saloon in Dupont. She had been picking coal on the Heidelburg culm dump and was returning home by way of the Delaware and Hudson tracks. When near the bridge which crosses the Lehigh Valley tracks she was struck by a rapidly moving Delaware and Hudson freight train. Her body was horribly mangled, the head and one leg being completely severed from the trunk.

The trunk was carried on the front of the engine for a distance of over 100 yards. The woman's late home is right near the place where the accident occurred. There is a clear view of the track for a distance of a quarter of a mile both ways at this place and no reason can be given for the woman's failure to hear the approaching train.

THE MARKETS.

Wall Street Review.

New York, Sept. 12.—Values of securities suffered today from a further drastic liquidation of speculative accounts induced by the contraction of loans by the banks for the purpose of replenishing their depleted reserves. Some sentimental effect was produced by the sudden death of Cornelius Vanderbilt. But this event though sudden was not wholly unexpected and those stocks which the name is most associated gave evidence of support.

Late in the day after loans had either been re-adjusted or paid off there were some notable recoveries in prices, not a few of the railroad stocks rising above yesterday's level. In the final hour there were a rather urgent demand from the shorts to cover which helped the rally. Some stocks gave the appearance also of a demand from bargain hunters.

All grades of stocks were thrown upon the market during the day as the rate for call money was marked up by successive stages or loans were called outright. The standard railroad stocks suffered in equal degree with the industrials as evidenced by the weakness of the grangers and a two point decline in Pennsylvania on large offerings. The bears were watchful for opportunities all day and were quick to take the market away from sellers. They had their greatest success in Brooklyn Transit which broke to par on the opening transaction. The most strenuous efforts to support failed to hold this stock and it fell to 95. The Flower group showed keen sympathy with the weakness in this stock. Peoples' Gas, Federal steel and International paper dropped from two to three points below last night's level and Rock Island leading the van of the grangers. Tennessee Coal opened off 9½ points and fluctuated very feverishly over a range of 5 points. Colorado Fuel moved in sympathy but otherwise the iron and steel stocks were relatively firm and came up in the final dealing to a level above yesterday's close in several instances. Sugar was one of the heavy sufferers on the active list. Some of the less active stocks to show notable losses were Chicago & Eastern Illinois, Consolidated Gas, Mobile & Ohio, Cleveland Loraine and Wheeling, preferred, Minneapolis, St. Paul & Sault Ste Marie, Omaha and Lackawanna, in which the declines ranged from 3 to 5½. Manhatatn was weak at one time but rallied strongly on the declarations of the regular quarterly dividend of 1 per cent. Total sales 772,900.

Bonds were weak in sympathy with stocks and there was considerable liquidation manifest in the speculative issues. Total sales par value $1,915,000.

United States old 4s coupon declined ¼ in the bid price.
