PARK ORDINANCE HIS FINALLY PASSED NOW READY FOR THE SIGNATURE OF THE MAYOR. Mr. Coyne Wanted a Slice of the Appropriation for Connell Park—The Big Bond Ordinance Which is to Provide for the Completion of the Projected Sewers is Introduced in Common Council—Full Text of the Important Measure—Two Busy Sessions.

The ordinance providing for the issuance of \$30,000 worth of bonds for the improvement of Nay Aug Park passed third and final reading in select council last night and is now ready for the mayor's signature. Mr. Coyne wanted to amend the ordinance by taking a slice of the appropriation for Connell Park but his effort was unsuccessful. Mr. Chittenden, the father of the ordinance, vigorously protested against any amendment being tacked to his measure. "Let us fix up Nay Aug Park first and then turn attention to other parks," he said. "Nay Aug is the park of the whole people, the park that is frequented by residents from all parts of the city, and the only park visitors think of going to."

Mr. Coyne argued that the ordinance was unfair as discriminated in favor of one part of the city. "It may be true," said Mr. Coyne, "that comparatively few persons go to Connell park, but that is the fault of the council in living that they should do towards making the park attractive. Mr. Sanderson followed with a criticism of the "curse of sectionalism" averring that it is just this sort of thing that retards the progress of the city. "Nay Aug," he said, "is the city's chief park. It is patronized by the whole city and the whole city is interested in its improvement. The present financial conditions will permit of only one park being cared for. To attempt to make three or four parks under the existing conditions would only result in three or four apologies for parks."

Mr. Kearney spoke in favor of devoting all energies towards improving Nay Aug Park and ignoring the others. Mr. Fellows suggested that an only \$10,000 of the \$30,000 slice of the balance be appropriated for a park on the West Side. The money could be returned to Nay Aug Park later on he said. "We'll take the other \$10,000 for a park at the North," broke in Mr. Kearney.

HYDE PARK KICKED. Mr. Fellows was the only one to vote against the final passage of the ordinance. Mr. Coyne lined up with the majority, satisfied he had fought a good fight. Other ordinances which passed third reading provide for asphaltizing Linden street, between Lyndee and Webster avenues; for narrowing Tenth street, between Scranton and Washburn streets; for the appointment of Hook and Ladder, Crystal and Eagle companies; for the licensing of itinerant peddlars for laying sidewalks and gutters on certain streets in the Twelfth ward, and for the transfer of \$1,500 to the appropriation for the purchase of hose.

The following ordinances passed first and second readings: Providing for the necessity of replenishing the ordinance for the purchase of a chemical engine for the William Connell Fire company; providing for paying the bill of Evans Brothers and the North Elm Lumber company for extras on the Cunningham hose house. Confirmation of Mayor Mohr's appointment of Frank Henderson as inspector of the Sanderson avenue pave.

A communication from Street Commissioner Thomas calling attention to the necessity of replenishing the fund for the repairs of bridges and culverts and a communication from City Controller Howell transmitting his annual report were received and filed. The proposition to have two inspectors appointed to oversee the work on the Cunningham district sewer met with some opposition, even in the face of an approving opinion from City Solicitor Vosburg, but after Mr. Schneider told of how two inspectors would greatly expedite the work and Mr. Roche pointed out that the city solicitor, or said the city could not legally do, a resolution directing the mayor to appoint a second inspector was unanimously adopted.

IRREGULAR BUT URGENT. Resolutions directing the chief of the fire department to proceed with urgent repairs of apparatus and purchase of three horses, for which provision is made in an ordinance now pending, was adopted. An effort to refer the matter of purchase of horses to committee was defeated by a vote of 8 to 5. A communication was received from Attorney L. P. Wedeman, setting forth the claim of Miss Jennie F. Dean for personal injuries, and asking that a committee be appointed to take action on the matter. It was referred to the judiciary committee. A petition from the residents of the Abingtons asking that the city repair the old Rockwell road where it extends through the Third ward, was referred to the streets and bridges committee. New measures were introduced as follows: Mr. Roche—An ordinance directing the street commissioner to remove the obstructions placed on Popular street by the Delaware and Hudson company. Approved. Mr. Sanderson—An ordinance transferring \$718.50 from various unexpended balances to the appropriation for repairs of bridges and culverts. Referred. Mr. Lansing—An ordinance providing for the paving with vitrified brick, McKenna court, between Mulberry and Vine streets. Mr. James—A resolution granting permission for the construction of a private road on Summer avenue between Lafayette and Swetland streets. Approved. Mr. Roche—A resolution requesting the city controller to certify the Scranton street sewer contract, Franklin Howell having agreed to advance the city's share of the expense without interest, and the contractor M. J. Gibbons agreeing to proceed with the work.

under these conditions. Approved in both councils. Mr. Roche—A resolution granting an extension of forty days for the completion of section C of the Fifth sewer district, the city authorities having interested with the work. Approved in both councils. IN COMMON COUNCIL. Big Bond Ordinance is Introduced by Mr. Watkins. The much heralded "Bond Ordinance" played the leading part in the Common Council's proceedings last night. It was introduced by Councilman Watkins of the Fifteenth ward and is as follows: An ordinance providing for the submission to the vote of the electors of the city of Scranton, an increase in the indebtedness of said city in the amount of \$25,000, or as much thereof as may be necessary to pay the assessments made against said city for certain sewers, and in case the vote is in favor of such proposed increase, making an appropriation of said sum for said purpose. Section 1. Be it ordained by the Select and Common Councils of the city of Scranton, and it is hereby ordained by authority of the same, that, for the purpose of paying the share of the cost of the construction of the sewer in said city, which has been assessed against said city, an approximate estimate of which is itemized in the fifth section of this ordinance, an increase in the indebtedness of said city, by an issue of city bonds to an amount not to exceed the sum of two hundred and twenty-five dollars (\$25,000), is hereby authorized, and, nevertheless, to the consent of the electors of the said city of Scranton, as hereinafter provided. Section 2. The question of assenting to the above proposed increase of the debt of the city shall be submitted to a vote of the qualified electors of the city of Scranton, at the next general election, occurring not less than forty days after the passage of this ordinance. Section 3. After the passage of this ordinance, and at least thirty days before said election, the mayor shall publish a notice of the election hereby authorized in three daily papers published in said city, and a statement such as is required by law, which statement shall be furnished by the city controller. Section 4. If said electors agree to increase the indebtedness of said city for said purposes, there shall be appropriated and set apart for the payment of the share of said city of the estimated cost of said sewers, the sum of two hundred and twenty-five thousand dollars, or as much thereof as shall be necessary, to be apportioned according to the estimates set forth in the fifth section of this ordinance.

THE PROJECTED SEWERS. Section 5. The following is the share of the approximate estimates of the cost of constructing the following sewers in said city of Scranton: Section A, Fifth sewer district, \$ 4,772 50 Section C, Fifth sewer district, 1,579 00 Section D, Fifth sewer district, 5,425 25 Main sewer in Philo street, Providence road and North Main avenue, 17,390 00 Sewers south of Mulberry street and east of Schultz court, 383 77 Nineteenth district sewer, 4,620 25 Sewers in Sixth ward, 497 00 Sewers in Eighteenth ward, 555 69 Sewers in Eleventh ward (containing the sewer in the alley between Sixteenth and Seventeenth streets), 453 12 Sixteenth district sewer, 673 80 Sewers in Seventeenth district, 22,965 75 Sewers in Eighteenth district, 45,900 00 Main sewer, Twelfth district, 20,900 00 Additional sewers in Twelfth district, 15,000 00 Additional sewers in First and Third wards, 12,000 00 Additional sewers in Second ward, Twenty-first wards, 15,000 00 Additional sewers in Nineteenth district, 5,000 00 Additional sewers in Twelfth ward, 5,000 00 Total, \$23,268 16 Sewers under construction at present.

THE ORDINANCE HAVING BEEN read, was referred to its proper committee. The ordinance providing the office of assistant chief and fire marshal, with a salary of \$900 per year, which has been evidencing some of the characteristics of Banquo's ghost at the meetings of the common council during the past six weeks, came up again last night, but this time for final passage. It was vigorously opposed by its old enemy, Councilman Calpin, who stated that he was still unable to see how the department would be benefited by abolishing the six district engineers and substituting a single man, who would cost more to maintain and who by the natural laws of philosophy would be unable to be in as many different localities at the same time as the sextette of engineers. UNDERWRITERS' THREATS. Councilmen Zieglman, Morris, Tewkesbury and Chairman Ketter spoke favorably of the ordinance, the latter stating that agents of the Underwriters' association had announced to him that they would raise the rates of insurance rates would advance. The commoners seemed very favorably disposed toward the ordinance and when it came to the vote passed it by a ballot of 15 to 2. Councilman Phillips refused to vote, but gave no reason for his passiveness. The ordinance ordaining that all sums of money received by the park commissioners from the sale of privileges, franchises, etc., be paid into the city treasury and credited to the general park fund, passed final reading. Councilman Morris introduced a resolution, remarking as he did so that he hoped council would not delay in passing it, directing the street commissioner to notify the Girard Construction company to remove their curbstone from Providence road and North Main avenue within fifteen days from date of service of notice, unless in the meantime the said company proceed with the work of paving said road and avenue. Mr. Morris, by way of explanation,

remarked that the Girard company had been guilty of the most inexcusable procrastination and had added insult to injury by openly boasting that they can do what they like with councils and get an extension of time whenever they pleased. The resolution was adopted. Another drastic measure was taken in the shape of a resolution directing that the sum of \$5 be deducted from the contract price of the Alcatraz Paving company for every day the work of paving Hyde Park avenue has remained, or may remain, unfinished after the expiration of ninety days from the date of the direction given by the city engineer to the said company to proceed with the work. This resolution also passed. PENALTY WILL BE HEAVY. The aforementioned order of the city engineer was given to the company early last spring and the penalty will in consequence amount to a large sum. Councilman Harvey handed in a communication signed by twenty-five or thirty citizens of the Thirteenth ward. It was to the effect that the main sewer on Green Ridge street is not sufficient in size to drain property in that locality and during heavy storms overflows, causing damage to adjacent property. The communication was referred to its proper committee. Just before adjourning, Mr. Wenzel introduced a motion for the adjournment of the council "to look to home" for a brief period, as the mechanism of his chair was so out of order that while occupying it he could not enjoy the pleasure of facing Chairman Ketter. The janitor was detailed to look after the refractory seat, and the meeting ended.

BOY CHARGED WITH THEFT. Accused of Stealing a Purse Containing \$65. Albert Lloyd, a young lad residing at 225 Wayne avenue, was arrested yesterday morning on a warrant issued by Alderman Kasser, charging him with having stolen a purse containing \$65 from the apartment in care before an alderman in North Scranton. The warrant was issued at the instance of A. H. Schmitz, who keeps a store on West Market street. He claims that last Tuesday while he and his clerk were busy at young Lloyd entered the store and took from the counter and took a purse containing \$65 from the cash drawer. He was noticed and was chased down the street by H. H. Harris and the clerk but he was too fleet-footed and escaped. The clerk positively asserts that he saw the money in the boy's hands. The latter denies his guilt and says it was another boy.

NEW RULES AT HOSPITAL. Visiting Days at the Moses Taylor Have Been Changed. The new board of directors of the Moses Taylor hospital has drawn up a new set of rules to govern the affairs of that institution. Friends of the hospital for the patients in the open wards will be Tuesday, Friday and Sunday afternoons from 2 to 4 o'clock. Patients in the private wards, if their conditions permit, can be visited every afternoon and evening from 2 to 3 o'clock. Friends of the patients who bring wines, fruits or delicacies of any kind will be obliged to leave them at the office until the doctor in charge of the ward which the patient is in whom the goods are intended for, approves or disapproves of them being given at the time they are received. These rules go into effect at once.

WILL REOPEN MULLEY CASE. City Is After the Original Antagonist of Building Ordinance. If the thing is possible the city will reopen the case against Ambrose Mulley for violation of the building ordinance, which was instituted several years ago but allowed to drop because of the city authorities' own defeat and a consequent overturning of the ordinance. Judge Edwards having declared the ordinance valid, the city authorities are now disposed to enforce the action against Mr. Mulley. At all events a suit will be instituted to compel Mr. Mulley to remove the projections of the building in question as they extend over the sidewalk. When the conflict begins it will be well worth watching as Mr. Mulley is nothing if not a fighter.

Brookway Entertainment Course. The tickets for the entertainment course to be given by the Brookway Lecture Bureau in the Lyceum theater are on hand to be distributed to the patrons. A large number have already been disposed of and there is little doubt but that it will be a great success. Following is the list of entertainments provided: Arle Ladies' Sextette, Bostonia Sextette club, Mare, Maclean, Will Carleton, Boston "Ideal" Banjo and Mandolin club, Clayton Jubilee Singers, Wilceat Grand Concert company, Patriotic concert company, the Ottumwas, a male quartette, Rogers-Gilley recital. Music lovers will be delighted to learn that George H. Litt, formerly the leader and basso of the famous old Schubert quartet, has assumed the position of second bass and director of the Ottumwas. No effort has been spared to provide first class educational and elevating entertainments, at a merely nominal price, thereby bringing it within reach of the public in general.

ABINGTON BAPTISTS CLOSING SESSIONS WERE HELD YESTERDAY MORNING AND AFTERNOON. Reports of the Various Standing Committees Received and Adopted. Additional Officers and Delegates Selected—Sermon by Rev. E. F. Y. Pierce, and Addresses by Revs. Dobbins and Filppo—Reports of Conference and Obituary Committees—Meet in Blakely Next Year.

The final sessions of the Abington Baptist association were held yesterday morning and afternoon in the Providence Baptist church. The principal business of the day was the reports of committees and the appointment of the various standing committees of the association. Addresses were delivered by Rev. Frank S. Dobbins and Rev. O. F. Filppo, Rev. R. P. Y. Pierce, of Penn avenue church, preached the doctrinal sermon and the association decided to meet at Blakely next year. Strong resolutions were presented by the committee on temperance. The name of Benjamin Smith, a delegate from the Jackson Street Baptist church was unintentionally omitted from the printed list. The second day's session opened at 9 o'clock yesterday morning with devotional exercises led by E. R. Griffiths, and prayer was offered by Brothers Winters and Clay. The report of the missionary committee, submitted by Rev. M. J. Watkins, showed that aid was granted during the year to seven different pastors, representing nine churches and some out stations. The total sum paid out was \$500. The board asked the association to raise \$450, but the amount actually secured was \$1874. The committee recommended the Elmhurst and Dudley street churches to the special prayer and help of the association. Addresses were afterwards delivered by the missionary pastors, Rev. P. L. Hartford, West Lenox; Rev. Thomas Baker, Throop and Scott Valley; Rev. J. S. Thomas, Peckville.

MUCH DISCUSSED LETTERS. The report of the special committee on letters received from the White Baptist association and Dudley Street and Providence Baptist churches, which caused so much discussion on Wednesday, was reconstructed and finally adopted with the recommendations offered. The matter was purely technical and of no moment and did not concern the public. The report was followed by the singing of "Praise God from Whom All Blessings Flow" and prayer by Rev. M. D. G. Rev. H. H. Harris, D. D., made a verbal report for the committee on a striking case of a young man with prospects. The report of the committee on Home Missions was made by Rev. W. J. Ford, which showed that last year twenty out of thirty-two churches contributed \$270.80 to the cause of home mission. A decrease in the amounts contributed over last year was noticeable, there being a falling off of \$104.18 in two years. Rev. Thomas de Gruy reported for the committee on foreign missions, showing an aggregate membership of Baptist churches of 4,560. The total amount contributed during the past year to the missionary union was \$230.41. Rev. Frank S. Dobbins, D. D., secretary of American Baptist Missionary union, then followed with an address on "All the World's a Stage," which was listened to with interest.

Rev. R. F. Y. Pierce, of Penn avenue church, preached the doctrinal sermon in the absence of Rev. J. L. Williams, of Forest City. The following members of standing committees were appointed: Systematic Benevolence—Rev. J. L. Williams, Rev. J. S. Thomas, Rev. W. J. G. Guest. Auditing—Giles Clark, C. M. Hathaway, Isaac Edwards. Educational Society—Rev. W. H. Sewell. Foreign Missions—Rev. H. H. Harris. Publication Society—Rev. R. F. Y. Pierce. Home Missions—Rev. S. F. Matthews. Obituaries—Rev. C. H. Spaulding, Rev. Edward Howell, John Davis. Benevolence—Rev. M. J. Watkins, Rev. W. R. Brown, Rev. F. Hartford. Temperance—Rev. S. G. Reading, A. B. Clay and James W. Lowry. Keystone Academy—Rev. C. H. Spaulding, Rev. R. M. Roderick, Rev. O. F. Filppo, William Chapell and J. W. Browning.

Pledges to the amount of \$20 were made for state work. The morning session was closed with the benediction by Rev. H. H. Harris. The afternoon session opened with a song service, led by Rev. Thomas de Gruy, and Rev. S. F. Matthews, offered prayer. Rev. W. J. Ford was elected vice-president of the Pennsylvania State Mission society, and Rev. W. H. Sewell was chosen as vice-president of the State Educational society. Rev. J. R. Ellis, Rev. E. F. Y. Pierce, Rev. S. F. Matthews and Rev. W. J. Ford were elected as delegates to the state convention. On motion, the doctrinal sermon preached by Rev. Mr. Pierce was read in the minutes. The report of the committee on temperance submitted by Rev. C. A. Spaulding, contained the following resolutions: THE GREATEST EVIL. Resolved, That the legalized liquor traffic is the greatest evil before us, and to the church and American homes. Resolved, That this evil is here because of the indifference of the voters of the church, and will remain until they are aroused to the enormity of the evil. Resolved, That we vote as we pray, "Thy Kingdom Come and Thy Will be Done." C. A. Spaulding, T. Baker, Committee.

The report was adopted amid considerable enthusiasm. The treasurer was instructed to pay the printing bills and expenses of the association. A vote of thanks was tendered the Providence church for the entertainment of the association. Rev. O. F. Filppo, D. D., general agent for Pennsylvania of the American Baptist Publication society, followed with an address on the society's work, which was very interesting. The committee on systematic benevolence did not submit any report. The obituary committee reported as follows: As we review the records of the past year we find that death has removed nearly fifty members from our ranks. Among them were some of our oldest and most faithful workers. Prominent among these was Rev. Benjamin Miller, of Waverly, who had endeavored himself to the Abington association by his noble Christian character and long valuable services. He was the means of turning

many to righteousness, and though dead, he yet speaketh. As these workers are gathered home let us pray that the Lord of the harvest may send still other workers into His fields. J. S. Thomas, W. D. Grow, James W. Lowry, Committee. The association accepted the invitation of the Blakely church to meet with them next year, and the convention was closed with a brief conference meeting, in which several pastors and laymen spoke.
