

EVENTS OF DAY IN WEST SCRANTON

MIRACULOUS ESCAPE OF A CHILD FROM INSTANT DEATH.

Young Daughter of John McManus Knocked Down by a Street Car, but Was Not Injured—Contractor Flanagan Injured—Boy's Foot Crushed and Amputated—Columbias Have Invited Bloomsburg Fire Company to Be Their Guests—Other News Notes and Personals.

The 14-months-old daughter of John McManus, of 426 North Main avenue, who is a clerk at Clarke Brothers' general store, at West Scranton, had a narrow and miraculous escape from death yesterday morning about 10 o'clock by being run into by a North Main street car.

The little tot strayed from the yard at her home and walked almost in front of the car, which was in the hands of Conductor P. J. Burns and Motor-man Tom Edwards. When the motor-man saw her he applied the brakes and reversed the power, but he was unable to stop the car before it struck the child.

Fortunately, when the fender hit her she was thrown from the tracks. When picked up by the conductor and motor-man the child was not any the worse for its experience. Dr. G. B. Reynolds was called and upon examination stated the young one was unharmed.

COLUMBIA HOSE COMPANY. At the meeting of Columbia Hose and Chemical company held on Monday evening it was decided to invite the Friendship Fire company, No. 1, of Bloomsburg, to be their guests during the state firemen's convention. DRINK GRAIN-O

after you have concluded that you ought not to drink coffee. It is not a medicine but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grains and contains rich seal brown color and tastes like the finest grades of coffee and costs about as much as children's candy and thrives on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c.

MRS. PINKHAM says that irritability indicates disease. Women who are nervous and snappish are to be pitied. Their homes are uncomfortable; their dispositions grow constantly worse. Such women need the counsel and treatment of a woman who understands the peculiar troubles of her sex.

EVERY-DAY TALKS WITH WOMEN

your Vegetable Compound has done for me. It has helped me more than anything else. I suffered for a long time with nervousness, pains in back and limbs and falling of the womb; also had neuralgia in my head and could not sleep. I told my husband that something must be done, for I was nearly frantic with pain. Having read of the wonderful cures Lydia E. Pinkham's Vegetable Compound had performed, I determined to try it. I have taken it and am happy to say I am cured. I recommend it to all my friends and never tire of telling the benefit I have derived from its use. I have you alone to thank for my recovery.

Mrs. ELLEN FLANAGAN, 1810 Mountain St., Philadelphia, Pa., writes: "DEAR MRS. PINKHAM—Three years ago I was a sufferer from chronic dyspepsia, was irritable and cross, and can say that after taking seven bottles of Lydia E. Pinkham's Vegetable Compound was entirely cured. I take great pleasure in writing this to you and would be pleased to be interviewed by any one who is afflicted with that distressing complaint. I am very grateful to you."

THEATRICAL.

"On the Wabash."

At the Lyceum last night Joseph Arthur's five act comedy drama, "On the Wabash," was presented by a very clever and evenly balanced company. The scene is laid in a quiet little village in Indiana on the banks of the Wabash river and the drama has a number of characters of that region who have been delightfully sketched by Mr. Arthur. They were very faithfully presented by the members of the company.

"On the Wabash" has its hero and heroine, and, of course, its villain, no comedy drama could well be constructed without them, but notwithstanding the villain there is a quiet, peaceful atmosphere to the drama that is delightful.

The drama is superbly staged, the view of the interior of the town hall of Rapture and the field raising being a particularly effective set. During the progress of the drama a number of selections were given by an excellent quartette.

Edwin Meyer, William Hayes, W. H. Pendergast, Edith Pussett and Lettie Collins the principal work of the drama devolves.

At the Academy.

"Moths of Society" was presented at the Academy of Music yesterday afternoon by the Bon Ton Stock company. At night "The Census Taker" was the attraction. Tomorrow the company will be seen in "The Black Flag" and tonight "The Strange Adventures of Miss Brown."

"Metropolitan Burlesquers."

For Sept. 21, 22, 23, beginning with a matinee, "The Metropolitan Burlesquers" will hold forth. The opening starts with a farce comedy by Eddie Weston, called "Old Puddin' head," which gives him an opportunity to display his funny and peculiar style of Irish comedy. Then we drift into the olio, which is a varied one from start to finish, including the entertainment in Frank Dunne's burlesque masterpiece, "The Girls Bachelor Camp," which is an entirely new idea in the burlesque world, full of new costumes and scenery and a continuous laugh from start to finish. Matinees daily.

BOARD OF CHARITIES MEETING.

Report of Mrs. Duggan for August and September Read. The Board of Associated Charities held a meeting last evening in Colonel Ripple's office in the postoffice. The report of Mrs. Duggan, the agent, for August and September was presented and accepted. It was as follows: Applications for relief, 15; cases investigated, 108; found worthy and aided, 99; found not worthy, 18; employment found, 10; lodging and meals, 6; transferred, 6; sent to the almshouse, 2; sent to Laekawanna hospital, 4; to House of Good Shepherd, 7; to Florence mission, 1; to St. Patrick's Orphan asylum, 2; referred to Home for the Friendless, 1; referred to St. Joseph's Foundling Home, 3; referred to chief of police, 2; cases received from Wilkes-Barre Humane society, 7; arrested for various causes, 3; sent to St. Luke's Summer Home, 5.

Mrs. Duggan reported that a one-cent Polish box had been going around the city soliciting money with a book. She stated that when she interrogated him that he placidly stated that some days he collected as much as \$7 and never any less than \$2. While the members present declared themselves as being opposed to this easy way of making a living, they nevertheless confessed themselves as being powerless in the matter.

AGAINST SUNDAY PAPERS.

Christian Endeavor Union Has Placed Itself on Record. The executive committee of the city Christian Endeavor union met Monday evening in the Grace Reformed church on Wyoming avenue. The committee heartily endorsed the action of President G. W. Welsh and Attorney C. E. Daniels in stopping the prize fight which was to have been held that evening.

The following resolution was presented and unanimously passed: Resolved, That the Christian Endeavor union place itself on record as being opposed to the printing of Sunday newspapers on the streets.

The secretary was instructed to notify the mayor of this action and to request him to use his influence to prevent the printing of Sunday papers.

A communication from the Green Ridge Presbyterian society in which they had placed themselves on record as being opposed to Sunday trains and Sunday newspapers was next read. The society declared themselves to be heartily in favor of the sentiments expressed in the communication.

A committee consisting of W. T. Hackett, D. J. Phillips and C. E. Daniels was appointed to make nominations for the new officers of the union who are to be elected at the next meeting to be held in about two months. The committee meets again on the third Monday in October.

THE BABY

A Burden or a Blessing

When the baby comes into the house it comes as a burden or a blessing. If it is weak and sickly it becomes a burden for the mother by day and night. If it is a strong baby, bright and healthy it becomes a mutual joy to its parents and binds them closer together in affection.

There is no question as to the desirability of a healthy baby, whose winning ways and merry prattle bring a new element of joy into the home life. Every woman desires to have healthy, happy children. The reason that so many women fail to realize this desire is because they do not understand the intimate relation between their own health and that of the child which is born to them. To paraphrase a line of a familiar poem, it might be said to mothers:

"Laugh, and the child laughs with you."

The childish moanings and cryings are only echoes of the mother's feelings during that anxious time of waiting when, weak and suffering she shrinks from the coming hour of her trial. Motherhood rarely finds a woman ready

for the great change which the function entails. At this time she should be at her best. Every force of nature should rally to her support. She should be strong in body, cheerful in mind. There should be always a smile on her lips and a song in her heart as she thinks that she is to be of those who are "blessed among women."

But as a general thing, motherhood finds woman at her worst instead of at her best. She is weak of body, despondent of mind and her heart is full of anxious forebodings of the future.

Under proper conditions every mother may have healthy children. These conditions have been realized by many mothers who have used Dr. Pierce's Favorite Prescription.

"A BIG, STRONG BABY." "I am so thankful for what Doctor Pierce's Favorite Prescription has done for me," writes Mrs. John T. Smith, of Slocan, B. C., Box 50. "It helped me through the trying months preceding the birth of my baby. I have a big, strong baby girl, the most healthy of all my three, and the 'big, strong baby girl' are consequences of the cure of the strength draining disease."

It is often said jestingly, that the important part of a woman's letter is contained in a postscript. It is certainly true of Mrs. Smith's letter that the last sentence is the most important from a medical point of view. "It cured me of a disease that was taking away all my strength." The help during "the trying months" preceding the birth of my baby," and the "big, strong baby girl" are consequences of the cure of the strength draining disease.

There are thousands of women whose strength is being drained by disease, who never realize how great that drain is until they begin to live. Instead of one, there are thousands of weak mothers of fretful children, who will never know happiness in maternity or bring into the world healthy children until the diseases which drain the strength are stopped. They can be stopped by the use of Dr. Pierce's Favorite Prescription. This is a woman's medicine. It is not a cure-all, but it is designed solely to cure those diseases which are peculiar to women. In the cure of these diseases it is without a rival. It regulates the nervous system, discharges and weakens drains, heals inflammation and ulceration and cures female weakness. It makes childbirth practically painless and gives strength to nursing mothers.

"I wish to extend my most heartfelt thanks for the benefit your medicine has been to me," writes Mrs. Charles Leray, of Unionville, Tuscola Co., Mich. "I had what the doctors called inflammation of the ovaries; there was pus formed in the fallopian tubes. Once or twice a year I would have a spell of sickness lasting about two months; very severe pains in my sides, over the ovaries, and down the upper part of my limbs to the knees. It seemed as if the flesh would come off, and accompanied by nervous vomiting and nose-bleed. I was not able to do my work. I was so sore across the abdomen if I stepped down quickly it almost killed me. Could not keep hardly anything on my stomach any of the time."

"I was examined by our home physician, also one in Toledo, Ohio, and they all said I would have to have the ovaries removed. In June, 1888, I went from Toledo to Battle Creek, to the Advent Sanitarium, and was examined by Doctors Kellogg and Winegar, and they advised an operation. I took treatment there for ten weeks; local and bathroom treatment, such as electric baths, hot fomentations, etc. I improved some and returned home the first of September, and commenced doing my house work. I began to get worse again. I then got one bottle each of Dr. Pierce's Favorite Prescription, and 'Golden Medical Discovery.' When I commenced taking them I weigh 110 pounds, before I had taken one I weighed 130. I improved so much that it encouraged me. I kept right on. I have taken eight bottles of 'Favorite Prescription' and two of the 'Golden Medical Discovery' and haven't had any pain since March. I feel perfectly well. Have not the least pain in my sides and no trouble with my stomach whatever. I now weigh 135 pounds. I have had better health the past winter and spring than ever before in my life of 22 years. This trouble had bothered me some for eight years, but got worse in the last four years. Before I began these medicines I wrote to Dr. Pierce and received a prompt reply advising me to try his medicines. I earnestly thank God that I took his advice, and I highly recommend Dr. Pierce's medicines to all suffering women."

"HOPE FOR EVERY WOMAN." The encouraging feature of such testimony as that of Mrs
