LACKAWANNA "THE" Laundry 208 Penn Avenue. A. B. WARMAN. LARGEST IN THE UNION. Elm Park Chautauqua Circle to Resume Meetings.

The Elm Park Chautauqua circle, which is the largest in the United States, will be organized for the winter work next Monday night at 8 o'clock in the reading room of the church. Its membership is open to all without reference to church relationship, and all who desire to keep up a good course of reading will be welcomed. This is what is known in the four year course as "The American Year." The topics studied will be expansion, American literature, socialism, etc. Dr. Giffin, the pastor, will speak on Sunday evening on a subject that will be a fitting introduction to the studies of the circle, viz: "The Importance of Educated Patriotism." All will be interested in the theme.

EXAMINED ONE DESIGN. County Commissioners and Veterans View Monument Plans. County Commissioners Roberts and Donahue, with several G. A. R. veterans examined a plan yesterday for the proposed monument to be erected to the memory of the deceased soldiers who fought in the civil war. Another plan was submitted but the designer was not present to explain the many details. It will be heard later. Plans will be received until the last of the approaching month. Smoke the Hotel Jermyn Cigar, 10c.

A HOWLING SUCCESS Is already assured for our offer of Barber Oil Heaters. Of course we expected a good demand for them, but you've surprised us with the rush. Keep it up and when you've cleared them out, we'll be apt to get you something else. THE LACKAWANNA HARDWARE CO., 821 Lackawanna Avenue.

REPUBLICAN COUNTY CONVENTION. In pursuance of a resolution of the Republican county committee passed at a regular meeting held on Saturday, Aug. 19, 1899, the county convention will be held on Tuesday, September 26, at 2 p. m. in the court house, Scranton, for the purpose of electing delegates and transacting such other business as shall be brought before it. Vigilance committees will hold primary elections on Saturday, September 23, 1899, between the hours of 4 and 7 p. m. Each election district shall elect at said primary election three qualified persons to serve as vigilance committee for the next ensuing calendar year, whose names shall be certified to on the returns to the county convention. Candidates who have thus far registered their names with the secretary and those who are desirous of registering will observe the requirements of rule 7, which reads as follows: "Each candidate shall pay his assessment to the county chair, man at least twenty days before the primary election, or his name will not be printed on the official ballot." Saturday, September 23, is the day for registering and paying the assessment. E. N. Willard, Chairman. J. E. Watkins, Secretary.

IMPROVEMENTS UNDER WAY. New Drying Tower Will Be Ready for Use Next Week. Work on the drying tower at the Nay Ague engine house is well under way, and by the middle of next week it will be ready for use. It is being built from the cellar to the apex of the building near the northeast corner and is fifty-five feet high, six feet wide and eighteen inches deep. It will carry 2,000 feet of hose. The original intention was to erect the tower at the rear of the building, but as it would have to project fifteen feet above the roof, Building Inspector Jackson decided to change the plans, as a projection such as this would endanger the safety of the roof in a heavy wind storm. The new position of the tower is the more convenient, as the hose can be fed into it from the outside. The tower is finished in hard wood where it shows in the interior and is lined with insulation paper to prevent any dampness working through into the company's quarters. The hose will be raised in the tower with a block and tackle and hung up to dry on cross-bars fifty-foot lengths. Improvements are also under way on the Franklin, Columbia and Century houses and in a few days proposals are to be invited for repairs and alterations on the Niagara, Liberty and Excelsior houses.

DEMOCRATIC CONVENTION. Will Be Held Tuesday October 3, at the Court House. Pursuant to a call from Chairman F. J. Fitzsimmons, the Democratic county committee met last night in the St. Charles and decided to hold the primaries Saturday, Sept. 30, between the hours of 4 and 7 p. m., and the convention Tuesday, Oct. 3. It was not definitely decided where the convention will take place, but if possible the court house will be secured for it. September 25 is the last day for filing papers. The members of the committee in attendance at the meeting were Chairman F. J. Fitzsimmons, of Scranton; Secretary John J. Coyne, of Milnoka; James McGraham, E. J. Lynett, M. J. Cadden, P. J. Nealis, D. J. Roche, Joseph O'Brien, R. J. Beamish, William Hewitt, George S. Horn, John J. Durkin, Thomas Cullen, John J. Kearney, of Scranton; Del Carpenter, of Scott; James O'Rourke, of Archbald; M. Welles, of Dickson City; Nicholas Glynn, of Poil township; W. J. Gordon, of Carbondale; M. J. McDonald, of Lackawanna. The only new candidate mentioned is Victor Burschell, of Dunmore, who seeks nomination as county auditor.

REPUBLICAN PRIMARIES TODAY. Spirited Contests Are on for the Four Nominations. This afternoon between the hours of 4 and 7 the Republicans of Lackawanna county will select nominees under the Crawford county system. The county committee has completed all arrangements and everything is confidently expected to run smoothly. The officers to be balloted for are two county commissioners and two auditors. The candidates for county commissioner are: William Franz, J. Corrier, Morris, John Penman, Giles Roberts, Samuel W. Roberts and William I. Thomas. For county auditor the candidates are: Thomas R. Hughes, Wm E. Johns, Asa F. Kiefer, William D. Spencer and Edward L. Ward. The return judges will meet next Tuesday in the court house to report the results. There are spirited contests for the four nominations and with propitious weather a big vote is looked for.

THE FIVE NEW CARRIERS. Names of the Substitutes Who Are to Be Promoted. William B. Prosser, William H. Bird, James F. Lynott, Thomas D. Davis and Burton E. Weldy are the five substitute letter carriers who are to be promoted to regular positions under the new order increasing the force from thirty-seven to forty-two men. Three of the five new carriers are to be mounted. The mounted carriers are allowed \$20 a year for a horse. Who the mounted carriers will be has not as yet been decided upon. Mr. Prosser, who was first on the waiting list, was the first substitute under Postmaster Ripple's administration to be advanced from the list of eligibles submitted by the civil service board. He became a substitute on July 7, 1897. Mr. Weldy has been substituting only since March 15, 1898.

THE CONSERVATORY SYSTEM. It Courts Investigation. The Conservatory system of teaching piano, as taught in the Scranton Conservatory of Music, 604 Linden street, is well worth your personal investigation. You are invited to come and see it in operation. In the lessons the pupils play with and in the presence of others, insuring remarkable enthusiasm, absence of embarrassment, precision in time, and is the least expensive method for first class instruction. The classes are under the personal instruction of the director, J. Alfred Pennington, himself a pupil of the leading conservatories in this country and Europe. The class room contains four new pianos. Send for "The Keynote," the new Journal of the Conservatory.

Only eight of the visiting companies will bring their apparatus with them. The executive committee met last evening in the common council chamber at city hall. The chairman of the male reception committee, T. J. Jennings, reported that that body is making excellent progress in arranging for the reception of the visitors. A number of the outline committees, which reported progress. A special committee was appointed to confer with the finance committee before the next meeting and get some idea of the amount of funds collected or in sight. It has been decided to have the parade that city companies participate in a run down the entire length of Wyoming avenue on the evening of the asphalt dance. The wagons are to be illuminated and a prize will be offered for the company leaving the handsomest decorated wagon.

THE LOFTUS INQUEST. Was Held Last Evening in the Court House but Will Be Continued.

An inquest into the death of the Hon. T. W. Loftus, of Olyphant, who was struck by a Delaware and Hudson engine at the Machine crossing while alighting from a trolley car last Monday evening, was conducted by Coroner Roberts last night in the arbitration room at the court house. The following witnesses, all passengers on the trolley car, were examined: Alderman John T. Howe, Miss Mary Davis, William J. McGrath, Edward G. Lloyd and T. R. Stanton. The motor-man and conductor of the trolley car, John J. Farrell and Thomas Terwilliger, were also examined. The testimony showed that the trolley car just barely cleared the railroad track when the engine, pulling a freight train, passed. Several of the witnesses testified that a number of the passengers were greatly frightened when they saw the approaching train, and that Mr. Loftus was alighting to save himself from what he probably thought would be a collision, when he was struck. On account of the absence of several important witnesses, the inquest was adjourned until Tuesday evening at the same place. At last night's session Attorney W. R. Lewis was present in the interest of the Delaware and Hudson company and Hon. C. P. O'Malley, of Willard, Warren & Knapp, appeared for the Scranton Railway company.

DOCTOR SERIOUSLY INJURED. Assaulted at Hotel Jermyn by One of Dewey's Men.

Dr. John O'Malley was assaulted and seriously injured last night by a naval officer named William Reith who was a guest at the St. Charles. The affair occurred in the Hotel Jermyn. The naval man was introduced to Dr. O'Malley by a mutual friend in the lobby of the hotel. They got to discussing naval affairs and particularly the battle of Manila and wound up in a heated argument. The naval man, it appears, lost his temper at some remark the doctor made and picking up a glass struck him in the face cutting an ugly gash over the right eye. Dr. O'Malley was called, unconscious into the buffet and treated by several brother physicians who were hastily summoned. When the doctor regained consciousness and the flow of blood was checked, a carriage was called and the injured physician was removed to his home. His assailant ran out of the hotel and disappeared for over an hour. He was finally located by the police in the St. Charles and taken to the St. Charles. He spent the night in the central station house. The prisoner declined to say anything about himself but it is understood by home is in Indiana. On his chest were one of the gold badges presented by congress to the men of Dewey's fleet.

JOHN MARTIN KILLED. Struck and Run Over by a Car in the Von Storch Mines.

John Martin, who resided on Stanton street, was killed yesterday afternoon in the Von Storch mines, where he was employed as a driver. An unfortunate young man was driving a mule up an incline in the mines directly behind another driver, also driving a mule attached to several cars. The rear car became uncoupled in some unexplainable manner and came flying down the incline, striking Martin and fatally mangling him. He died almost instantly. The remains were taken in the mine ambulance to his parents' home.

LOCAL P. O. S. OF A. DELEGATES. Will Go to New Haven Next Week to the National Camp.

A. J. Colburn, James Bird and Frank L. Phillips, of this city, are among the delegates who will represent the state camp of the Patriotic Order Sons of America at the national camp to be conducted in New Haven, Conn., commencing next Tuesday and continuing three days. Mr. Colburn is one of the speakers at the banquet to be tendered by the delegates, Tuesday night, by the New Haven camps. His toast is "Our Duty."

SCRANTON BUSINESS COLLEGE NOTES. New students are enrolling every day.

A request last evening for a lady stenographer made up the Hudson River, led by Admiral Dewey's famous sea fighter, the flagship Olympia. On September 28th and 29th, the Lackawanna railroad will sell reduced rate tickets to New York and return, good to return on or before October 4th. Sixteen solid vestibuled trains between New York and Scranton every week day. Only four hours ride, or two hours quicker than any other route.

Declines a Nomination. Lynn, Mass., Sept. 22—Hon. Walter L. Ramsdell, of this city, has declined the nomination for state auditor, tendered him by the Democratic state convention yesterday.

WORK WILL RESUME AT FOREST CITY

Idle Collieries Will Start Up Monday Morning. The Men Met Yesterday and Passed Resolutions Declaring Their Willingness to Work as Soon as the Company Was Ready to Have Them Work, and Soon Afterward Announcement Was Made That the Collieries Would Be Again in Operation Monday Morning—Rejoicing at Forest City. It is as good as certain that the Hillside Coal and Iron company collieries at Forest City will resume operations Monday morning. The men met yesterday afternoon and passed resolutions setting forth that they had no grievances and were ready to begin work just as soon as the collieries would be started up. This was communicated to the company officials, and soon afterward the report went forth that work would be resumed Monday morning. The Tribune verified the report. No authoritative statement has yet appeared as to the cause of the stoppage. Week before last a matter of discipline was the subject of conference between a committee of the employer and officials of the company. There was a difference of opinion and it was not adjusted. Rumors of a strike being in contemplation got afloat on Monday of last week the collieries shut down. Whether or not this was done to forestall the strike is not known but the opinion in and about Forest City is to the effect that this was the object. The local officials say they do not know that such was the purpose. At all events there was no strike and no lockout as far as can be learned and the works will be opened up Monday morning. The two collieries employ 1,200 men and are the chief means of the town's support. When the news reached Forest City there was a general sigh of relief as it was feared that a lockout was on and that it might continue indefinitely.

COURTSHIP COMMITTED. Escaped from the Officer Once but Was Recaptured.

Frank Courtship who made such a burlesque attempt to commit suicide a few weeks ago in the White House, was committed to the county jail yesterday morning by Alderman Millar in default of bail on a charge of larceny preferred by George Coons. The latter says that Courtship took a watch from him about a month ago and that he has often desired to prosecute him but was persuaded not to by Courtship's friends. Courtship was arrested on Wednesday evening and was allowed to leave the alderman's office. Commitment papers were made out and given to Constable Bryant to serve. He found his man at the scene of his other exploit, the White House, and served the papers on him. Courtship however, sprang away and gained such a head start that the constable was unable to get him. A general alarm was sent out and he was captured about 8 o'clock on Wyoming avenue by Patrolman Ross and lodged in the Centre street station.

NEW RECEIVING VAULT. A Handsome One to Be Erected in the Dunmore Cemetery.

The trustees of the Dunmore cemetery have let the contract for a magnificent new receiving vault to the New England Granite company, the builders of the new Congressional library. The exterior is to be constructed of granite and in the Doric style of architecture. The interior will be finished with beautifully polished imported Italian marble with bronze fixtures. There will be sixteen crypts, each complete in itself with a bronze door secured by a Yale lock. The entire vault will be thoroughly ventilated. It is to be situated at the left of the entrance and according to the contract, must be completed by January 1, 1900.

DEPARTMENT AGAIN ROASTED. "City Government" Takes a Turn at Criticizing Us.

Under the caption "A Poor Fire Department," "City Government" in its current issue has this to say: "The city of Scranton, Pa., with a population of 110,000, still clings to the semi-paid and semi-volunteer fire department. This would be bad enough, but it is not half the tale of woe. Until within the past few weeks it has had only about one-fourth an adequate supply of hose. "When recently inspected by a representative of 'City Government,' the department was found to lack discipline, thorough organization and training among its paid members. Three new hook and ladder trucks and one new engine were also badly needed. The fire alarm telegraph is connected out to the local telephone company and frequent mistakes occur. The chief is powerless to change this condition of things because the service is not under his management. "Enough money has been spent on the department annually to make it equal to the full paid service of Elmira but no one seems to know how the wretched condition of its affairs came to pass. "The present chief, Charles Walker, has only been at the head for a few months, but has taken hold of the work with a vigorous hand and is thoroughly re-organizing the service from the ground up. If he receives sufficient cooperation he will soon make the Scranton department second to none in the state of Pennsylvania."
