ROOSEVELT **OPENS THE** CAMPAIGN

A Masterly Address Delivered at Akron, Ohio.

THE QUESTION OF TRUSTS

He Says That Big Corporations Are Indispensable Instruments of Industry, but That Evil Tendencies Should Be Checked by Law-The Whole Trend of the Nation Is Toward Expansion-It Is Impossible to Save Our Honor or Restore Order in the Philippines Save Through Victory.

Akron, O., Sept. 24 - The opening of the campaign here in Ohio today was made memorable by the masterly discusaton of the issues of the day by Governor Roosevelt, of New York. When the train bearing the hero of San Juan arrived at the station the whole city of Akron and thousands of visitors from neighboring places were there to meet him and take him by the hand. He was equal to the occasion, and was evidently pleased with the marked attention paid him. As soon as he came out of the car crica of Roosevelt' and "Teddy" were taken up by the throng, and he was fairly lifted into his carriage. So great was the interest in the distinguished guest that the order of speaking was reversed and Roosevelt placed first, as the hour was growing late when the parade reached the stands at Grace 'Here, as in the parade, he was the lion of the hour, and his speech elicited the greatest enthusiasm. His culck, nervous and intense delivery made a great hit with the crowd.

Governor Roosevelt's Speech.

Governor Roosevelt said in part:

1 come to speak to you because we recognize throughout the nation that the contest this year in Ohio is not, and cannot be, anything but a national contest. It is idle to say it is local— yes, and worse than idle—it is dishon-est to make such an assertion, where the tel.

the democratic platform lays its especial stress upon national questions. If a party raises an issue which it knows is a false issue, merely for the hope of carrying an election, then that

DID OTIS MAKE Arrangements for Reception of the Admiral Completed. New York, Sept. 24 .- All the general INTERVIEW PUBLISHLD IN THE arrangements for the reception of Adniral Dewey are now completed and nly a few minor details are left to be actiled. The majority of these cannot be attended to until the admiral has arrived and his wishes have been con-sulted. All the sub-committees have about finished their work and havmade their reports to the general com mittee. The committee on distribution of tickets was at work all today in the mayor's office until late into the night. They apportioned nearly 20,000 tickets, all there were at their disposal. Their work did not include the distribution of tickets to the municipal assembly and the school childrens' stands. These ckots will be at the disposal of the

municipal legislators and the president of the board of education. Work on he big Dewey triumphal arch is rapdly being pushed and the arch will be in proper condition in plenty of time. Governor De Forrest Richards, of Wyondrig, has telegraphed asking leave withdraw his previous refusal to rticipate in the celebration. The reerty. ly was sent that New York would be leased to welcome him. Concerning he committee of seven that is to attend Admiral Dewey during his stay in this city. Mr. Foster said he had reseived a reply in writing from Chauncey Depew and in person from Richard Croker and Wm. McAdoo, Mr. Croker

said the committee could make any use of him they desired and that the was ready to do anything in his prope power to help along the success of the celebration. With the exception of Levi P. Morton and W. C. Whitney all the members of the committee have accepted. Norther of the last two have been heard from.

NEW YORK SUN.

From the New York Sun. Manila, Sept. 23, 10 p. m.-General Otis said today in regard to the Filipino offer to release certain American prisoners that he believed it was intended as a bluff to play on the sympathy of foreigners. General Otis, as has been stated before in these dispatches, has repeatedly released Fillpino prisoners of war; in fact, he has

already set over 2,000 of them at lib-In order to test Aguinaldo's good faith the Spaniards today asked General Otis to authorize the sending of a steamer to Dagupan to get the Spanish prisoners there and transport them to Spain. Aguinaldo has offered to release these prisoners. General Jaramillo, who is in charge of Spanish af-fairs, said that at the beginning of August the insurgents had 6,700 Spanish prisoners, including 400 officers. Since that time 30 per cent, of the prisoners had been starved. Each

man gets only five cents a day for his food allowance. General Jaramillo recently received a letter from General Pena, urging the Spanish commissioner to use every endeavor to secure the release of the Spanish prisoners. Among other things he said: "If this thing does not

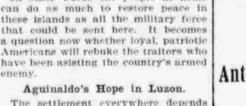

end in a few months there will be few left to tell the tale." The Sun correspondent had a long interview today with General Otis about the state of affairs in the Philippines. The general, in reply to ques-

tions, said: Things are going along in a very satis-factory manner. Our own forces are in good condition. We have plenty of com-missary supplies here or on the way. We also have all the transportation facilities necessary either here or on the way. When the weather conditions permit we shall be ready to make an active cam-

The couple rented a house and had ordered a large quan-tity of beer to be delivered there for the nuptial celebration. Many Hungarlans from the surrounding towns called, and for a few hours all went well. Before midnight, however, some of the guests became hilarious and some got into a fighting mood. The Voser brothers, who belong to the United Greek church faction and who had been warned not to attend the wedding, got into an argument with the Orthodox faction over religion and a general fight was the result. Vashington, Sept. 24 .- Acting Secretary Allen of the navy department received a cable from Rear Admiral Watson today giving a brief account of the engagement at Subig bay, It is dated the 24th, at Manila, and says: "Mandora discovered heavy gun mounted opposite Kalaklan Point, Subig bay; exchanged shots with Charleston. The important feature of the engage-ment is the fact which is disclosed that the insurgents have been able to obtain Krupp guns. It was known at the time of the outbreak of the insurgents against the Americans that the artillery of the insurgents consisted of a few obsolete guns captured from the Spaniards. This is just what the Democratic party in Ohio has done at this time. nd just what its leaders, national and ocal, from the top down, are doing when they speak of expansion, of trusts and on free silver. It is the sincere belief of all right minded men who ave the welfare of the nation clos heart, that the position taken by the Ohio Democracy, speaking in reality for the national Democracy in this campaign, is one destructive of national prosperity at home and of national honor abroad

They wish to discuss the question of nomic question, and an eec expansion, which is really the question of upholding abroad the honor of the flag and the interests of the nation, and of making us rise level to our duties as a world power. They hope to avoid much discussion of the silver question-much discussion of their adocacy of a dishonest dollar-trusting that thereby they shall be enabled to say to the believers in free silver that they are heartily in favor of it, and yet to fool the men who stand for sound finance by explaining to them that that question is really relegated to the rear ind is not a live issue.

Question of Trusts.

Our opponents denounce trusts. But not one remedy that propose would not make the situation ten times orse than at its worst it now have read through carefully the echos of Mr. Bryan and of his fellows what they propose to do find out have found plenty of vague denunci otion. I have not found so much as an attempt to formulate a national policy of relief. In the Democratic latform in Ohio just two me are proposed-the first that you should change the tariff because it favors trusts, and the second that you should coin silver in the ratio of sixteen to one without regard to the ac-tion of any other nation.

They pretend that the tariff favors regular time, and stools for use in the They know well that the est trusts in this country, the Stand ard Oil and Sugar trusts, are utterly unaffected by the tariff. They know well that the trust with which there is the most widespread and deepest dissatisfaction, the Beef trust, is utterly unaffected by the taviff; and in my wn state one of the largest trusts, th Ice trust (which is said to have as its most prominent member and promoter that ardem anti-trust champion and advocate of Mr. Bryan, Mr. Richard Proker) is also wholly unaffected by the tariff.

Six years ago you were under the kind of tariff to which they now ask you to return. And you were suffering from the threat of free coinage-the threat which they now revive. Are the people of this country so short-sighted that they forget the miseries of six years ago? Do they forget the bread riots, the poverty, the squalid want, even of those able and anxious to work?

Washington, Sept. 34-Forecast

for Monday: Eastern Pennsylva-nit-Rain cooler Monday; Tucsday fair, brisk southerly shifting to

to keep the shores guarded and repeat the lesson of yesterday if the insurgents are found to be operating on the COAST.

Detailed Account.

Manila, Sept. 24, 11.25 a. m .- The United States cruiser Charleston, the monitor Monterey and the guaboats Concord and Zafiro with marines and blue jackets from the cruiser Baltimore, left Cavite September 18 and, as already cabled, proceeded to Subig bay to destroy an insurgent cannon there. Owing to the bad weather, the operation was postnoned until yesterday. when the warships for three hours ombarded the town of Olangapo and the entrenchments where the gun was situated. Men from the Charleston. Concord and Zafiro were then landed, under a heavy insurgent fire, proceeding to the cannon, which was utterly destroyed by guncotion, and then returning to the warships. The Americans had one man wounded during the engagement. While waiting in Subig bay for better weather, the Americans descried Filipino reinforcements moying toward Olangapo, At 6.40 a. m. yesterday the Monterey began the advance upon the town, which was about three miles east of the monitor's anchorage. The Charleston, Concord and Zafiro followed

At 7.25 the Monterey opened fire with her secondary and main batteries, the Charleston and Concord joining immediately

At 7.38 the insurgent cannon answerod, the first shot passing close to the Montercy's smokestack. The gun was fired twice only.

The American bombarding then became general. At 9.30 the Monterey advanced to a range of six hundred ards, using her main battery. Two hundred and fifty men were landed about 800 yards east of the cannon at 11 o'clock, under a severe shore Mauser

The Krupp Gun.

The men from the Charleston were the first to reach the beach, but the Concord's men were first at the gun, which they reached at 11.10. The canton was found to be a 16 centimetre Krupp gun, presumably obtained from the Spanjards.

Meanwhile, the warships continued to shell the shelving beach on the east and west side to silence the insurgent fire upon the sailors from the trenches skirting the beach

Gunner Olsen exploded fifty rounds of guncotton, in three discharges, in the annon, which had suffered from the fire of the warships.

The Americans then returned to the boats, the firing inland being kept up to protect the embarkation. The Concord's men were the last to leave the shore and the warships were reached at 12:50. Cadet Brinser with the Conord's launch, armed with a gatting, did excellent work on the left of th landing party. Captain Meyers, of the narines captured a muzzle loading field piece. Lieutenant McDonald was in command of the landing party and the movement was splendidly executed and controlled. The number of the Fillpinos there could not be ascertained and no dead were seen

The Monterey fired for four hours twenty-one shots from her ten inch guns and seventeen from her twelva inch gum. The town which was riddled with

shells took five at several points.
