UNIFORMED PYTHIANS' DRILL

The Uniformed Knights of Pythlas of Scranton, visited the local knights last evening. Headed by the Mozart hand they paraded the principal streets and gave an interesting drill on North Main street. There were about thirty uniformed men in line and several thousand persons witnessed and applauded the evolutions. At half past eight they repaired to Assembly hall where they were dined and toasted. A uniformed rank of the local knights will doubtless be the outgrowth of the visit. A body of finer drilled men has pever been seen on our streets.

JERMYN AND MAYFIELD.

Important Meeting of Mayfield Council-Two Serious Accidents Yesterday-Financial Success of the Loan Exhibition.

A meeting of the Mayfield borough council was held Monday evening at which all the members were present. After the reading of the minutes of the previous regular meeting a heated discussion took place on the question of expunging that part of it declaring the seat of Councilman Bergan vacant on the ground that he had left the borough. Mr. Bergan produced the opinions of several attorneys that he had not lost his residence and was entitled to his seat and a motion to expunge the resolution from the minutes was carried by the vote of Chairman Dempsey, who at the former meeting voted for the resolution. The report of Prof. Lesher, who was engaged to make an investigation of the borough books, was handed in and the professor was present. The report, however, is incomplete and was laid upon the table. Secretary

Cavanaugh handed in his resignation, which was accepted and Patrick Daley was afterwards elected to succeed him. The resignations of Chief of Police Charles Blyth and Chairman Dempsey were also read and accepted. The resignation of Chairman Dempsey, who held the balance of power between the two factions of councils will, it is expected, cause a deadlock in future ousiness and it is probable no agree-

ment will be made on a successor until next election. Michael Davitt, of Mayfield, a well mown miner in the Glenwood shaft, was quite seriously injured while engaged at his work yesterday by a fail Fortunately a quantity of coal which lay upon the bottom rock caught most of the weight of the heavy slab that fell, otherwise Mr. Davit would have been instantly killed. He was taken to his home in the company's ambulance and attended by Dr. P. C. Manley. While his injuries are f a painful nature it is hoped that

the injured man will recover. Frank Worshiskie, a Polish boy of a wagon on which he was riding on the hill at Mayfield last evening nd sustained a compound fracture of the forearm. He was attended by

Though Apparently Strong and Healthy He

May Be in Imminent Danger. We read of the sudden death of men and we are astounded. But were they healthy? No, though outwardly there was nothing the matter, and no symptoms appeared by which a doctor could discover their disease, there was, not-withstanding, a disease present, which silently and secretly was laying up poison which, when the exciting cause hould come, would immediately flood the lungs with its deadly secretions, and render them inert and useless, so that the man who had been apparently a tower of strength grew feeble as an infant, and, in spite of the efforts of the greatest doctors, slowly choked to

Medical writers will tell you that the victim of pneumonia is drowned in his own secretions.

But why were not these secretions carried off? Because the kidneys were unequal to the task and needed aid. If business men, and men of affairs generally, when apparently in perfect health, could be induced to take preautions-how greatly would the num-per of widows and orphans be diminished in this fair land! The remedy is so simple, so well known, so infallible.

To avoid pneumonia and Bright's disease and all other ills arising from diseased livers and kidneys, all that need be done is to take as directed. Warner's Safe Cure. It will cleanse, it will strengthen, it will feed these organs, so that they can do their work.
