Three Doctors in Consultation.

From Benjamin Franklin. "When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. e., Theory) says is best to be chosen in the last place, But if you can get Dr. Inclination, Dr. Experience and Dr. Reason to hold . consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Inclination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experence would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. THEATRICAL.

Frank Daniels Tonight. Frank Daniels will present his new comic opera at the Lyceum tonight. It is "The Ameer" and sets forth in comical fashion the difficulties which punctuate the life of that East Indian ruler. The story is from the brains of Fred M. Ranken and Kirke La Shelle. It is their first effort at libretto writing and those who have heard the story pronounce it excellent. Comedian Daniels says that he has never had a part which fitted him so well as his part in "The Ameer." The music "The Ameer" is by Victor Herbert whose "Wizard of The Nile," Idol's Eye," and "Screnade" have made his name familiar to all the music lovers of this country. He says that he has done his best work in "The Ameer" The suport which Manager La Shelle addition to the principals of last year. mind to come at once: (Helen Redmond, Kate Uart, Norman Men's Shifting Suits, Kopp and Will Danforth), the management has engaged George Devoll the celebrated young American tenor who made a decided hit in London last senson: Will F.
