

### Debilitated—Worn-out

Mr. C. B. Cline, Business Manager, "Koster & Bial's," N. Y., writes: "As a tonic and strengthener for those who are debilitated and worn-out, the effects of your Johann Hoff's Malt Extract are simply wonderful. I was suffering from dyspepsia and nervous prostration for some months before I began to take the **Johann Hoff's Malt Extract** as directed, and now I feel physically like a new man. You may rest assured that I cannot praise it too highly."

Johann Hoff, New York, Berlin, Vienna, Paris.

### KENNY WILL NOT BE TRIED THIS TERM

CASE CONTINUED AT REQUEST OF DEFENDANT'S COUNSEL.

### Crime That Kenny Is Charged with Is the Murder of His Wife at Carbondale on July 4—Heavy Sentences Imposed Upon Jail Breakers by Judge Archbald—Daniel O'Leary, the Housebreaker, Sent to the Penitentiary for Six Years, Coleman Gets Five Years.

John P. Kenney will not be tried at this term of criminal court for the killing of his wife in Peil township on July 4 last. After court opened yesterday morning Attorney M. A. McGinley, who represents the defendant, sought an interview with District Attorney Jones and requested the district attorney to agree to a continuance of the case until the next term, several important witnesses for the defense cannot be brought into court this week.

As this is the first term the case has been on the list District Attorney Jones was not disposed to press the case to trial to the prejudice of the defendant and he agreed to continue the application for a continuance. Judge R. W. Archbald, who is presiding in the main court room this week, allowed the case to go over until the next term.

### Good, Stiff Sentences.

Frank Monahan and Andrew Agamashank were called for trial before Judge Archbald yesterday on charges of robbery and admitted their guilt. On May 29, they held on James Ferguson on the highway near Vandling. One of them was masked and had a revolver and the other a bludgeon. They took Ferguson's watch and a small sum of money. The judge sentenced them to six months in the penitentiary and directed each of the defendants to the penitentiary for five years.

Daniel O'Leary, who was arrested by Chief of Police Robling several months ago for committing a number of burglaries in the 2d district, and in Green Ridge, was arraigned yesterday on charges of having burglarized the house of Fred Warner at Green Ridge, Henry Steekel, in the field near the Johnson colliery, and Charles Conners, on the Hill.

O'Leary pleaded guilty to entering the Warner and Steekel houses, but decided to stand trial on the charge with reference to the Conners house. In each of the two cases in which he admitted his guilt Judge Archbald sentenced him to three years, or a total of six.

James McHugh, who entered the wash-house of the Clifton colliery at Vandling some time ago and stole a suit of clothes belonging to Michael J. Walsh, being afterwards arrested with them, pleaded guilty and was sentenced to pay \$1 fine and to spend six days in the penitentiary.

James Coleman, the colored man who snatched a satchel containing over \$60 from the hand of Mrs. Jane Huntington while she was on her way home on the night of Sept. 16, after closing her place of business was convicted and sentenced to five years in the penitentiary. Coleman denied his guilt but the commonwealth made out almost a perfect case against him and the jury was less than half an hour in reaching a verdict. The evidence showed that on the night following the robbery Coleman lost a large amount of the money he took from Mrs. Huntington in a poker game with Robert C. Lerry and others.

### These Plead Guilty.

A number of prisoners pleaded guilty yesterday before Judge Archbald and were sentenced by him.

William Lewis, charged with assault and battery by W. P. Robinson, of Kelly's Patch, who alleged that he former struck him with a stone one evening last summer, admitted striking the prosecutor, but not with a stone. He was sentenced to pay a fine of \$1 and costs. He is wanted in Wilkes-Barre for larceny and will be taken to that city when released.

William Farvie, who was employed last July as a bartender in the American House, Carbondale, admitted having stolen three boxes of cigars from there but pleaded drunkenness as an excuse. He was sentenced to pay a fine of \$10 and to spend sixty days in the county jail.

John Gillespie, of South Scranton, pleaded guilty to stealing a keg of beer from the hind end of a Lackawanna Brewing company's wagon on June 20 last and was given thirty days in the county jail and \$1 fine.

John Gilroy alias John Dolan pleaded guilty to stealing three umbrellas from the Imperial hotel on June 8 and was sentenced to pay a fine of \$1 and spend thirty days in the county jail.

John Furdy confessed to stealing two brass rods and an oil cup from a locomotive in the Lackawanna yard but said he was so drunk that he was not responsible for his actions. He was let off with a \$1 fine and costs.

Charles H. Hester, pleaded guilty to stealing two bicycles belonging to John Howey and Otis Benedict one night last summer and also gave drunkenness as an excuse. He was remanded until Saturday for sentence in order to give the court an opportunity to examine into his record.

A Steinbaugh confessed to stealing chickens from J. F. Lacon and was sentenced to thirty days in the county jail and to pay \$1 fine.

John McHale, an old man, living in Clyphton, admitted stabbing George H. Lewis, a young boy of that place but said that the boy had enraged him by striking him on the head. He was sentenced to six months in the county jail and to pay a \$1 fine.

John Cummings, of North Scranton, pleaded drunkenness as an excuse for entering the house of John Brady of the Third ward and taking \$18 therefrom on July 15, but he was given

### Case That Is on Trial.

George Reese was on trial for the theft of \$48 from Oliver Harris. The men boarded in the same house in West Scranton and it is alleged that while Harris was away from the house one day last July Reese entered the room and took the \$48 from Harris' trunk.

When court adjourned all the testimony on the part of the commonwealth had not been offered. The accused is defended by Attorney P. F. Loughran. Judge F. W. Gunster, who was to sit in court from No. 2 yesterday was too ill to appear upon the bench but he may be able to preside today. Judge Love of Bellefonte will be in the city today to assist the local judges.

The libel case against Editors Little and Poole in which Colonel E. H. Hippie is presently heard the list for today and will probably be called this morning.

### Hunt Case Continued.

When the case against Michael Kearney and John Mackey was called the district attorney announced that William Hunt, who it is alleged was robbed by the defendants in the Carbondale hospital and unable to come here to testify. It is alleged that Hunt had his back broken one night on the public road in Peckville and while he was lying by the roadside suffering the defendants came along and robbed him. When discovered some hours later Hunt was almost dead. A continuance of the case to the next term was allowed and Michael Kearney, one of the defendants, entered bail in the sum of \$1,000.

Mrs. Mary Kiley became his bondsman.

### An Equity Suit.

A suit in equity was begun yesterday by Richard H. Williams, through his attorney John R. Edwards, against Catherine Courtright, Eleanor Owens, Frank Washburn, Jonas Douglas, William and John Washburn, heirs to Calvin Washburn's estate.

The court is asked to correct a deed made by Calvin Washburn in 1866, in connection with the sale of a lot on Academy street. When the purchase was made the street was known as Orchard street and it is asserted that Mr. Washburn's clerk made a mistake by making the deed read for a lot of ground on the north side of Washburn street.

### Increased Coal Trade.

It is a pleasure to note that the coal department of the Delaware, Lackawanna and Western company have more orders for coal than they can fill at the present time. All the collieries are working full every day and the demand is being supplied as rapidly as possible.

Work was resumed at the Hyde Park shaft yesterday after an idleness of over two months owing to needed repairs, and it is expected the mines will be worked for an indefinite period. Nearly all the old employees, many of whom have been working in other collieries, resumed their places, and work is furnished several hundred men and boys.

The repairs in progress at the Sloan and Continental mines will be pushed as rapidly as possible to enable the resumption of work at these collieries, and when the work is finished employment will be furnished for many men.

The outlook for the winter in the coal trade is exceedingly bright, and with the increased facilities for shipment to tide-water over the Lackawanna road, there is every evidence to believe that the next six months will be the busiest in the history of the company.

### Meeting of Miners.

A mass meeting of miners will be held in D. D. Evans' hall on South Main avenue this evening. The object is to form a permanent organization among the unorganized mine workers in this vicinity. Benjamin James, district organizer and representative of the United Mine Workers' union of America, will deliver an address, and other speakers will be present.

A circular has been issued to all persons who work in and around the mines inviting them to attend, and outlining the reasons for its formation. Reference to the assistance of the strike strikers will also be made, and a report made regarding the collections made and contributions received for the strikers in Luzerne county. It is expected that a large representation will be present.

### Application for Divorce.

Mrs. Grace P. Hunter, of Chinchilla, began proceedings yesterday through her attorneys, Vosburg & Dawson, to secure a divorce from D. Clayton Hunter. They were married May 24, 1888, and on Jan. 23, 1891, she separated. Mrs. Hunter alleges that her husband treated her in a very cruel manner, called her vile names and refused to contribute to her support.

### Court House News Notes.

Samuel Cramer entered bail in the sum of \$500, David R. Morgan becoming his surety.

An order was made by the court yesterday directing that the case of Minnie Webber against John Webber and others be placed on the trial list for common pleas court for the next term.

In the case of Mason & Snowden against Margaret Kennedy, which was tried last week, a rule was granted yesterday for judgment, notwithstanding the verdict. It is returnable to argument court.

In the matter of roads in Madison and Carbondale townships the report of the viewers was confirmed finally yesterday. Reports presented by viewers of the two proposed roads in Scott township were confirmed also.

Court yesterday permitted a continuance of the hearing in the equity suit of the New York, Ontario and Western railroad against the Northwest Coal company. The new date fixed for the hearing is Nov. 6, 1899.

On motion of D. J. Reedy, counsel for John E. Welsh in the contest against W. H. Thomas for the office of constable of the Eighth ward Commission Thayer was directed to secure and preserve the ballots cast in that ward at the February election.

In the case of the Lehigh Valley Coal company and the estate of John T. Eyerhart, deceased, against the Pennsylvania and New York Canal and Eastern railroad company the hearing was continued until Oct. 16, 1899, at 9 o'clock, because the necessary five days' notice of the hearing on the approval of the indemnifying bond had not been given. The company desires to take land of the plaintiffs under the right of eminent domain.

### Ship Building Company.

Trenton, N. J., Oct. 9.—The New York Ship Building company with an authorized capital of \$2,000,000, was incorporated here today to engage in the business of constructing vessels of all kinds. The company's business will be \$500,000 paid in in equal amounts by its five incorporators, Henry C. Morse and George L. Brown, of Woodbury; William G. Baine, of Chester; Charles F. Hall and William F. Cronan, of Wilmington.

### LIVE NEWS OF THE INDUSTRIAL WORLD

### MOUNT PLEASANT CONTRACT EXPIRES ON JAN. 1.

Men Who Operate the Colliery Want to Ship Coal Over the N. Y., O. & W. Railroad After That Date—Improvements That Are Necessary to Do This Are the Cause of Litigation—Anthracite Production During Month of September—Collieries That Are to Resume.

On Jan. 1 the contract between the Delaware, Lackawanna and Western company and the men who operate the Mount Pleasant mine of West Scranton by which the Lackawanna company takes the coal mined by the Mount Pleasant mine at the end of the colliery and to get the coal to the New York, Ontario and Western company by which a considerable portion of the coal taken from that mine will be shipped over that road after Jan. 1. The main line of the Delaware, Lackawanna and Western runs alongside the colliery and to get the coal to the New York, Ontario and Western it is necessary to cross the main line in some way. A road could not well be built to the breaker and it has therefore been decided to carry the coal from the breaker and across the Delaware, Lackawanna and Western tracks by means of a system of conveyors.

Plans for the improvement have been made, but the Delaware, Lackawanna and Western company refuses to give its consent to the erection of the conveyors above its tracks and yesterday the Mount Pleasant Coal company filed a bill in equity asking the court to restrain the Delaware, Lackawanna and Western from interfering with the work of construction. The case will be heard at the next term of equity court.

### Increased Coal Trade.

It is a pleasure to note that the coal department of the Delaware, Lackawanna and Western company have more orders for coal than they can fill at the present time. All the collieries are working full every day and the demand is being supplied as rapidly as possible.

Work was resumed at the Hyde Park shaft yesterday after an idleness of over two months owing to needed repairs, and it is expected the mines will be worked for an indefinite period. Nearly all the old employees, many of whom have been working in other collieries, resumed their places, and work is furnished several hundred men and boys.

The repairs in progress at the Sloan and Continental mines will be pushed as rapidly as possible to enable the resumption of work at these collieries, and when the work is finished employment will be furnished for many men.

The outlook for the winter in the coal trade is exceedingly bright, and with the increased facilities for shipment to tide-water over the Lackawanna road, there is every evidence to believe that the next six months will be the busiest in the history of the company.

### Meeting of Miners.

A mass meeting of miners will be held in D. D. Evans' hall on South Main avenue this evening. The object is to form a permanent organization among the unorganized mine workers in this vicinity. Benjamin James, district organizer and representative of the United Mine Workers' union of America, will deliver an address, and other speakers will be present.

A circular has been issued to all persons who work in and around the mines inviting them to attend, and outlining the reasons for its formation. Reference to the assistance of the strike strikers will also be made, and a report made regarding the collections made and contributions received for the strikers in Luzerne county. It is expected that a large representation will be present.

### Anthracite Production.

According to official estimates, the production of anthracite coal during September was 424,000 tons. This brings up the total production from Jan. 1 to Sept. 30 to about 33,500,000 tons, which is on a basis of more than 48,000,000 tons for the full year.

Anthracite shipments aggregated in 1898, 41,809,831 tons; in 1897, 41,637,804 tons; in 1896, 42,175,900 tons, and in 1895, 46,292,443 tons, the last being the largest tonnage ever sent to market. Good authorities still hold that the current year's shipments will run up close to 50,000 tons. The industry is in better shape than ever in its previous history. Prices are remunerative and well maintained for the first time since 1892.

### PROSPERITY IN SALVADOR.

National Debt Being Paid and Public Works Begun.

San Francisco, Oct. 9.—Dr. Rafael Zaldivar, minister from Salvador to Mexico, has arrived here from Central America, accompanied by Simon Zaldeda, secretary of the legation. Dr. Zaldivar, who was formerly president of Salvador, says that since the election of General Regalado to the presidency the country has entered on a new era of prosperity.

The national debt is being paid off rapidly, and many important public works have been begun. The people are contented and there is no danger of domestic discord in the near future.
