REVENUE CASES ARE ON TRIAL

THE ALLEGED COUNTERFEIT-ERS AT WILLIAMSPORT.

Placed on Trial Before Judge Mc-Pherson in the United States District Court-The Accused Are Ingham, Newitt, Downey, Jacobs, Kendig, Breddell, Taylor and Burns-The Bills of Indictment. Jury Selected.

Philadelphia, Oct. 9.-Interest in the celebrated revenue stamp counterfeiting conspiracy uncarthed about six months ago by the United States secret service and which resulted in the arrest of eight men, one a government employe and two formerly in the service in the United States was revived today when the defendants were placed on trial before Judge McPherson in the United States district court. The ac-cused are: Ex-United States District Attorney Ellery P. Ingham, his law partner and former assistant, Harvey K. Newitt: Samuel B. Downey, deputy collector of internal revenue for Lancaster district: Wm. M. Jacobs and Wm, L. Kendig, cigar manufacturers of Lancaster; Paldwin B. Fredell, machinist of Camden, N. J.; Arthur Taylor, engraver of this city and Jas. Burns, a foreman in Kendig's cigar factory.

The discoveries of the secret service bureau in connection with the counterfeiting gained publicity on April 19 last. On that day Jacobs, Kendig and Burns were arrested. Jacobs and Kendig were charged with the making of an immense quantity of internal revenue stamps, which they used on their cigar boxes and counterfelt "Monroe head" \$100 silver certificates the engraving on which was so perfect as to cause the treasury department to call in the entire issue of the note. Jacobs was held in \$45,000 and Kendig in \$25,000 ball.

Burns was charged with aiding and abetting Jacobs and Kendig. He was committed in default of \$25,900. Samuel E. Downey was next apprehended, charged with accepting bribes from Jacobs and Kendig. His bail was \$25,-000. Taylor and Bredell were arrested on the charge of making the plates for the counterfeit money and stamps One complete and two partly finished plates for \$20 and \$50 notes were found in their workshop in this city, while the "Monroe head" plate and those from which the bogus stamps were printed were later found in Kendig's, Lancaster. Ingham and Newitt were arrested on the charge of attempting to bribe a United States secret service operative. Each furnished \$10,000 bail.

District Attorney Beek asked that the bills of indictment against Ingham and Newitt be consolidated and their counsel A. S. L. Shields, not objecting. this was done. Mr. Shields then entered a plea of not guilty for his clients, stating that they were charged only with misdemeanors.

Bills of Indictment.

The important event of the morning was the consolidation of the two bills of indictment and the apparent intention to leave the third bill untried. Accordingly, the defendants are being tried on counts charging them with: Conspiracy to utter counterfeit money and revenue stamps in connection with the Kendig and Jacobs gang; conev to bribe a government official

THE CAMPAIGN He and Jacobs, he said, had associated with them Baldwin S. Bredell and Arthur W. Taylor, who made the counterfeit stamp plates. When Mr. Beck asked witness whether he had reason to believe that he was being watched by secret service agents Mr. Shields objected, on the ground that it was

irregular for a witness to state his belief as evidence. The objection was not sustained. Witness then said that in October, 1898, the work of counterfeiting was stopped, owing to the information that the secret service was watching them.

'When did you first meet Mr. Ingham?" asked the district attorney. "On February 2, 1899," answered the witness, and in reply to a question said the object of his visit to Ingham at his office in Philadelphia was to learn if Mr. Ingham could assist him in "fixing" the secret service operatives. He had learned that Mr. Ingham was at one time United States district attorney and believed the lawyer could furnish him with the information

he desired. Jacobs accompanied him to the building in which Ingham's office was located, but remained outside. On meeting Mr. Ingham witness told him he had an important question to

ask him. "I then asked Mr. Ingham," witness continued, "if he was acquainted with W. J. McManus and with W. J. Burns, of the secret service bureau. He replied that he knew McManus well and Burns slightly. I asked him if he thought either of these men were corrupt or corruptible. He told me to come back in fifteen minutes, as he was engaged at that time, and my business was doubtless important."

Gave Him a Retainer.

Witness then said he gave him \$50 as a retaining fee and left the office. He had a consultation with Jacobs outside, and upon returning later he had a longer conversation with Ingham. During that interview Kendig told Ingham that the deputy internal revenue dollector in charge of Jacobs' factory at Lancaster had furnished information that the secret service was watching the counterfeiters. Ingham, witness said, told him that he knew of a boy who was "a natural born sneak," and that he would employ him to learn what he could as to the movement of

the secret service agents. Kendig made an appointment to meet Ingham again at the latter's office on Feb. 6. Witness said that he received a telegram from Mr. Ingham, telling him to come to Philadelphia on Feb. 6. Upon his arrival at Ingham's office on that day the lawyer, he said, demanded an additional retaining fee of \$500. Not having that amount with him, witness

gave Ingham \$250 on account and proffered a check for \$250, but Ingham declined this offer. Up to this meeting Mr. Ingham was not aware that Kendig was a pariner in the counterfeiting plot, but witness then informed him of the fact. He told Ingham that he (Kendig) made it post-

sible for Jacobs to conduct the counterfeiting scheme. On February 18, Kendig again met Ingnam, and the latter told bim that there was a man of high official and social standing who was closer to Secret Service Agent asked if he was a Democrat, saying that if so the man must be District

Washington, Oct. 9 .- The administration is concerned about the result of the Ohio election. This is admitted by those who have most to do with administration politics and are setting up the pins for Mr. McKinley's renomination. tion he occupies. This is the only way in which the president can publish his policy in advance of his message to congress. He spoke unequivocally at the Home Mar-

ket club dinner in Boston last February. He talked in the same vein when he welcomed the home-coming Pennsylvania Tenth at Pittsburg in August. He crystallized all in a ringing sentence when he handed to Admiral Dewey on the steps of the Capitol the sword voted by congress. What he and the members of his cabinet have been saving in Illinois is a re-

affirmation of what has been said before. This is all with the purpose of clearly defining the paramount national issue so that the voters of Ohio may not mistake it. When court convened after recess the taking of testimony began with William L. Kendig, of Lancaster, on the stand, and almost immediately there ensued an argument between Ingham and Newitt's counsel and the district attorney. Witness had testi-fied as to his acquaintance with Wil-Ham M. Jacobs and their business as sociations. He was then asked what business he was engaged in in July, 1897, and he replied: "Counterfeiting revenue stamps."
