

EVENTS OF DAY IN WEST SCRANTON

TEAMSTERS IN TROUBLE OVER HYDE PARK AVENUE PAVE.

Special Officer Myers Assumes Too Much Authority in Preventing Drivers from Entering the Street. Public Installation of Red Men's Officers—Laborer Injured in the Mines—Lecture in Simpson M. E. Church—Other News Items of General Interest—Notes and Personals.

A most flagrant misusage of authority was revealed in Alderman John's court yesterday afternoon, when Charles H. Myers, foreman for the Alastair Faving company, arrested Floyd Robinson, an employee of the Grand Union Tea company, and Nathan H. Shupp, a farmer, of Newton. Fortunately, the injustice of the affair was so plainly presented to the alderman that he discharged the prisoners. It seems that the paving company, after completing their work on the street, were notified that certain places needed repaving, and the work was commenced a few days ago. Myers and his workmen assumed the authority of blocking the street and placed obstructions at every entrance. The repairs did not warrant a total blockade, and consequently teams were allowed over certain portions of the pavement.

The trouble started a week ago when Myers held up one of Underberg's teams and received a horse-whipping, and yesterday, after several teams had been driven on the pavement, and over which many wagons have passed, Myers went before Mayor Mohr and received a commission as a special officer. The obstructions were down at several of the interesting streets, and teams were under the impression that the thoroughfare was open as usual for traffic. In fact, it has never been declared closed other by the street commissioner or the city engineer. Young Robinson was delivering orders and drove onto the pavement behind another wagon. The first driver was unmolested, but the small boy was taken before the alderman and fined \$2 for driving on the pavement. Another charge was also preferred of malicious mischief against the boy, because the horse was guilty of knocking down a board, which was partially down.

When the true condition of affairs was explained to Alderman John he remitted the fine of \$2, discharging the boy on the first charge and fined him \$1.25 costs for malicious mischief. Myers said he wanted to be lenient with the boy and teach him an example. But his next victim was not worked so easily, and while he was in the alderman's court, the alderman dismissed the case. Shupp had driven onto the pavement from Lafayette street, to deliver some

An Impure Stomach

makes impure blood. Constipation, belching, nervousness, insomnia, palpitation and biliousness are danger signals that your stomach is incompetent—that it is doing poor work. Don't expect—give it Hostetter's Stomach Bitters, and be well. Try it for malaria or fever and ague. The result will astonish you. Get it at any drug store and see that a Private Revenue Stamp covers the neck of the bottle. There is Nothing Hostetter's Stomach Bitters Just as Good.

goods in the block between Price street and Wym's court, and while he was in a house, Myers seized the team. When the driver appeared, the officer jumped on the seat and took horse, wagon and driver into Wym's court. After the team was tied, he dragged Shupp before the alderman and preferred charges against him. But for the interference of parties who witnessed the affair, the former would probably have been placed in jail. The circumstances were explained, and the alderman discharged him. Myers offered the same excuse of leniency after he had been properly shown up and finally left the office. If the street is to be closed it should be done so properly, and signs erected notifying teamsters.

Public Installation. The newly elected officers of Navajo tribe, No. 105, Independent Order of Red Men, were publicly installed last evening by District Great Sachem W. G. Howells in Red Men's hall, over Jenkins' drug store. The installing officer was assisted by Great Prophet David Besham, Great Senior Sagamore Thomas Samuels, Great Junior Sagamore James Heffer and Great Guard of the Wigwam Philip Noakes. The officers installed were as follows: Sachem, David Harris, prophet, John Reed, senior sagamore, A. M. Levy, junior sagamore, Charles Crockett, chief of records, Joseph T. Phillips; keeper of the wampum, Jacob Schalk; trustee, Wolf Johnson. Short addresses were delivered by John T. Howe, Henry Geiss, A. M. Levy and William Kennedy. A smoker followed the installation.

A Great Lecture. A good sized audience attended the lecture in the Simpson Methodist Episcopal church last evening which was delivered by James G. Shephard on "A Pilgrimage to the Land of Promise." The speaker dwelt upon the customs and habits of the people, the scenery and other interesting features of the Holy Land, and spoke for nearly two hours. The lecture was very interesting and instructive.

Webster Literateurs. The Webster Literary and Debating society held its regular weekly meeting last evening at the home of Robert D. Pettit on North Rebecca avenue. A new feature was introduced in the business session, which was the reading of Reed's manual of parliamentary

IN THE GRIP EPIDEMIC

Special Use of Hot Grogs BY Dr. Cyrus Edson, of New York Health Department, and Dr. LIBERMANN, Surgeon-General of the French Army.

H. Libermann, M. D., Surgeon-General of the French army, in an article on "La Grippe" (Influenza), recommends the following hot grog: "One third goblet of Vin Mariani, with two-thirds boiling water, cloves and cinnamon, and with or without sugar, makes a grog of exquisite flavor, which produces immediate beneficial effect in severe cases of cold, attended by convulsive coughing and depression. It is best taken at bed time. In the grip epidemics in France it was the tonic absolutely relied upon, and has received frequent deserved mention in the Medical Press. It has been shown that patients recover very slowly, there is much general weakness and lassitude, invariably calling for something in the nature of a mild tonic stimulant, and it has been found that Mariani Wine is unequalled for such cases."

Dr. Cyrus Edson of the New York Health Department has made a careful study of the subject in his book on "La Grippe," published by Appleton & Co. on page 59 he writes of Vin Mariani and calls special attention to it in the form of a hot grog. In speaking of the complete prostration accompanied by the depression caused by this disease, and also during entire convalescence, his preference for a tonic stimulant is a hot grog of Vin Mariani. He says it is excellent for the purpose intended, and recommends its use freely. The remedy is simple and within easy reach of all who suffer from this dreaded disease.

A book with further explicit details will be sent by Mariani & Co., 52 West 15th st., New York, to any one who will write requesting same. It is certainly well worth writing for. In addition to the able authorities quoted, the book contains many more similar and most convincing endorsements, thus proving it the most reliable of all known products of this character.

Assaulted a Driver. Frank Brandywine, of 222 Penn avenue, a driver for a central city store, was assaulted by a farm hand employed by Jacob Letiner, of Taylor, on Thursday afternoon. The teamster was driving along South Main avenue, and when he refused a ride to the ruffian, he was struck with a stone. A warrant has been sworn out for the assault's arrest, and the hearing will take place before Alderman Moses, of the Fifteenth ward.

Bachelor Club Dance. Invitations have been issued by the Bachelors' Club for an informal social at Mear's hall on Wednesday evening, Nov. 1. The members are all popular fellows and assure their friends of a good time. The committee of arrangements is composed of William Gilroy, William Larkin, James Quinnan and J. H. McDonough.

Injured in the Mines. Martin Syron, of 2912 Luzerne street, employed as a laborer in the Hampton mines, was injured by a fall of coal while at work yesterday. He was taken to Moses Taylor hospital, where he was treated. His injuries consist of a lacerated back and four small cuts about the head.

General News Notes. The quarterly county convention of the Daughters of Erin will be held tomorrow afternoon in Co-operation hall. The sessions will commence at 2:30. Forty hours devotional exercises will begin in St. John's German Catholic church tomorrow morning at 7 o'clock. Services over the remains of the late Joseph Messert were held at Holy Cross church, Bellevue, yesterday afternoon. Interment was made in Cathedral cemetery. The Hyde Park Father Mathew society will conduct their ball in Mear's hall on Nov. 7, which was postponed on Oct. 19.

The funeral of the late Isaac Lewis will be held at the house on Backus avenue this afternoon at 2:30 o'clock. Burial will be made in Washburn street cemetery. Reese Williams, of Archbald street, was afflicted with an attack of facial paralysis while at work in the Dodge mine yesterday. The following officers of Waco council, No. 45, Daughters of Pocahontas, have been elected: Pohobontas, Mrs. Biddleman; vined, Mrs. Jones; councilor, Mrs. McKnight; inside guard, Mrs. Jones; outside guard, Mrs. Baker; Pohobontas, William Morgan. At the Jackson Street Baptist Sunday school, the Rev. James Hughes, of Kimberly, a very able divine, also a good, interesting teacher, is conducting a class for men of all ages, to which we invite all men to spend one hour on Sunday afternoon. School begins at 2 p. m. Atford Roberts, superintendent, will welcome all not attending any Sunday school.

Personal Paragraphs. Miss Anastasia Conboy, of Moscow, is visiting the Misses Gilroy, of Jackson street. Mrs. Daniel Davis, of Carbondale, is visiting friends in town. Mrs. Keller, of Danville, who has been visiting her son, Grant Keller, of South Main street, returned home this week. Miss Elizabeth Meredith, of Philadelphia, is visiting her parents on North Bromley avenue. Miss Margaret Le Reux, of North Main avenue, is entertaining Miss Alice Roe, of Plymouth.

Green Ridge. All members of Green Ridge lodge, No. 602, Independent Order of Odd Fellows, intending to go to Clark's Green this evening to participate in the installation of the new officers of Electric Star lodge are asked to meet at their lodge room on Dickson avenue between 6:30 and 7 o'clock. The start is to be made at the latter hour, and the necessary conveyances will be on hand then. The road leading to the old Driving Park bridge is being widened and otherwise greatly improved. Dr. and Mrs. Harry Van Bergen, of Sanderson avenue, are visiting friends in Carbondale. Rev. W. G. Simpson, of Asbury M. E. church, will give a reading some evening next week, date to be announced later, under the auspices of the Ladies' Aid society. The officers recently elected for Rev. J. J. Lansing's Young Men's Bible class of Green Ridge Presbyterian church were: President, P. P. Smith; vice-president, A. T. Hunt; secretary, J. A. Waters; treasurer, C. P. Jones; membership committee, L. A. Clark; social committee, J. P. Hitchcock. An uninvited guest made its appearance yesterday morning in the grocery store of Mr. E. S. Pratt, of Dickson avenue, in the shape of a small screech owl. Where it came from or what its intentions are still remain a mystery. Green Ridge lodge, I. O. O. F., conferred the first degree last evening. Miss (Angie) Dalton, is visiting at the home of her brother, Mr. J. E. Hargis. Miss Mary Fromer, of Dickson avenue, has returned home after spending the summer with relatives and friends in New York state. The King's Daughters, of the Green Ridge Avenue Presbyterian church, were entertained at the home of Miss Sarah Fordham Wednesday afternoon, and listened to a very interesting talk by the Rev. I. A. Lansin, on the work being done among the white people in the south, by the Rev. Mr. Myers, who visited this city about a year ago. Mr. Lansing has recently returned from a visit among this people and the young ladies were deeply impressed by his talk.

GATHERED IN SOUTH SCRANTON

WORK IS TO BE RESUMED ON THE SEWER.

Citizens' Committee is Having Its Own Share of Trouble in Connection with This Much Needed Improvement—Funeral of Andrew Conway from His Late Home on Crown Avenue—Century Hose Company Attended in a Body, Banquet of the Ten Friends.

Woe is the lot of the South Side Citizens' committee engaged in pushing the work of the Seventeenth district sewer. After all their trials and vicissitudes they hoped that when the work was finally gotten under way their troubles were all behind them. But, alas, such is not the case. Thursday morning a number of the workmen quit, and the others threatened to quit because their two weeks' wages due last Saturday were still due, and in the afternoon Contractor Koons threatened to throw up the contract unless some money was forthcoming. Incidentally, a number of the citizens' committee are on Mr. Koons' bond "for the faithful completion of the work."

The committee got together again and Messrs. Schneider and Spruks were detailed to straighten the matter out. As in the former instances they succeeded and the work will proceed for a time at all events. It was done this way. The engineer certified a second partial estimate of \$5,200 for the city's share of the cost, and an arrangement was made for issuing bonds for the amount, the chargeable to abutting property holders for the work done up to date. The city solicitor will confess judgment for the city's share, the bonds for the property holders share can be sold, and Mr. Koons will have much money or at least enough to tide him over his present difficulties.

The \$500 assignment which Dunn Bros. gave against the contract for a bill of groceries and which is still charged against it was cancelled with each contribution by the committee. Mr. Koons vowed he would never consent to having the money taken from the payments on the sewer and to prevent his throwing up the contract the citizens paid the bill.

Strange Disappearance. The residents on East Locust street are in a strange state of bewilderment and amazement at the mysterious disappearance of Charles Kloss. The latter, whose residence is 747 Locust street, is an engineer by trade, and has been employed in the blast furnace. He leaves behind him a wife and six children, the eldest of whom is but 12 years of age. Kloss has always been a good name in the neighborhood, and been considered an industrious and hard-working man. His wife, when interviewed, appeared almost heart-broken and said she knew of no definite reason for his departure, as his domestic relations had always been of the best nature, and he had no possible reason for leaving home.

It seems that Kloss was nettled at receiving a rebuke at the blast furnace, and while angered thereupon his position. Tuesday morning he told his wife he was going to look for work and has not been heard of since. The neighbors are considerably worked up over the matter and speculation is rife as to the whereabouts of Kloss. According to some he has been seen in Buffalo, but still nothing definite is known.

Surprise Parties. A pleasant surprise party was tendered to George Hahn, Jr., at his parents' home on Birch street last night by his many friends. There was singing and dancing, and the refreshments were served, after which they left for their respective homes. Those present were Misses Pearl Lippert, Clara Riedel, Mary Reinhardt, Maggie Hahn, Thiney Denkforth, Myrtle Dreyer, Freda Dising, Rosa Hamm, Lena Puller, Annie Krumm, Mary Nohach and Libbie Hamm and the Messrs. John Hahn, Peter Klein, Frank Rempe, John Snyder, Willie Miller and Willie Parson.

Funeral of Andrew Conway. Yesterday morning the funeral of Andrew Conway took place from the home of his family on Crown avenue. Before the funeral, throngs of friends of the deceased crowded the home to view the remains. At 8:30 o'clock the casket was closed and removed to the bier by pall-bearers, selected from the Century Hose company, of which Mr. Conway had been a diligent member. The members of the company, headed by Camp 430, Patriotic Order Sons of America, drum corps, led the funeral procession, which proceeded to St. Peter's cathedral, where a solemn high mass of requiem was celebrated. At the conclusion of the service, the sad procession moved to the Cathedral cemetery, where interment was made. The pall-bearers were ex-Chief of Fire Department P. J. Hickey, Emil Bonn, Edward Frable, Edward O'Brien, James McGovern and Michael May.

News of News. The pastor of St. John's church, the Rev. E. J. Melley, is attending the funeral of Father Prendergast of New York city. A banquet was given Wednesday night, on Alder street, by a social organization known as the Ten Friends. Music for dancing was furnished by the Peffer orchestra, and about forty couples availed themselves of the opportunity to get on the floor. A hypnotic exhibition was given by the well-known hypnotist, Professor Coons. A serious accident befell John Snyder, of Hickory street, in the Pellevue mine, Wednesday. A fall of roof occurring and Snyder being caught under it, he was badly cut about the head and face, and his shoulder was broken. He was taken to his home where Dr. J. J. Walsh attended him. A banquet will be given in Pharmacy hall Thanksgiving evening by the La-

SENATOR, SOLDIER AND NURSE

PROCLAIM PERUNA PERFECT

As a Remedy for Dyspepsia.

CATARRH IS CATARRH WHEREVER LOCATED.

Hon. Edward Dwyer, State Senator, Seventeenth Senatorial District, Chicago, Ill., writes: "Per-ru-na cures when all other remedies fail. I can heartily recommend Per-ru-na as a cathartic remedy. It has been two years since I was cured, and I consider my cure permanent. I learned of the remedy through friends, and although I had applied to several doctors and used many remedies to no effect, two months' use of Per-ru-na effected the cure of a disease of seven years' standing."

Major M. W. Lang, Assistant Paymaster U. S. V., says the following in regard to Per-ru-na: "I have used Per-ru-na for nervous dyspepsia for the last three weeks. I can cordially recommend it to any one suffering from a similar complaint; especially do I feel pleased to speak a good word for it in this particular, because dyspepsia or indigestion is quite too common a remedy among Americans. It has distinctly benefited me, restoring me to a normal condition of good health when I was utterly incapacitated by a disorder so easily cured by a few doses of really good medicine. I have also used Per-ru-na for catarrh in its troublesome incipient stage, and can also recommend it as peculiarly adapted both as a preventative and a cure in so changeable a climate as this."

Major Lang's home address is Wellington, Ohio. Dyspepsia is catarrh of the stomach. Per-ru-na cures catarrh wherever located. Hon. C. N. Smith, Superintendent of Buildings, Charleston, W. Va., speaks in the following terms of Per-ru-na: "I desire to express to you my appreciation of the wonderful virtues and curative properties of Per-ru-na as

exemplified in the complete restoration to health of my daughter who had suffered from nauseating sick headache some five or six years. We tried various and divers remedies, all guaranteed to cure, but nothing gave her any permanent relief until we were induced to try your incomparable remedies, which we gave according to directions, religiously followed, until five bottles were used and our daughter cured. Her general health is better than at any previous time in her life; the tormenting headaches which used to distract her are but painful remembrances of the past, and only recalled as a horrible dream that reality has been unobtainable while it lasted. I can certainly recommend your remedies, and feel it both a duty and pleasure to do so, for they have brought both health and happiness to our household."

When the stomach is affected by catarrh, there is a large quantity of vitiated mucus poured out into the stomach, which constitutes a very serious drain upon the vital powers. This mucus passes away in one form or another, and is generally unobserved by the patient, who is unable to account for the great weakness and prostration which is experienced. These mucus complaints of lassitude, all-tired-out feelings, their blood becomes thin, nervousness, and the stomach is so weak that food seems to do them no good, continuous use of Per-ru-na cures catarrh where it is located."

Mrs. Sallie L. Shephard, of Danville, Va., writes: "I am called upon to wait upon sick people, and I know Per-ru-na set up the weaker cures catarrh where it drains away ever located."
