LIVE NEWS OF THE INDUSTRIAL WORLD

POSSIBLE ABANDONMENT OF CENTRAL TRAINS.

Reported Arrangement by Which the Delaware and Hudson Will Take Care of the Central's Passenger Traffic Between This City and Wilkes-Barre — Lackawanna Engages a Superintendent of Water Service—New Order Promulgated by Superintendent Salisbury to Lackawanna Trainmen—First Duty

The statement printed in an afternoon paper to the effect that negotiations are being made by which the Delaware and Hudson company and the Central Railroad of New Jersey will modify their present accommodations for passenger traffic between Scranton and Wilkes-Barre, could not be verified yesterday.

District Passenger Agent J. S. Swisher, of the Central road, when interviewed by a Tribune man said he knows nothing about such a movement, and added that the story is not new, but has been given publicity before. In the event of any change, Mr. Swisher says, the officials at this end of the line would not be notified except by orders from headquarters.

The printed statement is to the effect that the Delaware and Hudson company under present conditions handle all their freight and passenger traffic through the Lehigh Valley depot at Wilkes-Barre, and it is intimated that they pay $50 a day for that privilege. Owing to the slim traffic on the Central between this city and Wilkes-Barre, the supposed negotiations contemplate the abandonment of the present Central depot in Wilkes-Barre and the erection of a new and up-to-date station on East Market street.

The inference is that the Delaware and Hudson will abandon the present service with the Lehigh Valley and run their trains into Wilkes-Barre on the Central tracks from Mill Creek, and transfer their through passengers onto the Central road. The plan would be, in the event of such a change, to abandon the local passenger service on the Central between Scranton and Wilkes-Barre, and start the through trains between New York and Wilkes-Barre from the latter station.

Passengers from this city for New York and Philadelphia would leave the Delaware and Hudson station in Scranton, and instead of being transferred to the Lehigh Valley at Wilkes-Barre, as is now the case, they would go through without change. The plan would benefit the Central in that respect while the Delaware and Hudson would derive their revenue from the increased traffic over their road as a natural consequence.

For a long time an arrangement has existed between the Central and Delaware and Hudson that tickets between Scranton and Wilkes-Barre are good on either road, and the former company at present occupy the latter's tracks between Minooka and Mill Creek. It is therefore evident that a very friendly feeling exists between the two corporations.

Should such a change be brought about the Central company will continue their freight business as at present, with increased depot facilities, and use the West Lackawanna avenue station for that purpose. This arrangement, however, would not interfere with the excursion business between Scranton and Mountain park, as the present system would be in operation. This part of the business is now closed for the season, the summer trains having been abandoned a few days ago.

The abandonment of several trains recently on the Central between Scranton and Wilkes-Barre, would lend color to the story already referred to, but nothing official has been received relative to any contemplated change. Inquiry at the passenger agents' office of the Delaware and Hudson failed to reveal anything positive in regard to the matter, and in all probability if such arrangements are made, the officials in New York will be the first people to give it out for publication.

Another Superintendent.

E. H. Rudy, of Topeka, Kansas, who has been appointed superintendent of water service on the Lackawanna system is now making a tour over the road acquainting himself with the duties of his new position. He was in the city yesterday in conference with Engineer Warner.

Mr. Rudy is subordinate to W. B. Dixon and W. K. McFarlin, chief engineer. His duties will involve the water service of the entire system and he will have charge of the plumbing, steam-fitting and gas-fitting work.

The new superintendent has been in the service of several railroad companies and until his appointment under the Delaware, Lackawanna and Western company was in the employ of the Chicago, Kansas and Missouri railroad. It is not positively known where Mr. Rudy will make his headquarters.

Employes Must Sleep.

An order has been promulgated by Division Superintendent Salisbury, which means much to employes of the Delaware, Lackawanna and Western company. The substance of the order is to the effect that the men must obtain at least eight hours sleep. By this it is meant that when the men return home from a long run on the road, which often requires from 12 to 15 hours time, they are naturally fatigued.

Many of them are accustomed to remaining awake several hours afterwards and oftentimes are called upon to go out on the road again without much sleep. The result is that they are not in possession of their proper faculties, and consequently are unable to perform their duties.

They are now expected to retire immediately upon their return from work and be prepared to respond to all emergencies, instead of enjoying their leisure at that time. While the order is stringent, it is absolutely necessary, in view of the responsibilities assumed by railroad men.

MR. BRYAN BECOMES MORE BOMBASTIC

(Concluded from Page 1.)

said: "When God gets ready to speak the America people will find somebody else than Mark Hanna as a mouthpiece."

St. Mary's had a good crowd out to meet the special train. Mr. Bryan discussed the silver issue at some length and the matter of government by injunction. Handshaking and a few personal greetings were indulged in at Rockford and Ohio City.

At Defiance.

Defiance, O., Oct. 19.—The Bryan party closed the first day of the Ohio tour in this city tonight before a large and interesting audience in the opera house. A street parade preceded the meeting. Mr. Bryan said in reference to his introduction as the next president:

"I have only one ambition, shared by every citizen, and that is to leave this government to my children better than I found it. I want you to believe me when I tell you that if the victory won by the Republicans in '96 inures to the good of the people I shall rejoice with every Republican. I expect to be here for many years. I say this for the benefit of those Republicans who heap criticism upon me."

Mr. Bryan then discussed silver. "They have been burying this question for years," he declared, "and they are burying it again, but I do not think they bury it well. And why? Because no tomb is strong enough to hold a righteous cause. (Applause.) They would rather bury the question than discuss it. I know these Republicans. I know how careful they are of public money. I know when they appropriated $100,000 to defray the expenses of the monetary conference in Europe to get rid of the gold standard, it must be a bad thing. Your state readopted the Chicago platform, free silver and all, and nominated a man for governor who has done as much for free silver as any other man." (Cheers).

He concluded by denouncing the administration's Philippine policy.

MONUMENT UNVEILED.

Heroes of War of 1861 Are Honored at Allentown.

Allentown, Oct. 19.—The soldiers' and sailors' monument, a beautiful memorial to the soldiers and sailors who went to the war in 1861 from Lehigh county, was unveiled here today with elaborate ceremonies. The city was crowded with visitors, special trains being run from the surrounding towns and also from Philadelphia. A large number of Grand Army posts participated in the parade which was held after the dedicatory exercises had been concluded. The monument stands in Centre square and was unveiled by eight granddaughters of veterans of the Civil war.

Hon. C. J. Erdman, of this city, turned the monument over to the care of the city, and Hon. J. L. Schaadt accepted it in behalf of the city. George L. Baer, LL.D., was the orator of the day. Among those who were present and made addresses were Governor Stone, Colonel Albert D. Shaw, commander in chief of the Grand Army of the Republic, and Adjutant General Thomas J. Stewart.

A chorus of over 1,000 school children sang patriotic songs.

GERMANY'S NAVY.

Press Comment on the Kaiser's Determination to Increase It.

Berlin, Oct. 19.—Today's newspapers are for the most part barren of comment on the speech of Emperor William at Hamburg yesterday at a luncheon following the launching of the battleship Kaiser Karl der Grosse. The Berliner Tageblatt, however, says:

"His majesty's expressions of regret that his wish for a big fleet did not meet with intelligent furtherance eight years ago will be found significant just now in more ways than one."

The Socialist organ, the Vorwaerts, says:

"The speech was a mixture of pan-German fleet enthusiasm and Dr. von Miquel's non-partisan sammelpolitik. It dovetails in the programme with the Oeynhausen and Dortmund speeches. While the former promised an anti-strike bill and the latter proclaimed a determination to carry through the canal project, this speech at Hamburg announces a new and immense naval bill. The emperor's words cannot be construed otherwise."

HILTON WILL CONTEST.

Is Begun by Henry G., Son of the Late Judge.

New York, Oct. 19.—Henry G. Hilton has begun a contest to the probating of the will of his father, the late Judge Henry Hilton. Notice of contest was filed in the surrogate's office today.

In the notice of contest Mr. Hilton alleges that the papers supposed to be the will of his father, bearing the date of April 13, 1897, and filed for probate several weeks ago, is not the free, unconstrained and voluntary act of his father. He also asserts that at the time of the execution of the document his father was mentally incapacitated for making such a paper and that he was under undue influence. It is further asserted by the contestant that testamentary witnesses to the will did not sign the alleged will at the request of Judge Hilton.

By the terms of his father's will, Henry Hilton is cut off with a provisional bequest of $25,000 out of a $5,000,000 estate.

Avery Kale Hanged.

Charlotte, N. C., Oct. 19.—A special to the Observer from Newton, N. C., says: Avery Kale, white, was hanged here today for the murder of George Travis, also white, near Catawba, last year. Kale was discharged from Alley's distillery and Travis given the place. Kale went home, got a shotgun and returned to the distillery, where he shot Travis in the head, while the latter was at work.
