FOOT BALL AT KINGSTON.

Three Games Played-Good Work of the Lackawanna Eleven.

Special to The Scranton Tribune. Pittston, Oct. 22.-Saturday was a busy day for foot ball enthusiasts, three games being played at Kingston, and a number of rooters from this place were in attendance.

At Wyoming field, Kingston, two games were scheduled. The one between the Wyoming seminary team and the Berwick High school was a hard-fought contest and neither side succeeded in scoring. The second game on the same grounds was between the Seminary reserves and the Wilkes-Barre Y. M. C. A. team. It was an easy game for the Reserves and they succeeded in piling up twenty-seven points, while their opponents were unable to score.

At Y. M. C. A. Athletic field a good game was seen between the School of Lackawanna, of Scranton, and the Wilkes-Barre High school. Neither side succeeded in scoring, but it was quite evident that the Lackawannas were playing by far the better game, Were it not for the fact that they were handleapped by several new men on their team, the boys from Slocum Hollow would have won hands down. Williams, of the Lackawannas, was the star player of the game and was the life of the game. Walters, of the same team, is also worthy of mention.

The Wyoming seminary team will play the Lackawannas at Scranton next Saturday, and as both are about equally matched, a great game is ex-

MAY GET PRIZE YET.

Money for the Handsomest Engine

Not Yet Paid by Committee. The Wilkes-Barre Record of Wednesday has the following: "Although it is nearly two weeks

since Wilkes-Barre won the \$50 prize for the best appearing fire engine in the parade at Scranton, the Scranton committee has not yet sent the prize money. The sum is small, but that is no reason why it should be withheld.

It appears to us in Pottstown that there is every/reason why the above money should not only be withheld, but why it should not be paid at all to Wilkes-Barre.

The money belongs to the Philadelphia Fire company, of Pottstown, by whose splendid engine it was justly earned and to whom it was first awarded. The Wilkes-Barre engine, while undoubtedly finer than Pottstown, had not seen an hour's actual fire service, such as is contemplated by the clause stipulating that the contesting machines should be in actual service, and, consequently, the executive committee was morally bound to ward the prize to the Phillies.

That they have not yet paid the money may be an indication that they upon sober reflection, decided to act justly in the matter, regardless of foreign influence, which they have doubtless long since recognized being "bosch."-Pottstown Daily News.

To Los Angeles and Southern California.

Every Friday night, at 10.35 p. m., a through Tourist Car for Los Angeles and Southern California leaves the Chicago, Milwaukee & St. Paul Railway Union Passenger Station, Chicago, via Omaha, Colorado Springs and Salt Lake City, for all points in Colorado, Utah, Nevada and California.

In addition to the regular Pullman porter, each car is accompanied by an intelligent, competent and courteous 'courier," who will attend to the wants of passengers en route. This is an entirely new feature of tourist car service, and will be appreciated by famflies or by ladies traveling alone. - Particular attention is paid to the care of children, who usually get weary on a long journey.

These tourist cars are sleeping cars supplied with all the accessories necessary to make the journey comfortable and pleasant, and the berth rate (each berth will accommodate two persons) s only \$6.00 from Chicago to California. ask the nearest ticket agent for a tourst car folder, or address John R. That Tin Plate Factory.

The manufacturers committee of the board of trade held another meeting on Saturday afternoon and consulted with Mr. Torbet, the Chicago man who is desirous of locating a tin plate factory in this city.

John D. Paton, of Cleveland, the practical man of the enterprise, and considered one of the Lest tin plate men in the country, was present at the meeting and presented the practical side of the proposition.

Mr. Torber was obliged to leave the city Saturday evening and could not remain to see whether the efforts of the committee to raise the stock will be successful or not. The committee are making an earnest endeavor to raise the required amount and if they are successful there is no doubt but that Mr. Torbet will decide to locate here.

The Car Famine.

"Famine is a word repugnant in its usual sense, but when used to designate conditions prevailing in the transportation industry it has a significance other than sinister," says the Philadel-phia Stockholder. "For nearly two years past car manufacturing concerns have been running day and night turning out new equipment for the railroads. .Yet we are facing a car famine with the heaviest traffic of the year still ahead. Railroad managers are in a quandry. They cannot meet the demands of shippers for cars, yet do not want to order more. The reason why they do not want to make contracts now for cars is because prices are so high, and even by paying such prices they cannot get cars for several months, so far behind in their orders are all the manufacturers.

This and That.

The Reading Railway has placed an order with the Lebanon Manufacturing company for 200 gondola cars of

60,000 pounds capacity, John L. Fick, of Mauch Chunk, formerly chief clerk to Superintendent W. W. Wentz, of the Central railroad, has been appointed storekeeper for the L. & S. division with headquarters at Mauch Chunk. B. N. Cattell and Andrew Ross are his assistants. C. E. Hungerford, of Jersey City, supervisor of stores, was in Mauch Chunk on Monday and he made the appointment.

Plans are being drawn up for a new breaker to be constructed for A. Pardee & company, at Cranberry. The new building will be termed an auxiliary breaker. Its functions will be to screen the various culm banks in the vicinity of this colliery. It can be moved from bank to bank by means of wheels and miniature rails. When complete it will be very unique and present an

odd appearance. General Passenger Agent Lee of the Lackawanna yesterday practically admitted that a new limited train would be put into service next spring. At present the local business is receiving attention, and with the inaugural of the winter time-card some new trains will be anonuced. It is not unlikely that a new express train between New York and Euffalo each way daily will be one of the features.-Buffalo Com-

NATIONAL LEAGUE AVERAGES.

Delehanty, of Philadelphia, the Champion Batter of '99.

The averages of the National league players have been figured out and the batting honors are credited to Left Fielder Delehanty, of Philadelphia, with a sticking percentage of .408. Burkett, of St. Louis, is second, with ,391. Keeler, of Brooklyn, who is third, with an average of .384, led the league last year with a percentage of .396.

Hughes of Brooklyn, is really the pitching star of the season, having won 26 games and lost but 6, his percentage being .813. Douglass, of Philadelphia, and Peltz, of Cincinnati, are tied for the catching honors, with an average of .976. First Baseman Tenny, of Hoston, is the top-notcher among the initial bagmen, and Joe Quinn, of Cleveland, is virtually the king of second basemen, having played 144 games and closed the season with a fielding average of .965. Reitz, of Pittsburg, has a percentage of .976, but he only played

Lave Cross, of St. Louis, again leads the third basemen, with a fielding average of .956, closely followed by Mc-Graw, of Baltimore, with .944. George Davis, of New York, leads the list of shortsteps with an average of .942, and Left Fielder Joe Kelly, of Brooklyn; Centre Fielder Brodie, of Baltimore, and Right Fielder Keeler, of Brooklyn, lead the fielders in their respective

The champion run-getters were Mc-Graw, Baltimore, 138; Thomas, Philadelphia, 137; Delahanty, Philadelphia, 135; Keeler, Brooklyn, 132; Flick, Philadelphia, 130; Williams, Pittsburg, and Stahl, Boston, 119 each: Clark, Louis ville, 116; Tenney, Boston, 112.

THE MARKETS.

New York, Oct. 21 .- The traders in

stocks were unable to induce any

Wall Street Review.

noticeable movement in prices during the two hours of trading. The bears were inclined to attack the industrial and specialties when it became evi-dent that the bulls were in an aggressive moods. Sale for short account was in evidence in the specialties, some of which dropped off a point or over. Realizing was also manifest in Pullman and New York Central, but the decline in prices brought out no large offerings of stocks and the bears had generally covered their contracts before the bank statement appeared, bringing prices back to about last night's level. A nominal increase in the surplus reserves was seized upon hy the bulls to rush up the price for sugar in an attempt to induce a following. They were as unsuccessful as the bearers and the realizing caused tivity. The closing was easy at trivial net changes in either way. The main features of the bank statement were repetition of those of last week. There was nothing in it to encourage an expectation of easier money, but as last week's similar statement led stock market was inclined to the view that this week's showing might lead to no worse results. It is puzzling to account for the greater ease which has developed in money during the past week in face of the loan contraction reported by the banks of \$5,356,000. The stock market borrowers hope that money will cease to flow to interior government points by fuduciary constitutions, the anticipated interest upon which will be applied for next week and so be made available for the money market. Total sales, 206,30d
