## GOVERNOR OF ALABAMA. And State Officials Use Pe-ru-na in the Family as a Safe Catarrh Cure and Tonic

STATE CAPITOL, MONTGOMERY, ALABAMA.

Pe-ru-na is the greatest catarrh remedy of the age; in fact, the only scientific internal remedy for catarrh yet devised.

Governor Johnston, of Alabama, writes the following in regard to Pe-ru-na, the great catarrh remedy:

Governor's Office July 26, 1899.

"I join General Wheeler and Congressman Brewer in commending Pe-ru-na."

Department of State, Montgomery, Alabama.

"I take pleasure in testifying to the virtues of Pe-ru-na and recommend its use to those who suffer from the need of a tonic."

"Secretary of State for Alabama."

State of Alabama, Treasury Department, Montgomery, July 26, 1899.

"I have used Pe-ru-na for catarrh and cheerfully testify to its beneficial effects. Respectfully,"

"Geo. W. Ellis,"

"State Treasurer of Alabama."

State of Alabama, House of Representatives, Montgomery.

"Pe-ru-na cured me of indigestion and biliousness and I continued to take it and have found it an excellent tonic. I take pleasure in recommending it as an excellent household remedy. Very respectfully,"

"Horace Hood."

This is a fair indication of the reputation that Pe-ru-na enjoys throughout the whole United States. Everywhere everybody is praising it.

All over the South as well as the North there is plenty of catarrh. Few people are entirely free from it. Catarrh is a disease that may invade any part of the body. Every organ of the body is subject to catarrh. Catarrh is as liable to be caused by hot weather as cold weather. Pe-ru-na goes straight to the mark and cures the disease by removing the cause. Pe-ru-na cleanses, strengthens and rejuvenates every mucous membrane of the body. Address Dr. Hartman, Columbus, O., for free books on catarrh.

### MONROE FISH CASE.

**Outcome of Trial at Stroudsburg Is Awaited with Interest.**

Special to the Scranton Tribune.

Stroudsburg, Pa., Oct. 24.—Considerable interest is shown in the trial of two wealthy members of the Pohoquonia Fish association, which takes place tomorrow before Judge Allen Craig. Some months ago J. Price Wetherell, a well-known Philadelphia millionaire, and Lawyer Elliott, of the same city, were arrested on a charge of illegal fishing on their premises near MeMichael's. It is charged that the fishermen each landed a trout with a landing net, which is claimed to be against the law. Justice Gruber at the hearing fined the men \$100 each. Prominent attorneys have been engaged on both sides. Should the Judge decide against the fishermen, it is their intention to take the case to the Supreme court. The case has attracted a great deal of attention throughout the state, and all fishermen are interested.

Should Judge Craig decide against the fishermen it will practically stop trout fishing in this state for two years. It is claimed by the attorneys for the defense that it is impossible to land a big trout without the use of a landing net.

### SITUATION AT NANTICOKE.

**Unless Strikers Go to Work Thursday the Susquehanna Plant Will Be Closed Until Spring.**

Wilkes-Barre, Oct. 24.—The Susquehanna Coal company at Nanticoke, whose colliers, owing to a strike, have been idle the past three months, posted a notice today to the effect that all the mines would resume operations next Thursday. The 2,500 strikers were thrown into consternation by the posting of the notice. They thought the company was going to import new men to take their places. An investigation, however, showed that there was no truth in this. It was then surmised that some of the strikers were weakening. A mass meeting of the strikers was hastily called. Speeches were made and the men pledged themselves again not to return to work until the company granted their demands. General Superintendent Tonkin said tonight that all will be given work who apply on Thursday. In case a sufficient number of men are not secured to run the mines, then they will be shut down until next spring or summer.

### PIKE COUNTY INSTITUTE.

**Prof. Hockenberry Continues His Declarations—Other Instructors.**

Special to the Scranton Tribune.

Milford, Oct. 24.—The Pike county institute was continued today. At the morning session Professor H. J. Hockenberry, principal of the public schools at Pottsville, continued his talk on "Declarations." Professor Dick, of the West Chester State Normal school, spoke on something teachers should know. Professor D. C. Gregory, superintendent of quieted public schools, discussed the application of kindergarten to grammar and primary grade. At the afternoon session Professor Hockenberry continued his morning talk, and Professor Dick gave an interesting talk, taking for his subject "The Best Teacher is the Best Questioner." Professor Gregory concluded his morning talk on kindergarten work. This evening Professor Sawyer, superintendent of the Pike county schools gave a lecture on "Wonder in Wonderland," exhibiting views. The committee on enrollment made their report, assessing each teacher one dollar to pay expenses for institute.

### MYSTERY AT BETHEL.

**Disappearance of Francis A. Romig Causes Anxiety.**

Special to the Scranton Tribune.

Stroudsburg, Oct. 24.—Mr. Bethel, near here, is excited over the absence of Francis A. Romig, aged 69 years. Romig has been missing from home for several days. He took extra clothes with him on leaving and is supposed to have left in search of work. His family have this opinion which is largely shared by the public. A deaf work named school has created a decided sensation by indicating that Romig has come to an untimely end. He took his parents to the abandoned quarry near the Presbyterian church and by signs and gesticulations tells that Romig lies drowned in the dark water of the quarry hole.

### FIRE NEAR HONESDALE.

**Dwelling House on the Hawley Road Totally Destroyed.**

Special to the Scranton Tribune.

Honesdale, Oct. 24.—At 3 o'clock this morning fire completely destroyed a dwelling house on the Hawley road just south of the old glass factory plant, the property of William Marston, who had commenced yesterday to move into another house, where the family were staying. A part of his household goods were still in the house and were burned.

The loss was partly covered by insurance. The Alert Hook and Ladder company were on the scene and saved the adjoining buildings.

## Colds on the Chest

When your cold has settled down deep in your chest, cough syrups will not relieve you. The system must be given strength and force to throw off the disease.

**Scott's Emulsion** does just this. It enables you to conquer the inflammation. The lungs soon heal, and all danger is passed. Do not let the disease become chronic because of neglect.

See and get on all druggists. SCOTT & BOWNE, Chemists, New York.

### VALUABLE TIMBER DESTROYED BY FOREST FIRES.

Bellefonte, Pa., Oct. 24.—It has been five weeks since rain has fallen in this section and the forests of Centre county are again being swept by fire. Yesterday morning fire started on the Allegheny mountains and the flames soon spread over thousands of acres of land destroying many thousands of dollars worth of best quality of timber. Last night the mountain east of Snow Sho was a seething mass of flames.

Hunting camps have been abandoned and woodmen on lumber cuts have dropped their work and turned to saving the sawmills from destruction. In different parts of the county tonight people are fighting hard to keep the flames from reaching their homes. There have been many instances of families narrowly escaping serious injury from the flames.

### OFFICERS ELECTED AT THE SESSIONS HELD IN BOSTON.

Boston, Oct. 24.—At today's session of the Universalist conference the following officers for the ensuing year were elected: President, Hon. Charles L. Hutchinson, Chicago; vice president, Hon. Ira Cushman, Auburn, Me.; secretary, Rev. Dr. G. L. Demarest, Manchester, N. H.; treasurer, W. Wise, Boston; trustees for four years, Rev. Dr. F. C. Sweetser, Philadelphia; Rev. Dr. J. Coleman Adams, Brooklyn, N. Y.; Rev. Dr. C. Ellwood Nash, Galesburg, Ill.; Frederick A. Winkelman, Chicago; Rev. Dr. Alman Gunnison, Canton, N. Y.

It was voted to hold the next conference at Buffalo. Prior to the election the committee appointed to consider the proposition for a closer union between the Unitarian and Universalist national bodies reported in favor of the appointment of a committee of five, as requested by the Unitarian general conference, to confer with a similar committee from that denomination concerning plans for bringing about the proposed union. The report was adopted, 191 to 26.

### DROUTH IN CENTER COUNTY.

Valuable Timber Destroyed by Forest Fires.

### THE MARKETS.

Wall Street Review.

New York, Oct. 24.—The stock market was distinctly reactionary today in spite of some strong spots. Profit taking was on a very large scale. Sales on this account were quite well absorbed and created no sign of demoralization in prices. When the fact of profit taking became obvious some of the room traders turned bears and sold the market moderately. The bear faction being not aggressive, however, and made no great inroads upon values. Neither were the bulls inclined to resume their campaign for the advance after having taken their profits and the market was inclined to drop during the latter part of the day. Total sales 601,800.

Realizing was in evidence in some portions of the bond market, making the price changes mixed. Total sales par value, \$2,650,000. U. S. old 4s, advanced 1/4c and new 4s, and 5s, 1/4c, in the bid price.

The range of today's prices for the active stocks of the New York stock market are given below. The quotations are furnished The Tribune by J. A. RUSSELL & CO., members of the Consolidated Stock Exchange, 49 and 411 Connel building, Scranton, Pa.
