

NORTHEASTERN PENNSYLVANIA

ARCHDEACONRY AT WILKES-BARRE

MUCH INTEREST EVINCED IN THE SESSIONS.

Scranton Ministers Take Part in the Discussion—An Able Review of the Work in St. Luke's Parish Is Given by Rev. Rogers Israel—Ministers Present.

Wilkes-Barre, Oct. 25.—At the sessions of the Archdeaconry of Scranton, held in St. Clement's church, Archdeacon Cox closed his report of the condition of the various missions in this part of the diocese. The report showed the situation to be encouraging. The missions located in the following places were heard from: Scranton, South Side, East Side, Dunmore, Guyphart, Nicholson, Hyde Park, Jermyn, Sterling, Salem Forest City Pleasant Mount Great Bend, New Milford, Dingmans Ferry, Susquehanna, Oakland, Waymart, White Mills, East Stroudsburg, Ashland, Laurel Run, Nanticoke, Alden, Plymouth, Dorranceton, Wilkes-Barre Calvary church, Wyalusing, Tunkhannock, Stevensville, Pittston, Sayre.

The following new ministers have been assigned to number of these missions: Rev. F. R. Bateman, Robert Bell, George L. Bishop, Charles W. Root, C. R. Carpenter, Sidney Wintin, J. M. Johnson, L. R. Chamney.

Rev. W. E. Daw, of Towanda, then read an interesting exegesis on the second epistle of St. Peter, chapter 1, verses 20.

After the reading of the paper there was a short discussion in which the following ministers took part and made brief remarks: Rev. DeF. Johnson and Rev. Dr. Jones, of Wilkes-Barre; Rev. F. P. Harrington, of Scranton; Rev. Dr. Jones, of this city, stated that he had a paper in his possession which he had received from a layman in California, who delivered it at a convention which the doctor attended and by request received a copy. He asked permission to read the paper. It was entitled, "What Does the Layman Expect from the Clergyman?" The ideas were very interesting and the paper was highly appreciated by the ministers.

MISSIONARY SERVICE.

In the evening a missionary service was conducted at the church. Addresses were made by Rev. Rogers Israel, Scranton; Rev. F. P. Harrington, West Pittston; Rev. M. B. Nash, Scranton. The ministers spoke of the missionary work in this and foreign countries and the remarks were highly interesting.

Evening prayer was read by Rev. Mr. Stone and the lessons by Rev. Mr. Griffith, of Pippin.

The speakers were introduced by Archibald Cox in a short address on the duty of giving to missions. He first introduced Rev. Rogers Israel, of St. Luke's parish, Scranton. Rev. Mr. Israel took for his theme "Domestic Missions." He is an able speaker and held the close attention of the congregation throughout his admirable discourse, which was made unusually interesting by his personal missionary work in our own community. He said St. Luke's has already five missions, but the work had just begun. He closed with an earnest plea for all to make a great effort during the coming year in the cause of mission work, both domestic and foreign.

Rev. F. P. Harrington, of Trinity church, West Pittston, followed with a short address on "The Prospects of Mission Work in the Future." His remarks were mainly to the young people and were pointed.

Rev. N. B. Nash, of Scranton, spoke on "Innocent in Public Worship." The choir won many compliments for its able rendition of J. Clarke Whitfield's anthem, "In Jewry is God Known."

YESTERDAY'S SESSION.

Yesterday's sessions were taken up with the Sunday school institute. The morning session opened at 7:30 with holy communion, followed at 9:30 with litany. Rev. E. J. McHenry, of Scranton, delivered an eloquent address on "A Child's Giving," which was warmly received by the clergymen and delegates present. The address was thoroughly discussed by Dr. Jones, Archdeacon Cox and Rev. John Griffith.

In the mythology of Ancient Greece Hymen, the god of marriage, was the half brother of Esculapius, the god of medicine. The ancients believed that marriage and health should go together, and as a result the Greeks of that time have ever since been looked upon as types of physical perfection.

Sickly mothers can not bear healthy children. The prospective mother should use every precaution to preserve and foster her health. Not alone for the sake of the little one to come but for her own sake. A perfectly healthy woman is in no danger and in very little pain at her time of trial.

There must be due preparation for this time. Nature makes the preparatory period three-fourths of a year and women who take the hint from nature and use the time properly need have no fears of the outcome. Dr. Pierce's Favorite Prescription is a medicine designed to cure all distinctly feminine ailments and taken during the period of gestation it renders childbirth easy, safe and comparatively painless.

It is the invention of Dr. R. V. Pierce, of Buffalo, N. Y., a regularly graduated physician and skilled specialist in the cure of all diseases of women.

Mrs. Orrin Stiles, of Downing, Penn. Co., Wis., writes: "I cannot praise your Favorite Prescription enough for I have been as well for five years as I now am. My last baby boy, weight 11 lbs. I was only sick a short time, and since I got up have not had one sick day."

Sick women can consult Dr. Pierce's letter free of charge. Every letter is held strictly private and sacredly confidential. Designing men work on women's feelings, by advising women to write to a woman who understands woman's needs. It is useless to seek advice about a disease of any woman who is not a physician. So far as known no qualified woman physician is connected with any proprietary medicine establishment.

Eight Pittston couples took out marriage licenses at Wilkes-Barre yesterday.

Luzerne lodge, No. 721, installed officers last night. The installation ceremonies were conducted in the German language.

Probably Brought to an End by Decision of Court.

Special to the Scranton Tribune. Towanda, Oct. 25.—The long-brewing case of the Second Baptist church of Wyalusing vs. Wyalusing borough, it is hoped, has been brought to an end, by the refusing of a new trial by Judge Albright, of Allentown, who specially presided in the Bradford county court at this trial, lasting nearly two weeks. The new trial was not allowed, and the attorneys' motion for the defense that judgment be entered without costs, of Albany, and Fred Turk, of Binghamton, were not at all anxious to make a settlement. THE MARKETS.

Wall Street Review.

New York, Oct. 25.—The movement of prices was irregularly upwards for the railroad stocks, while many industrial stocks, especially of the more recently organized companies, showed symptoms of weakness. The movement of the market was by pulsations, first one and then another group of stocks taking up the advance. There was no time during the day when the general level of prices kept company at the top, the rise in one group giving way to reaction before the advance was taken up by another. Many stocks were sluggish throughout the day. Prices generally gave way after 2 o'clock under the pressure of realizing in the leather stocks which had been the center of the speculation all day. The earlier gains were wiped out in numerous instances in this reaction. The aggressive advance of the coalers checked the decline and rallied the market, but not to the top level. The market closed with the brilliant advance in the Coalers still in force but with the tendency irregular elsewhere in the list. Total sales 700,000 shares.

The range of today's prices for the active stocks of the New York stock market is given below. The quotations are furnished by the Tribune by A. R. SELL & CO., members of the Consolidated Stock Exchange, 410 and 411 Connetquot building, Scranton, Pa.
