WRECK ON THE LEHIGH VALLEY

NINE CARS PILED PROMISCU-CUSLY ON THE TRACK.

A Freight Train Loaded with Fruit and Cattle in a Smash-Up Near Tunkhannock - Fifteen Animals Killed-Cars of Perishable Freight Destroyed.

Special to The Scranton Tribune. Tunkhannock, Oct 27 .- One of the worst wrecks which have occurred on this division of the Valley road for some years occurred just west of the station here this morning at one o'clock., The through freight, east bound, carrying cattle end fruit, (wenty cars in all and running fifteen or twenty miles an hour, broke in haif coming around the turn a half mile above the station. The train being held for orders at the station here the rear end crashed into the front with the result that nine of the twenty cars in the train left the rack and were piled up promiscuously on both sides. Fortunately at the spot where the wreck occurred there are two long sidings, one on each side of the main tracks, and it was only a short time after the arrival of the wrecking crew from Coxton before the two sidings were clear and these are being used to

run trains around the wreck. One car loaded with cattle was almost completely destroyed and about fifteen head killed outright. The other cars wrecked were loaded with grapes and other perishable stuff and will prove a total loss. The two main tracks were torn up for about fifty or a hundred feet. The damage is variously estimated at from \$20,000 to \$30,-000. At noon today there were still four cars lying on the main tracks and it looked as if it would take another twenty-four hours to clear away the wreckage.

GREEN GOODS EPISODE.

A Trapper and a Come on Under Arrest.

Trenton, N. J., Oct. 27 .- George Lee, on the charge of being a green goods man, was held in \$1,500 bail tonight by Police Justice Jackson and Nelson Freeland, of Boise City, Idaho, was detained as a witness. Freeland made a confession to Detective Pilger and said that he came to Trenton to meet Lee in response to circulars and letters he

had received. The two men arrived in town yesterday and their actions aroused the suspicion of the detective. They left Trenton this afternoon for New York, where the deal, according to Freeland, was to have been consummated.

The detective boarded the train and forced a confession from Freeland and placed the two men under arrest before the train had gotten outside the coun ty. The men were brought back to Trenton on a later train and given a hearing.
