NORTHEASTERN PENNSYLVANIA

GEORGE WOODRING DEAD

The Well Known Mauch Chunk Res tauranteur Passes Away.

Mauch Chunk, Oct. 31 .- The Time today contains the following notice regarding a well known resident: George Woodring, of the Second ward, aged 71 years, departed this life

at 12:05 o'clock today, at the Switchback restaurant in the Second ward. Deceased became seriously ill three weeks ago of general debility and old age. Mr. Woodring was born on September 11, 1828, in Butler township, Luzerne county, Pa. At an early age he secured a position on the Hazleton division of the Lehigh Valley railroad. By strict attention to his duties he was promoted to the position of engineer, which position he filled faithfully in the interests of his employers. He was a resident of Mauch Chunk 49 years and during that time was noted especially because of his many fine qualities. For many years he resided the Second ward and always displayed characteristics of a most charitable nature. He always took a leading part in assisting unfortunate friends and also was prominent in matters pertaining to the benefit of his town. Mr. Woodring was an up to date citizen, enterprising and energetic, A large circle of friends regret his demise. He is survived by one daughter, Mrs. Mary Wildoner, of the Second ward, and four sons, Calvin, of Dunmore, Pa.; Craton, of Tamaqua; Beldon, of Philadelphia, and William of

CORCORAN ARRESTED.

For Causing Gordon's Death, but Is Paroled Until Tomorrow.

Wilkes-Barre, Oct. 31,-Michael Corcoran, the Pittston saloonkeeper, was arrested and brought before 'Squire Ehret at Pittston inis morning charged with causing the death of John Gordon. who died vesterday from an alleged beating. The squire committed Corcoran to jail, but the latter was iminediately taken before Judge Woodward, where Dr. Bevan, who performed the autopsy, swore the man died from Bright's disease and not a beating. Attorney James L. Lenahan, who represented Mr. Corcoran, asked that he discharged, but the judge said he could not discharge the man until he heard the evidence of eye witnesses.

Corcoran was paroled in custody of a constable until 10 o'clock tomorrow when he will be given a further hear-

TOWANDA'S MAIL.

Postal Statistics of Interest from Bradford County.

Special to The Scranton Tribune.

Towanda, Oct. 31.-Since the order for weighing mail was begun, October 3, the average weight of mail handled in the postoffice at Towanda for the week days, except Thursday, has been 323 pounds. The weight of the county papers on Thursday swelled the amount to nearly 1,400 pounds. The Foster, learning the milliner trade. weekly average since October 2, in-) cluding Thursday was 576 pounds. The heaviest day's receipts to date Thursday, October 12, was 1.41712 E. E. Gelatt has purchased a tract a average of first class matter-sealed packages and letters-is 30 pounds per day

The postal authorities estimate that 45 letters weigh a pound on the average, so it is estimated that over 1,200 letters are sent from the Towarda office every week day, or neary 375,900 a year. The gross receipts of the ofe for year ending June 39, 1898, were

SUSQUEHANNA COUNTY.

Special to The Screpton Tribune.

Susquehanna, Oct. 31.-It is reported that the Susquehanan Water company and the Oakland Water company stock has been purchased by the "Canauacta Water Supply company," which has just given legal notice that it will apply to the governor for a charter of incorporation.

The funeral of the late Mrs. Samuel O'Connor, of Prospect street, took place this morning from St. John's Catholic church. Requiem high mass was celebrated and the remains were interred in Laurel Hill cemetery.

The Ladies' Auxiliary to the Brotherhood of Locomotive Engineers visited Port Jervis yesterday, and was tendered a reception and banquet by the local auxiliary. It was a very pleasant trip

Mr. and Mrs. George Boyden and Watson Boyden are in the wilds of Pike county, hunting deer. Bruce B. Buffum, of Friendsville,

Democratic candidate for register and recorder, was in town last evening. William J. Maxey, of Forest City Republican candidate for sheriff, was in town on Monday.

The funeral of Pulaski Chamberlain, an old and respected resident of West Clifford, took place on Monday afternoon, and was large attended.

It is reported that a building is to be erected for Keystone Hook and Ladder company, No. 1, and that the organization will purchase a chemical fire en-

Engineer Frank Nicholson is about to remove to Hornellsville. The Cecelian Quartette of Binghamton, assisted by Edwin R. Weeks, will give an entertainment in Hogan opera

Growing Time

Children must have just the right kind of food if they are to become strong men and women. A deficiency of fat makes children thin and white, puny and nervous, and greatly retards full growth and development. They need

Scotts Emulsion

It supplies just what all delicate and growing children require.

50c. and \$1.00, all druggists. SCOTT & BOWNE, Ghemists, New York.

of the Epworth League of the Methdist church.

The annual reception, social and super of Christ Episcopal church, held this evening in Odd Fellows' hall, was largely attended, and a great success n every respect.

The Century club will entertain their in Hogan opera house on Friday evening next. Music will be furnished by Ooran's Susquehanan orchestra.

W. A. Crossley, of Scranton, spent Sunday with Susquehanna friends. E. R. W. Searle, esq., has returned from a professional trip to New York and Philadelphia.

TUNKHANNOCK.

Special to the Scranton Tribune.

Tunkhannock, Oct. 31.-It is rumored that there is to be a change of time on the Valley road in a short time, making a considerable change in the running of some of the trains, the most important being the running of the night express west about two hours later than at present. If this is done, it will pas sthrough here about 7:30 a.

m. making a very convenient train or people travelling in that direction. Unfortunately, the larger share of the travel from here is eastward and under the new time table we will still go at noon. What we need is a local starting from Savre about 5 o'clock and stopping at all stations, getting here

H. B. Wilkins of Nicholson is in Tunkhannock in the interest of the Rex Ascetylene Gas muchine and has been doing a good business here and on up the river. The new general store of F. I. Wheelock at Eatonville will be lighted by this machine.

H. M. Ives of Scranton who is one of the owners of our electric light plant was in town on Monday. Mrs. Fred Selbel of Pittston is visiting her mother Mrs. Catherine Town-

O. E. Reynolds of West Nicholson, Republican candidate for sheriff, was

n town on Monday. The regular November term of equity and argument court convenes one week from next Monday and several equity cases are on the list for trial at that time. The cases of Sarah Wood vs. Byron Carpenter et al., and the Patrons of Industry of Forkston vs. the Patrons of Husbandry will come on for trial at that time.

Jacob Kresky, a resident of this place for many years, has obtained a posttion in Scranton and is moving to that

Dr. J. W. Dennison has moved his family to Parsons where he will locate

for the practice of his profession. THOMPSON.

Special to The Scranton Tribune Thompson, Oct. 31.-Mr. and Mrs. E. M. Heady, of Binghamton, were the guests of their former friends, E. C. Layton and wife, over the Sabbath. Miss Cora, daughter of Postmaster Ross, of Burnwood, is with Mrs. A. S.

Mrs. Blandin, of Mt. Pleasant, has come to spend a few months with Mrs. on Jane King, on Jackson street.

of timber land in Sullivan county, this state, the deal being executed last week. Rev. B. F. Larrable and wife are at

Hale's Eddy helping in revival meetings.

Rev. A. D. David gave the address at the regular monthly temperance meeting at South Gibson last Sabbath evening. Rev. P. R. Tower supplied his pulpit at Starrucca Sabbath after-

Mr. and Mrs. Horatio Cole and two children, of Scranton, spent the Sabbath with his father, Rev. Leonard

Cole. Monday afternoon. Miss Jennie Mulvey returned last week from an extended visit with rela-

tives in Port Jervis. Dr. Hager, of Susquehanna; was proessionally engaged in town s'unday. Rev. C. Z. Griffin, of Keuka college, was looking after the interests of that institution here yesterday and today.

TO Cure La Grippe in Two Days Take Laxative Bromo Quinine Tablets.

All druggists refund the money if its fails to cure. E. W. Grove's signature is on each box. 254.

PROF. COLES FOR NOVEMBER.

From Storms and Signs.

Our predictions of earthquakes, awful storms, and strange phenomena last month, were all fulfilled; especially in the Old Country, where more than four hundred persons perished by one earthquake, and where great storms wrought terrible ruin. We fear that still greatr destruction will follow this month and next, as the great planets are all leaving the morning side of the sun and passing over to the evening side preparatory for the great and final act of the planetory conjunctions that will occur on the 17th of December, when Saturn, Sun, Earth, Moon and Nontune will all be on a line. We have reasons to believe that the Old Country will receive the greatest affliction by these planetary conjunctions; but should the electrical currents be reversed by some sudden freak of nature, then watch out for storms, quick and furious, in America. An east wind will be the warning of coming danger If America escapes the storms, earthquakes and tidal waves, during these planetary conjunctions, then she will receive the reacting forces during the month of February, when awful, unprecedented storms will predominate.

COMING EVENTS FORETOLD. As Saturn, the cause of all great troubles and mighty evils is now in the home of Sagittarius-the bowlman, and in company with Mars, the red warrior; watch out for epidemics of scarlet, malarial, and typhoid fevers; accidents, conflagrations, suicides, murders and crimes of the most diabolical nature: plagues of flies, bugs, and water microbes; La Grippemonia and rheumatism. Watch for the great meteoric shower that is due this month; and keep your eye on the bright red twinkling star that will appear in the western horizon at early evening time. A new comet will be sighted in the heavens; and nature's girerat sear hlights will sweep over heaven's high dome in such bewildering and magnificent displays as to cause much wonderment and fear! Great sunspots will form over the face of the sun and cause heavy and danger-

ous storms. The great storm, that we

mentioned in our October forecasts, to

coming nearer-prepare for a "sweeper," both on land and sea

VALUABLE INFORMATION.

Seventy-five of every one hundred surgical operations performed at "Low Ebb" times proves fatal. From the 22d to the 28th no surgical operation should be performed unless it is a case of "life or death" that will not permit of any delay. The 6th, 7th, 8th and 5th house December 15, under the auspices are also "Low Ebb" days of a dangerous character. The 2d, 3d, 7th, 11th 17th, 20th, 21st, 29th and 30th will be good days to gather in late fruit. Apples ground up at "Low Ebb" time make bad tasting cider and verv poor vinegar. Farmers should consult the "High Flood" days, as shown on our Storm and Sign Calendar, and dig lady friends at a social hop to be held | their potatoes at "High Flood" time if they want them to keep from decay The 2d, 4th, 7th, 11th, 13th, 17th, ing. 20th, 21st, 22d, 29th and 30th will be the best days for fishing and hunting. The best days to kill beef, pork and fowls will be the 4th, 8th, 11th, 14th, 16th and 18th. To prove the theory of pork killing, kill pork on the 4th day of this month, and the meat will swell when boiled and when fried there will be scarcely enough grease from it to run in the pan; but that killed on the 21th, for instance, will fry all to grease; boiled will shrink.

WORDS OF WARNING.

Take no stock in the false reports about the "world coming to an end." This old world will be here many long years, even after those of the . contieth century have pasesd away. The diphtheria will become epidemic in many localities; and a new disease will puzzle the skill of the best obvalclans. Phenomenal extremes of temperature, and unusual magnetic and electrical disturbances may be looked for this month, or else a good shaking up by seismic shocks. Let the southern and western states watch out for destructive storms and floods. If a break occurs in the gaseous matter now passing over the sun any time be-tween the 1st and 18th, then the eastern states and Atlantic coast may be awfully storm beaten. Clouds running up from the southeast will be the warning signal of an approaching As the vital forces-both good and evil-stay so near the equatorial line this month, we apprehend great danger, and frightful phenomena! Professor C. Coles,

Editor Storms and Signs. Kingston, Pa., U. S. A., Oct. 17, 1899.

BRITISH TRAPPED

BY PAUL'S TROOPS

[Concluded from Page 1.] ommander in chief, has issued a long

statement indicating the best methods of distributing the money thus raised. London, Nov. 1 .- An ominous curtain has again descended upon affairs in Natal. No dispatch except the official telegrams of General Sir George Stewart White has thus far been permitted to mention the disaster and no telegram from Ladysmith has been received in London since the advices of the British commander. This gives rise to a belief that communications have already been cut, in which event some time must clapse before the details regarding British losses are received. If the war office officials have received information on this point they have refrained from publishing General White's estimate that the British losses were about ninety is evidently separate from the probable losses in killed and wounded among the captured battalions.

MILITARY TRAINS FOR AFRICA. Inspected by the Duke of Connaught at Aldershot Yesterday.

London, Oct. 31,-There was an extraordinary military parade at Aldershot yesterday when fifteen traction engines and forty trucks were inspected previous to their departure for South Africa. A stretch of sandy, rock road was selected for the tests and an excellent chance was given to observe the points of the engines. A steep ditch and banks two and three feet high were safely traversed. Though at times the wheels sank axle-deep, other engines pulled out the hapless

The duke of Connaught and the Princes Louis and Victor Napoleon attended the trials and were much pleased with the result. Twenty-four of the engines are to be despatched to South Africa.

TO SHELL KIMBERLEY.

Boers Said to Be Constructing Forts Around the Diamond Town.

Cape Town, Oct. 31.-It is reported from Barkly-West that the Boers are constructing forts around Kimberley for the purpose of shelling the town. Advices from Kimberley, under date October 27, received through a dispatch rider, at Orange river, October 30, report that all the wounded are ogressing favorably. It also appears that as they are unable to blow up the piers of the Modder river bridge, the oers are demolishing them stone by stone. They have blown up practically every culvert from the Modder river to the Orange river. An armored train, strongly supported, made a reconnois sance October 27 and found the Boers

still at Syptfontein. Gans Awarded the Decision. New York, Oct. 31 .- Joe Gans, of Balimore, and George McFadden, of New ork, fought 25 rounds at the Broadway Athletic club tonight. Gans was awarded the decision at the end of the fight.

ATLANTIC REFINING CO.

IN THE GRIP EPIDEMIC Special Use of Hot Grogs

Dr. Cyrus Edson,

of New York Health Department, and

Dr. LIBERMANN, Surgeon-General of the French Army H. Libermann, M. D., Surgeon-General of the French army, in an article on "La Grippe" (Influenza), recommends the following hot grog: "One third goblet of Vin Mariani, with two-thirds boiling water, cloves and cinnamon, and with or without sugar, makes a grog of exquisite flavor, which produces immediate beneficial effect in severe cases of cold, attended by convulsive coughing and depression. It is best taken at bed time. In the grip epidemics in France it was the tonic absolutely relied upon, and has received frequent deserved mention in the Medical Press. It has been shown that patients recover very slowly, there is much general weakness and lassitude, invariably calling for something in the nature of a mild tonic stimulant, and it has been found that Mariani Wine is unequalled for such cases."

Dr. Cyrus Edson of the New York Health Department has made a careful study of the subject in his book on "La Grippe," published by Appleton & Co. On page 39 he writes of Vin Mariani and calls special attention to it in the form of a hot grog. In speaking of the complete prostration accompanied by the depression caused by this disease, and also during entire convalescence, his preference for a tonic stimulant is a hot grog of Vin Marienl. He says it is excellent for the purpose intended, and recommends its use freely. The remedy is simple and within easy reach of all who suffer from this dreaded disease

A book with further explicit details will be sent by Mariani & Co., 52 West 15th st., New York, to any one who will write requesting same. It is certainly well worth writing for. In addition to the able authorities

quoted, the book offered contains many more similar and most convincing indorsements, thus proving it the most reliable of all known products of this character.

THE PRESIDENT

IN VIRGINIA

[Concluded from Page 1.]

iniversal love of country and a roble national spirit animate all the people. We are on the best of terms with each other and on most cordial relations with every power on earth. We have ample revenues with which to conduct the gov-ernment. No deficit menages our ciedit. Money is abundant in volume and unquestioned in value.

Confidence in the present and faith in

the future are firm and strong and should not be shaken or unsettled. The people are doing ousness on business principles and should be let alone-ca-couraged rather than hindered in their efforts to increase the trade of the country and find new and profitable markets for their products. Manufacturing was never so active and so universally en-joyed throughout all the siates, work was never so abundant and the products of the American farm and factory are carried upon every sea and find welcome in most of the ports of the world. It is a great pleasure to me to stand in this historic capitol and to look into the faces of my countrymen here assembled and to feel and know that we are all Americans standing as one for the gov ernment we love and mean to uphold, united for the honor of the American ome and for the faithful fulfilment of every obligation which national duty requires. I cannot forget—I could not for-get in this presence—to make my ac-knewledgements to the men of Virginia for their hearty and patriotic support of the government in the war with Spain and for their continued and unflinching oyalty in the suppression of the insurrec ion in Luzon against the authority of the United States. They came in swift response to the call of the country-the est blood of the state, the sons of noble sires, asking for service at the battle front where the fighting was the hard-

st and the danger the greatest. My fellow citizens, two great historical events, separated by a period of eightyur years, affecting the life of the republic and of awful import to mankind took place on the soil of Virginia. Both were participated in by Virginians and both marked mighty epochs in the his-tory of the nation. The one was at Yorktown, in 1781, when Cornwallis surrendered to Washington, which was the beginning of the end of the war with Great Britain and the dawning of independence and union. The other, at Appo-mattox was the conclusion of the cruel Civil war and the beginning of a unificaon now happily full and complete resting in the good will and fraternal affection of one toward another of all the people. Washington's terms of peace with Cornwallis secured the ultimate union of the colonies; those of Grant with Lee the perpetual union of the states. Both events were mighty gains for the human family and a proud record for a nation of free men. were triumphs in which we all have a both are common heritage. ne made the nation possible, the other ide the nation imperishable. arring note mars the harmony of the

At the conclusion of the president's

southern capital and southern labor-and in fact that this day is a 'feather day' in the proud history of the grand old commonwealth of Virginia." (Applause)

The launching which followed was a great success, the boat being christned by little Miss Carrie Shubrick, of Rocky Mount, N. C., great grand niece of Commodore Shubrick, with the usual formalities. It was a side launching, but the boat took the water like a duck, amid enthusiasm and cheering and the tooting of steam whistles.

After the launching the president and party took a drive through the city, stopping a while at the executive mansion to pay their respects to the governor and his family. On the president's return to the hotel he held another formal reception and left for Washington on his special train at 7.10.

UNIVERSAL POSTAL UNION. Eugene Ruffy Elected to Be Director

of the Bureau at Berne Berne, Switzerland, Oct. 31.-The Federal council has elected Eugene Ruffy

to be director of the Bureau of the Universal Postal Union. The Bureau of the Universal Postal Union, located at Berne, passes on all questions arising from the international postal treaties.

THE MARKETS.

fell at the opening today under the weight of selling for London accounts. Ladysmith. The sales for foreign account in New York van up tonearly 50,000 shares. The resulting loss in prices reached a point or more in several prominent stocks, notably among the southern railroads, which have been recent favorites for a rise. The experience of yesterday left no one disposed to buy stocks and the London offerings were poorly taken. Active selling of some of the prominent stocks added to the weakness. After the opening decline, however, some support was forthcoming which seemed to be based on the hope of a relaxation of the money stringency, but quotations for money at 20 and 25 per cent, again turned prices of stocks downward. The speculative liquidation seemed to bo part of the day, which was encouraged by strong spots in the list. The iron and steel stocks became especially prominent led by Federal steel. The strength in this group was attributed to a demand from a large outstanding short interest. The rise in Federal Steel reached 51% and in steel and wire There were sympathetic advances in National steel, Republic steel, American tinplate, American smelting and other iron and steel shares running from a fraction of 2%, the latter National steel. There was a good covering demand for a number stocks were conspicuous for an advance The market closed firm generally at small net losses. The call money was and suddenly. The last loan was at 5 per cent., the low level and the rate ranged above that to 30 per cent., the
