HONESDALE.

Special to The Scranton Tribune. Honesdale, Nov. 6.—Mr. Charles Eade, an old and respected resident, died suddenly at his residence on Eleventh street Saturday night about midnight. The funeral will take place from his residence Wednesday at 11 o'clock.

The theme of Rev. W. H. Swift's discourse of last evening was "The man just in the act of lifting a barrel of flour felt a hand laid on his shoulder. 'Stop!' said the stranger. 'How do you know I can't lift that?' 'How do you know I can't?' said the man. 'Because I know you are a physician, and know it's impossible.' 'That may be,' said the man, 'but I know I can.' 'What do you mean?' asked the physician. 'I mean that I have cured the rapping cough, the burning flush, and night sweats have all pointed to consumption.' 'Ninety-eight out of every hundred such impossible cases can be cured says Dr. Pierce. What makes him so sure? Because he has been curing just such cases for more than thirty years.' 'Golden Medical Discovery' is strength to the stomach, life to the lungs, nourishment to the nerves. It makes new blood and the new blood builds a new body—a firm temple of health.

There is nothing just as good as 'Golden Medical Discovery,' so let no one deceive you into accepting a substitute. Now my condition is changed entirely. I do not cough at all, have gained eight pounds in weight, have recovered my appetite, and my vitality is enormous. I can recommend your medicine, as it is a sure cure, no humbug, as are most other patent medicines.

Dr. Pierce's Pellets cure biliousness.

Dr. Pierce's Golden Medical Discovery since my correspondence with you and had great improvement in my case. I feel that I am in need of a more medical assistance. When I started to take your medicine I had a regular consumption cough, of which I was doing it every day for years, said the man. There are physicians who say in good faith to those whose lungs are worn by disease. 'It is impossible to help you.' And yet thousands of these impossible cases have been helped and healed by Dr. R. V. Pierce whose 'Golden Medical Discovery' has cured them, when the hollow cheek, the rapping cough, the burning flush, and night sweats have all pointed to consumption.

THE CARLISE INDIANS.

They Toured Through This City Yesterday Morning.

The Carlisle Indians passed through this city this morning at 6:30 a. m. after defeating Hamilton college 22 to 0 at Utica on Saturday. Owing to the Indians being scheduled to play Princeton Saturday next their coach put on a substitute team, with a few exceptions, for Hamilton, saving his men for the big game.

There are few players on the team who have not the straight hair and high cheek bones characteristic of their race. Some are decidedly good looking.

Audson, the champion goal kicker, is about 5 feet, 3 inches, while Wheelock is 6 feet 2 inches and Redwater 4 feet 4 inches, reaches far above the star quarter back.

Speaking with the coach relative to football in general he modestly makes the bulk of the team will take the honor of the game for this year. He claims they would have defeated Harvard but for the unfortunate play when Wheelock was knocked out for six hours, itudson, who is slightly out of shape, it is thought will be able to play Saturday.

MCCARTHY MAY RECOVER. He Was Accidentally Shot Sunday While Hunting. Strong hopes are now entertained for his recovery.

THE MARKETS.

Wall Street Review. New York, Nov. 6.—The course of the stock market today effectually dispelled the rumors of weakness which were engendered by the Saturday bank statement. The course of prices was downward in the early dealings but practically all the declines were recovered and some striking net gains were established in a considerable list of stocks. The downward course proceeded to the extent of 2 to 2 1/2 points in a number of prominent industrials and reached as much as a point in a number of the railroads, including examples from the Grangers, Southwestern, Southern, Coasters and Trunk lines. Northwestern dropped at one time 2 1/2. In the leading industrials the decline was generally a point about Saturday. Total sales, \$1,075,000. U. S. old consuls advanced 1/4 in the bid price.

The range of today's prices for the active stocks of the New York stock market are given below. The quotations are furnished by The Tribune by J. A. RUSSELL & CO., members of the Consolidated Exchange, and 411 Connelly building, Scranton, Pa.
