A New Heating System Needed for the Borough Building-Harvey Van Kleeck Home-A Well Known Resident to Leave the Borough-Death of a Child.

Although the motion to put in a new heating system in the borough building was defeated at the last council meeting there seems a possibility that something of the kind will be adopted before the really cold weather sets in. It is well known by these who have to attend council meetings that the small stove in use for years past is altogether inadequate to heat the room and as a consequence it is a most uncomfortable place in winter. The other parts of the building used by the firemen is even worse and at times four stoves are kept in services. One good furance would heat the whole building and besides doing away with a lot of unnecessary labor would make it considerably more comfortable for those who use the rooms. It is therefore hoped that council will at their next meeting see fit to make a move in the matter.

Mr. and Mrs. Thomas Champion, of Carbondale, spent Sunday here with their relatives.

Harry Van Kleeck, who has been eriously ill for several weeks past, returned home yesterday apparently cured from his affliction.

Philip Tucker, a well known resident of Jermyn, intends to leave on Saturday for Connecticut, where he will make his future home. Mr. Tucker is connected with several societies in which he has always taken considerable interest. He is the Chancellor Commander of the Knights of Pythiaa and at the next meeting of the organization a social session will be held after the business is transacted and a farewell reception will be given him.

PERMANENT MEN ARRAIGNED. Lisk and Bailey of the Phoenix

Brought Before the Mayor. Permanent men Bailey and Lisk of before Mayor yesterday to answer charges of being derelict in their duty

preferred by Chief Walker. It seems that the chief paid a visit to the company house last week and found Lisk absent. He asked Bailey where he was and the latter said that he was gone for a physician for his sick wife. The chief accepted this explanation, out came face to lace a few minutes later with Lisk's wife on the street and she told him she never felt better in her life.

When the two men were arraigned before the Mayor, Lisk explained that he had obtained a three hours' leave of absence from the foreman and that the latter had promised to take his place. This was in accordance with the rules of the department, but Foreman Scott, who lives across the street, forgot to go to the hose house and Chief Walker just happened in at this

Lisk thereby vindicated himself, but Bailey was given a few words of advice regarding the evils of making decelving statements.

The Ryan Company.

Daniel B. Ryan and company, last night, opened what promises to be a very successful week, at the Academy of Music. The play presented was 'Forgiven." by Clay M. Green, and was given with excellent stage settings and embellishments. The company is a very well balanced one, being comeposed of clever, capable actors and actresses. Mr. Ryan, as "Jack Diamond," the hero of the play, made a great hit and promises to be one of the most popular young actors ever in this city His versatility is great as his roles range all the way from Jean Renaud in "A celebrated Case," to the babar-ian hero of "Ingomar,"

Miss Ella Fontainbleau gave Mr. Ryan very good support, as his leading lady, and was exceedingly graceful and natural as "Annie Denntson. Other members of the company who did good work were: Homer Mullaney, Reeves, Lou Hascall and Miss Jane Farr. Lively specialties were introduced by Homer Mullaney, John Peck and La Petite Blossom.

Gave a Fine Performance.

The magic influence of the name Sam T. Jack undoubtedly assisted in filling the Galety theatre yesterday afternoon and evening, and the visitors who A expected to witness a racy performance were not disappointed. The company contained some talent of a high order, prominent among the leading characters being Miss Jennie Lamont, who appeared as "Mrs. Bidella Porkpacker" and "Calamity Jane," Miss Lamont gave a perfect character sketch in each instance and is probably the funnies: woman on the stage.

Miss Grace Vaughn, formerly of the Bunch of Keys" company rendered vocal selections that were well received and Mile. Heatrice, the contortionist, "rubbered" in many original positions. Ed. Morris produced a facial make-up that entitles him to the highest medal for originality in the grotesque. Mabel Hazelton and Little Vedder, the soubrettes, were as lively as ever. Thesa young ladies are talented in their line, but should secure a new dialogue. In these days of medical almanaes and tob-lot toke books it is a pity to invite paresis by precipitating such colloquial thunderbolts as those of yesterday

The electrical effects produced in the course of the entertainment were fine and many of the living pictures left but little to the imagination. The company will appear at the Gaiety this and tomorrow afternoon and evening.

William Shaffer Acidentally Shoots Himself-New School Building Being Rapidly Erected-Other News Items and Personals.

William Shaffer of West Drinker street is suffering from a severe injury received from the accidental discharge of an old revolver. Last Sunday morning while hunting

for a misplaced article, Mr. Shaffer came across an old revolver which he took in his hands and proceeded to examine. In some unaccountable manner the hammer was snapped down and a leaden missile took its way through the palm of his left hand. Dr. Brown dressed the injury, which will incapacitate the use of that member for some time.

ITEMS OF NOTE. A force of eight carpenters was put on the structure of the new school building on Throop property yesterday, and the work will now be hastened to completion as soon as possible in order to relieve the crowded condition of the schools in other quarters Considerable interest is being manifested on the result of tonight's election among the borough politicians. Although the number of votes cast is expected to be light, still enthusiasm sways the crowds that gather nightly

at the corners. The taxpayers are watching with interest the slowly assuming proportions of the three new silk mills now building on Throop property. The brick superstructures are now being buslly onstructed and the whole when finished is expected to give employment to a large number of the boys and girls

of this vicinity. The reports from the schools of this borough show that fifty teachers were enrolled and in daily attendance at last week's county institute.

A person whom I know explains his pretty constant use of Ripans Tabules in this way. "When your hands are soiled," said he, "you apply water to them. If you are fatigued or travel-stained, a bath is efficient and pleasant in its restorative and freshening effect. Yet your hands will get dirty again; and on occasion you will once more be soiled by perspiration, and require water and soap. Now Ripans Tabules are to the inner man about what soap and water are to the outward. They refresh and sweeten, and will do so again and again, as often as occasion requires, which will be every now and then with all people who are hurried about meals, or who fail to masticate their food properly or are compelled to subsist on food that is improperly cooked or prepared. The people of this sort include about seveneighths of every civilized community."

A new style packed containing this mpans tangular in a paper carton (without glass) is now for sale at some drug stores for reviewes. This low-proced sort is intended for the near and the economical. One dozen withe five-cent cartons (10) tabules; can be had by mail by sending forty eight tents to the thrane (humboal well-like), he is increased by the five-cent and in the last transfer in the sent for five cents.
