There is but one known specific for the kidneys and urinary organs that can always be relied upon—that one is, WARNER'S SAFE CURE.

NOVEMBER TERM OF COMMON PLEAS COURT

TWO VERY IMPORTANT CASES PUT ON TRIAL.

E. J. Williams is trying to collect \$3,000 from the Estate of William Moore, Deceased—Case of Dr. J. S. Porteus, of Taylor, Against the Scranton Railway Company Put on Trial Before Judge Savidge—Jury Will Visit the Scene of the Accident Today.

The November term of common pleas court began yesterday morning. Judge H. M. Edwards is presiding in the main court room and Judge C. R. Savidge, of Northampton, in No. 2.

In the main court room after the motions and other matters incident to the first day of the term had been disposed of, the case of E. J. Williams against Mrs. Emily L. Moore, executrix of the estate of her husband, William Moore, of North Scranton, was put on trial.

They Made Tests. Williams & Watkins put down numerous test holes on the property, but not finding coal, became discouraged and were about to give up the quest when Moore urged them to continue, telling them that if coal was not discovered that the land could not be sold and he could not collect the \$20,000 due on the mortgage.

If coal was discovered and the land sold, Moore, as an inducement to Williams & Watkins to continue the work of boring, agreed to pay them \$5,000.

The boring continued and some time afterwards Fellows acquired the interest of the others in the tract and sold it to Simpson, Watkins & Parke at a profit of \$21,500. The \$20,000 mortgage was cleared off and the balance of \$1,500 was paid to Williams & Watkins.

Leach, B. M. Winton, Walter W. Winton, administrators of the estate of W. W. Winton, deceased, and the Mt. Vernon Coal company.

On July 1, 1891, the defendants alleged that they leased 300 acres of coal land in Winton borough to the plaintiffs with the understanding that 50,000 tons of coal should be mined each year and that royalties would be paid on the twentieth of each month.
