## True Economy

The difference of cost between a good and a boor baking powder would not amount for a family's supply to one dollar a year. The poor powder would cost many times this in doctors' bills

Royal Baking Powder may cost a little more per can, but it insures perfect, wholesome food. In fact, it is more economical in the end, because it goes further in leavening and never spoils the food.

Royal Baking Powder used always in making the biscuit and cake saves both health and money.

> You cannot, if you value good health, afford to use cheap, low-grade, alum baking powders. They are apt to spoil the food; they do endanger the health. All physicians will tell you that alum in food is poisonous.

#### GRAND JURY MAKES ITS FINAL RETURN

LARGE NUMBER OF IGNORED BILLS WERE PRESENTED.

The Jury Says That the Faulty Transcripts of Justices and Aldermen Are Responsible in Many Cases for Ignored Bills, and in That These Faults Are Not Always Accidental. Favorable Report on All the Bridges-Mary Mish Indicted for Illegal Practice of Medicine.

The grand jury made its final return vesterday and was discharged. In its report it recommended some slight rethe manner in which the institution is conducted. Enverable reports are made on all the bridges petitioned for. In connection with the large number of ignored bills returned, the jury has

The large number of ignored bills in which costs were placed on the county which costs were pieced on the county are due to defective transcripts sent in by aldermen and justices of the peace. These officers deserve censure for mak-ing the courty liable for costs, and we believe that in many cases these defects are not the result of ignorance or care-lessness.

Following are the true and ignored bills contained in the final report:
