BIG MORTGAGE RECORDED.

Filed in bradford County Recorders' Office for \$1,000,000.

Special to the peracton Trib Towanda, Nov. 15 .- One of the largest mortgages ever filed in Bradford county is now being recorded in the Register and Recorder's office, ov rather an exact copy of the original document, which has a face value of \$1,000,given by the New York and Pennsylvania Telephone and Telegraph company to the Washington Trust company of New York city. The document sets forth that the telephone company intends to extend and improve its system and for the purpose of doing this, and also paying another mortgage of \$300,000, issues \$1,000,000 worth of coupon bonds, dated November 1 1899, bearing interest at 4 per cent., payable semi-annually and numbered from one to 1,000. They become due November 1, 1929. To secure the payment the mortgage is given. The copy now being recorded was compared very carefully with the original mortgage, which was shown to Register and Recorder J. N. Califf, and which bears a revenue stamp costing \$500. The instrument covers twenty-six pages printed, and a copy has been filed in each county where the telephone company does

WILDCATS IN MONROE.

Two Animals Have Been Slain Within the Past Week. Special to the

Stroudsburg, Nov. 15,-The residents of the town of Gilberts, of this county, late have heard peculiar sounds which rather unsettled the nerves of the women and children. The men residents concluded that the noise came from wild cats that were making their homes in the vicinity of the town. William Smale's woods near by was searched by George Gregory, David LoBoch and Wilson Frable, The party came across a very large wild cat, one of the dogs succeeded in chasing the beast up a tree, then got scared and ran. LoBoch and party with their guns brought the beast to the ground.

The carcass of a big catamount or wild cat as they are familiarly called, attracted the curious gaze of a large number of people at the Lackawanna station a day or so ago. It was killed at Portus Lake by William Connell, son of Congress or Connell, of Scranton. The animal was sent to Scranton to be mounted.

Rev. C. L. Mundell writes:

"I suffered from that dreadful tired feeling and weakness, and in 1851 I lost my health altogether. I went to one of the best doctors in the state and he said I had heart, stomach, liver and kidney trouble. His treatment did me no good. I tried different kinds of patent medicines but got worse all the time. If I walked up hill or a little fast it seemed as though my heart would jump out. I had almost given up all hope, and my money was all gone; was starcely able to make a living. Finally I wrote Dr. Fierce and following his advice I purchased at my nearest drug store a bottle of Dr. Pierce's Golden Medical Discovery and a bottle of his 'Fleasant Felica.' This was a year ago and now I am happy to say that I am in the enjoyment of perfect health. I am so glad of my health that I cannot say too much. I first return my sincere thanks to Almightty God and then to Dr. Pierce.

We think that no man can to show a true appreciation of providing he can afford to do so. The public appear to be very indifpaper should live or die No matter paper." what sort of an entertainment is proposed, or for whatever purpose the proceeds are to be devoted, the first idea. that is presented by the promoters is that this mean spirit exists to a large -nay, universal-degree among the churches and the various semi-charitfeature of the local life of a small community. These people are, or ought to be, good and charitable; yet their first idea appears to be how much they can divert from the treasury of the newspaper. It is a fact that we know of instances where free advertising had been demanded for questionable charitable schemes, and we have at the same time been invited to buy tickets for our reporters to go to the same for gridiron. Its eleven is the only aggrethe sole purpose of puffing up this or that self-conscious character in the entertainment. The question never presents itself for a moment that we are not in the slightest degree interested in many of these affairs. We are so busy at all times in the effort to

make both ends meet in our business that we have no desire to be identified with anything that will make our task a more difficult one. We affirm that the churches set a very bad example in this direction Various entertainments are projected here, many times by churches with which we have no affiliation, and we are asked to do advertising free for the same, when the churches are fully and entirely able to pay a fair charge for the work. We should not be expected to contribute to the work of every church in the community. In many cities now the preachers are being made to realize that they must expoet no free advertising. Church notices of services are paid for at the gular rates; and this is as it should be. The church notice is put in for no other reason than to draw a crowd, and incidentally to increase the amount in the collection plates, therefore the service should be considered worth just what the newspaper charges for it. It cannot be denied that the published notice has a value, else it is a fact that the preacher would not go to the trouble of writing it out and sending it to the office for publication. There is no reason why a small fund should not be set aside by the various churches to be used for advertising their services. Money is spent for other purposes which do not bring in the returns which a judiciously placed notice invariably does. It is a fact that among

## THE MARKETS.

Wall Street Review.

New York, Nov. 15.-There was a show of strength in stocks today owing to the large operations by professionals speculative of the important industrials and specialties notably sugar, the leather stocks some of the metal issues and New York public utilities, all of which showed large There were strong advances in New York Central on the announced settlement of differences over the Boston and Albany lease, in Southern Pacific on the continued large absorption by banking interests, in Pacific Mail in anticipation of action on the dividend, in the coalers on the good conditions in the anthracite trade. The level of prices on the whole is higher but the activity was never widely dis-tributed and the general disposition was to maintain a waiting attitude pending further developments in the money situation. There was no recurrency of extreme stringency in the local money market. Secretary Gage's announcement that the treasury would buy \$25,000,000 of United State bonds at the price at which they were quoted on the New York exchange yesterday was not made until after the closing of today's markets.

The sterling exchange market was

dull but inclined to firmness in response to the hardening of money where there was a special demand on the market incident to the taking up of government bills to provide for war expenses. There was continued demand from stock exchange sources for time money and 7 per cent. was bid for six months loans where industrial stocks figured as collateral. Total sales 467,900 shares.

There was moderate activity in the bond market and price changes were mixed. Total sales par value \$1,610,-

U. S. bonds are unchanged in the bid
