This means that for one fare plus one dollar the Lackawanna railroad will sell on November 21, 1899, from Mt. Morris, Ithaca, Oswego, Utica, and all intermediate points, tickets to New York and return, permitting the holder to spend five full days in the metropolis.

This week of November 21 will be one of the gayest and most interesting of the entire winter. One of the greatest football games of the year, that between Columbia college and the Carliste Indians, will be played at Manhattan Field on November 25. Columbia college recently defeated Yale on the gridiron. Its eleven is the only aggregation of football players outside of the "Rig Four" that ever scored against The Carlisle Indians have defeated some of the best college football teams in the United States.

At the theater this week will be a particularly brilliant one. Among their attractions will be the following: May Irwin in "Sister Mary"; Julia Arthur in Grueth Vereins, under whose auspices "More than Queen"; the Alice Nielson Opera company in "The Singing Girl"; Julia Marlowe in "Barbara Freitchie"; Virginia Harned in "The Song of the Sword"; John Drew in "The Tyranny of Tears"; Mrs. Fiske in 'Becky Sharp"; Richard Mansfield, William Gillette, the Kendals, Annie Russell, Anna Held, William H. TO WILKES-BARRE DIRECT.

That Is What the Trolley Companies Promise in Near Future. By Christmas the Wilkes-Barre and Wyoming Valey Traction company expects to have its cars running into this

It is thought that by Christmas the extension of the Scranton Railway company's line from Rendham to the county line will be completed. At the county line it will connect with the Duryea branch of the Wilkes-Barre and Wyoming Valley Traction com-pany, thus knitting the two systems together and making it possible to run a trolley car from Archibald to Hantioke. As soon as the guage of the Carbondale company's line is changed the ride to the north can be continued as far as Forest City.

About the connection between the Wilkes-Barre and Scranton lines John S. Riggs, of the Wilkes-Barre com-

pany says: "The Scranton Traction company now has a force of men at work exending its line to Duryea, where it is proposed to connect with our tracks, thus making a continuous line from one city to the other. When this extension is completed and the two roads onnected we will make some arrangeent with the Scranton Traction company whereby we can run our cars through from this city to Scranton, and wil give the Scranton company the same privilege on this end if they desire it. We will, however, run our ears through to Scranton whether the Scranton company avails itself of the

privilege we extend or not." Asked as to what style of cars would be used and what schedule would be followed, Mr. Rigg replied:

"It is too early yet to talk of that, but we propose giving the very best possible service. We have several large modern cars ordered which will be delivered in this city in from six to eight weeks, which if we find it necessary, we can use on the new line. These cars are larger and more modern than any we yet have in operation

PATRIOTIC CELEBRATION.

Conducted by the Swiss in Music Hall Last Night.

The five hundred and sixty-first anniversary of the declaration of the independence of Switzerland was observed last evening by the Swiss of the city in Music hall.

The main floor and balcony were fammed to their utmost capacity when the evening's programme was begun at 8 o'clock.

Though these sturdy sons of the Alpine country were celebrating a historical event in the history of their own country they did not forget the land of their adoption, for draped on either side of the stage with the white cross and red ground of the Swiss emblem was the American flag.

The programme given was varied, ncluding a national dance by a number of the younger people, all attired in the picturesque Swiss peasant costume and a one act play entitled "Ull Rotach's Tod." It was a relief to see the sincerity and earnestness with which those who participated in this little piece transacted their roles.

There was also an excellent series of cineomatograph pictures presented by Prof. D. Petri Palmedo, of the International Correspondence Schools. Dancing followed the evening's programme and a very large number of those present participated.

The committee in charge of last evening's affair was composed of the following members of the Scranton t was conducted: J. S. Gyr, M. Roth, R. Traub, Ernest Gloor and John Brunschwyler. There are upwards of 1,000 Swiss in this city, which is a very large number when the smallness of the country's population is taken into consideration.

GRADUATION EXERCISES.

Two Nurses from Hahnemann Hos-

pital to Receive Diplomas. On next Tuesday evening in the Albright library lecture room the annual meeting of the directors of the Hahne-mann hospital and the first graduation exercises of the training school for nurses connected with that institution will be held.

There will be two nurses who will graduate, namely, Miss Mabel Benjamin and Miss Anna Wright, both of whom have been with the hospital since its inception and who have taken the necessary two years' course. Mrs. H. M. Boies, the president of the hospital, will preside at the exercises.

Free Hotel and Boarding-House Directory.

The Lackawanna Railroad is preparing to thoroughly advertise all the cities and towns along its lines with the purpose of inducing travel to these points. In connection with such advertising it proposes to issue a complete directory of hotels and boardinghouses in each of the towns along the line. No charge will be made to any hotel or boarding house for inserting its name in this publication, and it is desired that the name of every hotel and every person who now takes boarders, or may desire to do so, shall appear in its pages. Proprietors of all such houses are requested to call upon the agent here, and leave with him information regarding the location of houses, and other information which it is desired to incorporate in the proposed directory.

PARAGRAPHS ABOUT LOCAL POLITICS

EIGHTH WARD REPUBLICANS TO CAUCUS MONDAY NIGHT.

Millar, Zizleman and Ferber Will Probably Be Nominated for Alderman, Common Council and School Controller Respectively - Members of Both Branches of Council and the School Board Whose Terms Expire in the Spring-David Cameron Well Known in This City.

Monday night the first step in the way of opening the municipal campaign will be taken when the Republicans of the Eighth ward will hold a caucus in the office of Alderman W. S. Millar. At this caucus candidates for alderman, school controller and common council will be rominated. Immediately after the adjournment of the ward caucus the Republicans of each district will get together and name candidates for register of voters and judge and inspector of elections.
Up to date there has been no partic-

ular contest for the Republican nominations and it is very probable that on Monday night Alderman W. S. a similar courtesy will be extended to Millar will be renominated and that W. Zizleman, the present common councilman from the ward. C. C. Ferber will in all probability be the nominee for school controller. He is a prombusiness man, who for several years a member of the Clemons, Ferber and O'Malley company, and would make a valuable addition to the board of school con-

The Eighth ward is always the scene of a desperate battle for ward offices and if Monday's Republican caucus is likely to be a very quiet affair the subsequent steps will not be as tame. For instance, the Democratic caucus is likely" to be productive of some lively skirmishing. There are several candidates for the different nominations.

John J. Loftus, the Wyoming avenue druggist, and ex-Common Councilman John J. Flanaghan will cross swords for the nomination for alderman, and Thomas Roche and T. P. Gilgallon will do battle for the nomination for common council. For school controller Dr. John O'Malley and John Collins are avowed candidates and there is a possibility that Charles Zeidler, the present school controller of the ward, will seek renomination. The memtion of his name in connection with a renomination does not awaken much candidate he will have strong opposition in his own party.

The Eighth ward has about an equal number of Republicans and Democrats and it requires lively work on the part of a candidate to win out. In consequence local fights are never dull in that word. As an evidence of the closeness of the ward it might be mentioned that it now has a Republican alderman and common councilmen and a Democratic controller and select councilmaan.

After the February election of next spring there will be a number of new faces in both branches of the council and on the school board. The terms of the select council from the odd numbered wards and of the common councilmen from the even numbered wards expire next April and the following will have to seek a re-election or re-

Select-Finlay Ross, First ward; John J. Kearney, Third ward: Richard H. Williams, Fifth ward: John E. Roche, Seventh ward; C. F. Chittenden, Ninth ward; John J. Schnelder, Eleventh ward: George Sanderson, Thirteenth ward: Horatio T. Fellows Fifteenth ward: J. A. Lansing, Seventeenth ward: Edwin Frable, Nineteenth ward; John J. McAndrew, Twenty-first ward.

Wenzel, Fourteenth ward; E. J. Coleman, Sixteenth ward: T. F. Morris, Eighteenth ward; M. J. Cusick, Twentieth ward.

The terms of the following school ontrollers also expire the coming spring: A. L. Francois, Second ward; Benjamin Williams, Fourth ward: John M. Casey, Sixth ward; Charles F. Zeldler, Eighth ward; Jacob Schaefer, Tenth ward: Anthony Walsh, Twelfth ward; T. J. Jennings, Fourteenth ward; O. B. Schriefer, Sixteenth ward; P. J. Langan, Eighteenth ward; John Gibbons, Twentieth ward.

David Cameron, who is mentioned as the probable successor of Judge John I. Mitchell on the bench of Tioga county, is well known in Scranton. He was requent visitor here during the years when he was assistant United States district attorney, Mr. Cameron was appointed to that office by Governor W. A. Stone when he was United States trict of Pennsylvania. He was retained under Walter B. Lyon, who succeeded Mr. Stone and was removed by Harry C. Hall, Democrat, soon after he entered upon the duties of his office. Mr. Cameron is not a large man but

he is imposing looking nevertheless. His face bears a striking resemblance to that of the late General U. S. Grant. Mr. Cameron is one of the ablest law-

DEATH OF J. J. H. HAMILTON.

Brilliant Young Attorney Passed

Away Yesterday Morning. Attorney James J. H. Hamilton died yesterday morning at 5 o'clock at the home of his friend, F. L. Phillips, of Sanderson avenue, Green Ridge, He has been ailing for a number of

weeks with malaria and two weeks ago

was compelled to take to his bed. He also had heart trouble, the primary cause of which is believed a lightning stroke which sustained in May, 1885, at his father's home in Orang-ville, Colum-

bla county. A bolt struck and shattered a willow tree just outside the window at which he sat, and entering he house rendered him unconscious, in which condition he continued for several hours, The shock left his nervous system

impaired and at night he said he was never in good health since. This, howver, did not deter him from his studies. After graduating from Orange-ville academy, three years later, he entered Lafayette as a member of class of '88, but left college before graduating to accept a position as teacher in the Huntington Mills academy and incidentally to pursue the study of law.

He also taught school in Osceola Mills, Bedford, and in Ohio, and then entered the law department of the University of Indiana, from which graduated with honors in 1893. Lafavette college conferred upon him the egree of Bachelor of Aris after he had attained distinction as a contributor

to the law journals. While not classed among the prominent practitioners, Mr. Hamilton was looked upon as one of the leaders of the bar in a technical knowledge of the law. His writings on constitutional questions were eagerly sought by the law journals and he was engaged by the publishers of Pepper and Lewis digest to edit the book on orphans' ourt practice, one of the most important in the digest.

He was a close student, too, of polienthusiasm, however, and if he is a coming to Scranton entered actively questions. As a political orator he gained no little prominence and after ming to Scranton (Stered actively into compaigning.

He also was a deeply religious man

and for a time was editor of the Christian Endeavor Journal, in which movement he was prominently identicontestant in the Langstaff-Kelly contest his ability and perseverance won for him much favorable comment.

The deceased was 36 years of age and unmarried. He was a son of the late Rev. J. J. Hamilton, a Presbyterian clergyman, of McCoystown, Juniata county. His mother, a sister and two brothers, all residents of Easton, survive him. The funeral services will be con-

church by Rev. Dr. James McLeod Sunday afternoon at 3.39 o'clock, Interment will be made at Academia, Juniata county.

A meeting of the Lackawanna bar has been called for 11,30 o'clock this morning to take action on Mr. Hamilton's death.

Bolt and Nut Works Ready to Begin Operations.

Fires will be lighted in the mills of

the Scranton Bolt and Nut works this afternoon and operations will be commenced on Tuesday. General Manager W. D. Zehnder said when the mill was projected that he would have it in operation by the middle of November. At that time there was a general strike of the building trades in Scranton, machine shop throughout the country were rushed with orders and fron of all kinds was

growing rapidly scarce and reaching almost prohibitive figures. Despite all these discouraging cirumstances, Mr. Zehnder faced his big task determinedly and to the pleasant disappointment of many of the promoters of the project who were dublous of his being able to carry out the work in the time specified he has succeeded and is now receiving their warm congratulations.

TIN PLATE FACTORY SEEMS ASSURED

MANUFACTURERS' COMMITTEE TO REPORT FAVORABLY.

L. K. Torbet, of Chicago, Will Come to This City Monday and Begin the Organization of the Company, the Capital Stock of Which Is to Be \$200,000, Which Will Probably Be Raised by Popular Subscriptions. West Scranton Mentioned as a Favorable Site for the Plant.

Another large new industry, namely, the tin plate factory, proposed by L. K. Torbet of Chicago, is now insured this city if the citizens themselves show their interest by subscribing to the capital stock of the company to be organized.

The manufacturer's committee of the board of trade, after making a searching Investigation and securing estimates and figures on the cost of the steel used as the foundation of the tin plate, have decided that the outlook is favorable for the establishment of the industry in this city, and that it can be worked at a profit to those who invest in the stock.

They will accordingly present a set resigtions to the board at its regular meeting on Monday evening, endorsing the industry and recommending it to the favorable consideration of public. These resolutions will undoubtedly be adopted by the board, which will thereby give its approval to the project.

TORBET INFORMED.

Mr. Torbet has been wired of this fact and has been requested to be in attendance at the meeting to give any information which may be desired. He will immediately enter actively into the work of organizing the company securing the capital necessary for the establishment of the plant,

It is proposed to fix the capital stock of the company at \$200,000, of which sum Mr. Torbet himself will subscribe \$25,000. Mr. Patton, the manager, will probably subscribe about \$5,000, leaving \$170,000 to be raised by popular subserintion.

While no definite plan has as yet been fixed upon, it is very likely that subscriptions from one share up will be accepted, allowing the rank and file of the community at large to invest in the company instead of having the stock held by a few. If this plan falls and not enough money can be raised in this manner, there is hardly any doubt but that more than sufficient capital can be raised in large amounts from among the rich and influential citizens of the city. Of this \$200,000, \$165,000 will be ex-

pended in the construction of the plant and the purchase of the machinery reired to operate it. The other \$35,909 will be used as working capital,

ATHERTON ENTHUSIASTIC, Secretary Atherton of the board of trade waves enthusiastic over the idea that the industry can be made a West Scranton one. Two options on plots f land in this particular section of the city have been secured, one from the Delaware, Lackawanna and Western pany and the other from John R. Farr. Poth of these are on the doe of the Lackawanna's Keyser Valley branch, which could be used as a carrier for the finished product.

All together the outlook is especially establishm factory in West Scranton, and all that is required, in the sales of Secretary Atherton, is the particular co-operat. ome of the prominent citizens of Hyde

The new industry will employ the services of 400 men, some of whom will draw very large pay. There are no tin plate factories east of Pittsburg. so that if the new factory is built here it will have a clear field in the eastern market for the sale of its product. It is generally understood that the Lackawanna Iron and Steel con.pany have signified their ability to furnish the quality of steel bars required at a satisfactory price, thereby removing om the question the payment of freight on this raw material, which is in itself a very important consider

POOR BOARD MEETING. Thirty-Two Applications for Relief

Were Acted On.

'Influence of Good Pictures'-

At yesterday's regular meeting of the oor board there was no business transacted except the hearing of an especially large number of applicants for re-lief. There were thirty-two of these in all and, strange to say, out of this

number only two cases were deemed

unworthy and dismissed. One old lady, literally bent and seamed with years and with no one to support her save a wayward son, came before the board and asked for relief The directors, after consulting among themselves, decided that the only thing to do was to allow her to enter the Hillside Home.

When this disposition of her case was announced to her, that poculiar innate dread of the very thought of the poohouse rose in her, and she got up and tottered out of the room, vowing that she'd scrub the knees off herself before she'd enter its doors.
