The members of Lackawanna councll, Royal Arcanum, are decidedly original in their methods of making their meetings attractive, and their programme last evening was in keeping with the usual standard of excellence that has prevailed ever since the socicty was organized. After the routine business was passed upon, two new members were initiated. They were Druggist Clarence Shryer and Attorney Walter Bevan, and then followed the literary exercises which were of unusual interest.

The first number was a paper on The Relation of the Citizen to the State," by Howell Harris. The composition was meritorious in every respect and showed that the writer was thoroughly familiar with his subject. Prof. E. A. Cruttenden followed with an excellent paper on "Patriotism," and the gentiments expressed were approved by the large assemblage, Charles R. Acker also submitted a paper on "Party Government," which was full of good suggestions and general information along

Short speeches were made by Attorney Charles Olver, Victor Lauer, E. W. Thayer, Mr. Jirkins, Clarence Shryer, John R. Farr and Walter Bevan. A smoker was also a pleasant feature of the occasion. At the next meeting a debate will be given on the subject of "Love of Kindred and Patriotism." The session was attended by many well-known men identified with the organization and a number of visitors enjoyed the treat.

#### HABITUAL BEGGARS.

The residents of West Scranton have been troubled for several days with a gang of habitual beggars, who are livng on the charity of other people. They make a practice of going from house to house, soliciting money, food, ciothing, furniture, etc., and some of them have become hold enough to insult people when refused assistance. It is known that these same beggars are even in better circumstances than others who contribute to their support, The police are desirous of suppressing this nuisance and if complaint is made to the proper authorities, arrests will follow. There are undoubtedly

PROGRESS OF NIGHT SCHOOLS. The attendance at the several night schools recently opened has been very encouraging, and many of the students are ambitious along educational lines. but the teachers and pupils alike have met with the usual interference from the schools are conducted for the pur-

# LADIES, You Probably

by experience that it's no easy matter to buy underwear in the ordinary store that can be called perfectly satisfactory so far as comfort, style and fit are concerned, while the ever changing temperature of these latitudes has taught women of sense the necessity of being able to adjust the weight or make of undergarment at a moment's notice to the weather changes, whatever they may be.

### We've Made This Subject a Study

A study for many years, and as a result are enabled to present to our patrons the most complete and varied line of Ladies' Underwear in combination suits, pants, vests, corset covers, etc., to be found in this state. It practically includes everything of genuine merit and the sizes are so graded, that perfect fitting garments can always be depended on.

#### A Word on Weights, Makes and Qualities.

The question of makes is most important. Some are poor, and some far from being as good as they should be. No matter what you pay, we have no poor or indifferent makes to offer. Besides some very special productions we show the full lines of the following noted manufacturers: Norfolk Mills, New Brunswick Mills, Lackawana Mills, Luzerne County Mills, etc., etc. Also the justly famous Oneita Combination Suits for ladies. As to weights, that's an individual question for the wearer to decide. We have Underwear graded so closely and evenly in the matter of weight that anything from the lightest featherweights to the heaviest double wool fleece lined may be yours at command.

#### is for Materials and the Prices

We would merely say that we show every description of garment named above in pure silk weaves, silk and wool, pure wool, all weights, cotton and wool and the best selected cotton yarns. Prices range from a few cents up to a few dollars, and qualitier may be guaged accordingly. Although we may add that figures here are much lower than those asked by firms who have not the same command on the market as we possess and therefore neithee the stock to show, nor the volume of trade.

There's a special display of Ladies' Underwear today; would you mind going to see it?

Yesterday afternoon the High school indulged in a hard and energetic practice, nearly every man being present, and in his alloted position. After signal practice the eleven was lined up against the High school scrub team. The "regulars" kept possession of the hall throughout the practice, but had by no means an easy thing in breaking through the line of the stubborn subs.
