

LIVE NEWS OF THE INDUSTRIAL WORLD

FURNACES AT BOLT AND NUT WORKS LIGHTED.

Number of Those Interested in the Company Were Present When the Fires Were Started Saturday Afternoon—Board of D. L. & W. for Today—Firemen on the D. & H. Railroad Given an Increase of Wages. Sebastopol Mine at Archbald to Resume.

Saturday afternoon at 3 o'clock fires were lighted in the four big furnaces of the new Bolt and Nut works, in the presence of a number of directors, stockholders and officials of the company.

The matches were applied by Hillary M. Zehnder, of Lawrenceville academy, son of President W. D. Zehnder, and Miss Mary Zehnder, daughter of E. M. Zehnder, the general superintendent.

The work of rolling iron will be entered upon tomorrow, and before Dec. 1 the manufacture of bolts and nuts will have been commenced.

About 200 hands will be employed at the outset, but eventually the works will demand the help of five times as many men.

The Board for Today. Following is the Delaware, Lackawanna and Western board for today:

Scranton, Pa., Nov. 20, 1899.

No. 2, 2 engines—J. Mosier, Gahagan's mine.

7 a. m.—Widener.

8 p. m.—Peckins.

Firemen's Wages Increased.

On Saturday morning the firemen of the Delaware and Hudson railroad were notified that beginning with the first of the present month their wages would be materially increased. The freight firemen will receive 2 1/2 cents a mile, instead of 2 cents as formerly, while the passenger firemen will receive an increase from 1 1/4 to 1 1/2 cents a mile.

This will be an increase of about 25 cents a day for the former and about 15 cents a day for the latter. The latter receive a smaller rate per mile because they make longer trips than the freight firemen.

The increase is a substantial one, and inasmuch as it was made voluntarily by the company, is greatly appreciated by the men.

"Sebastopol" to Resume.

The Forest Mining company is about to resume operations at old No. 3 or "Sebastopol" as it was popularly called. The mine has not been operated in fifteen years. A vast quantity of good coal is accessible by means of this opening and when the mine is in proper order it will all be removed.

At present only a few men are employed there, making ready for operations on a more extensive scale. In a few months it is expected fully one hundred and fifty men will find employment there. If the present boom in anthracite continues there will be lots of work at Sebastopol—Archbald citizen.

Industrial Notes.

The Sloan breaker's head is being raised eighteen feet.

A patent has just been granted to Valentine Eberich, of this city, for a new and improved car coupling.

Benjamin James, organizer of the United Mine Workers of America, is attending the national convention at Indianapolis.

The Delaware, Lackawanna and Western carpenters have begun the construction on the Diamond Flats of a big washery, adjoining the slope and culm dump. The building will not

Pneumonia

always leaves the lungs weak. Weak lungs are breeding grounds for the germs that cause consumption. Chronic bronchitis also often follows pneumonia. If you have had pneumonia, the germs of consumption are at work. Don't let them get a foothold. Begin at once and take SCOTT'S EMULSION; it will drive out the germs by making the lungs stronger than they are.

be finished and the washery in operation before next April. Regarding the outlook for trade Mr. Carnegie says: "The iron and steel business is like the sea, a succession of waves and tides. As far as next year is concerned I cannot see any cause short of a phenomenal one which can prevent the coming year being one of much more profitable results than this one has been. It will be a banner two months, but I do not think prices will be much higher."

DUNMORE DOINGS.

Till Family to Give a Concert This Evening—Death of Gertrude Ellis—Unclaimed Letters.

The much-talked-of Till family who their Rock band will give their entertainment in the First Presbyterian church this evening at 8 o'clock.

Considerable interest is centered on that part of the programme consisting of selections to be played on slabs of stone or rock which have been accurately adjusted so as to produce pleasing musical tones. Mr. Till, the founder of the band and originator of the musical rocks, has spent five years in perfecting what was a crude beginning, until at the present time thirty-six rocks are used, making a possible compass of five octaves. The rocks are from six to forty-eight inches long and were brought from the Skiddow mountains, England, to this country. Misses Esther and Mildred Till will assist in the musical entertainment.

DEATH OF A CHILD.

Mr. and Mrs. John Ellis, of South Blakely street, are called upon to mourn the death of their interesting little baby girl, Gertrude E., who died Saturday afternoon after a short illness. The little one was fourteen months and sixteen days old. The funeral will take place this afternoon, interment to be made in Forest Hill cemetery.

UNCLAIMED LETTERS.

Letters remaining unclaimed during the period ending Nov. 15 are as follows: Mrs. Brown, Charles Bartholomew, Louisa M. Barnes, Mrs. Mattie Church, Mrs. Andrew Corel, New York street, between Washington and Adams avenue; Anthony Horan, care of Johnson's store; John Hooper, Michael Lynott, 107 Madison avenue; William Lussy, Patrick Moran, care of Johnson's store; Mrs. Bridget McDonnell, Oak street; Edward Ruane, care of Johnson's store; Nelson Swingle, mail messenger Erie and Wyoming Valley railroad; John W. Wheeler, Mrs. Sarah L. Watrous.

When calling for any of the above always say "advertised."

NOTES OF INTEREST.

The personal property of the late Patrick Brady will be sold at public sale at 3 o'clock Thursday afternoon. The sale will take place under the direction of the administrator, E. P. Letchworth, at the late home on East Drinker street.

The Roma band gave a number of musical selections at Burschell's hall Saturday night. A free offering was afterwards taken up.

The officers will take place at the meeting of the local branch, No. 88, M. B. A., tomorrow evening. Miss Sadie Jones and the pupils of her educational class will give a concert in the Adams avenue branch of the Second Presbyterian church on Tuesday evening, Nov. 22. The proceeds will be used to help liquidate the church debt.

The pioneer corps of the Y. M. T. L. and B. society will conduct an entertainment at Manley's hall on Thanksgiving evening. After the entertainment a social time will follow, after which a drawing for a \$10 gold piece will take place.

PERSONAL MENTION.

Thomas Dersheimer, of Chestnut street, is able to move about his home after a severe illness.

Miss Ruth Katyn and sister, Esther, of Montrose, were visitors in the borough yesterday.

Persons living in the No. 6 part of the borough are manifesting considerable satisfaction in the closed car which replaces the open one which did service during the last four months.

CURRENT SPORTING COMMENT

Tuesday's game between the University of Chicago and Northwestern university was a record-breaker in more than one way. The score in favor of 20-0 in Chicago's favor, thirteen touchdowns being made. Slaker, the terrific line-plunging Chicago full-back, had six touchdowns to his credit, and Kennedy, captain and quarter-back of the team, kicked eleven goals from touchdowns.

On the same day, in the game between the University of Wisconsin and Illinois, Pat O'Dea, the full-back and captain of Wisconsin, kicked a goal from placement from the 55-yard line. O'Dea is the man who covered himself with glory last year, by making a successful 65-yard drop kick for goal. When he played at New Haven this year against Yale he caused a great furor by the length of his punts. All things considered, he is probably the most powerful all-around football kicker in the country. And yet with all his great ability as to distance and accuracy, O'Dea, in a big game, is not nearly so much to be feared as little Hudson, the drop-kicking quarter-back of the Carlisle Indians. The latter scores one or more goals in nearly every game he plays, while O'Dea can rarely be relied on in a game with strong opponents to score. This was proved in the game with Yale, when his drop-kicking proved a gigantic fizzle.

When looking over the base ball records of last season, one is struck by the great number of college men who played

MINOOKA.

The entertainment of the Lyceum Dramatic club takes place tonight at St. Joseph's hall on Main street. A large program is billed for rendition. The talent comes from surrounding towns. Anthony Cusick of Stafford street was slightly injured Saturday afternoon. He was employed as a section hand on the Susquehanna connecting railway near the South Side washer, and standing in a car when a switch engine bumped the train and threw him to the floor with such force that he became unconscious. He was removed to his home, where Dr. Walsh prescribed for his injuries. William Jones of West Pittston was a caller in town yesterday.

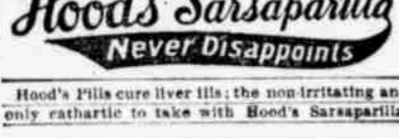

One of the most interesting figures in the football world of today is Cunha, the big Hawaiian playing center for Yale college. He is a muscular youth, weighing a trifle over 250 pounds, and about six feet tall. He is an all-around athlete, being a fine sprinter for a man of his weight, and also bearing a reputation as a fine base ball player, being regarded at New Haven as the probable catcher for next year's team. Cunha makes great plays at certain times and at other plays a very mediocre game, being rather sluggish and lazy. He is the son of a wealthy Hawaiian, who takes a great interest in athletics, and is said to have urged his son on to athletic prowess by presenting him with a hundred dollars for every base ball game he won. The only rival Cunha has for his position is the Rev. Mr. Cutten, who played a great last year, and who recently made his appearance again on the Yale field.

There is a rumor in base ball circles that there will be a new Atlantic League next year, composed mostly of the same cities that make up the circuit last year. Allentown seems to be the center of the movement, and players have already been secured to make up a team for that town. A league is organized in Scranton ought to secure a franchise in it. Base ball is not quite dead around here yet, and a good nine with a generous management would draw big crowds to the park.

"Waste Not, Want Not."

Little leaks bring to want, and little impurities of the blood, if not attended to, bring a "Want" of health. Hood's Sarsaparilla is the one and only specific that will remove all blood humors and impurities, thereby putting you into a condition of perfect health.

Bad Stomach—"Headaches and tired feeling, bad condition of stomach, caused me to take Hood's Sarsaparilla. It stopped all faint trouble." Charles Borer, Glens Falls, N. Y.
