MATTERS OF INTEREST IN MONROE COUNTY.

New Factories Started in Stroudsburg - Temperance Work of a Novel Character-The P. O. S. of A .- Notes Concerning Foot Ball. Death of William Starner-Deer Are Plentiful.

Special to the Scranton Tribune

Stroudsburg, Nov. 20 .- The temperance advocates of this town and East Stroudeburg propose a most novel campaign this coming spring. A shore time ago Rev. Robert H. Crawford, pastor of the Methodist Episcopal church of this place, announced that he would read off the names from the pulpit of signers of license applications. Rev. Crawford had been accused of letting up on the members of his church who sign liquor licenses, but his announcement, which was made at the close of a Sunday sermon, sets at rest all doubt as to his attitude on the liquor question. Today the announcement was made by the Rev. E. E. Dixon that he would follow Rev. Crawford's plan of campaign and not only read from his pulpit those who sign license applications, but would take other interesting subjects and give them a public discussion. Rev. Dixon is one of the leaders of the cold water party in Monroe county and has for years been very outspoken on the liquor question. It is proposed by both these well known pastors to give the lawyers who are employed by the liquor dealers a raking up from the pulpit. There was a big slump in the prohibition vote in this county at the late election, but this has not given the prohibition leaders any discourage-ment, and they appear to be laying plans for the next attack, which will e made when licenses are resumed and new ones granted.

#### NEW FACTORIES.

Two new factories started here toflay, the Minsi pulp mill and a new thirt factory. The Minsi pulp plant has been idle for some months. The whole plant is expected to be in op-eration by the middle of the week. All the old hands that asked for work have been re-employed, and the outlook is said to be very encouraging. The pulp factory recently changed hands, and it is announced that the plant will shortly be enlarged and a better grade of paper will be manufactured. The shirt factory at East Stroud-burg is a new industry. At the head of the enterprise is ex-Postmaster W. H. Voss. Arrangements have been going on for some time past and the plant, which saw its first start today, will be a manufactory for dress shirts and negligee shirts. The maschines are all worked by female hands. It is expected that new machines will e put into the building at an early

An event of great interest was the America building at Mountain Home, under the auspices of Washington Camp No. 483. Patriotic Sons of America. The affair proved a complete success. William Weard, state secretary of Philadelphia, had full char of the regular dedicatory ceremony of the order, which was very beautiful. Secretary Weand speke as follows. "Prethern of Washington Camp No. 483, of the Patriotic Order Sons of America, we now deliver into your hands this hall, expressing the hope that peace. harmony, happiness, prosperity and brotherly love may be your constant portion; that these walls may never and that all the influence flowing from hence may be good and for good con- road.

FOOT BALL

The Normal second foot ball team won a game with Bangor against great odds. From the start fate seemed to be against the local team. The game was played on the Bangor grounds. After leaving the Normal about a mile out, the traces broke, and after a ... lay of about half an hour they proceeded. When nearing the Kittatinny house at the Delaware Water Gap, one of the back springs snapped in two, leaving the team stranded. After another hour's wait they secured a 'bus and pushing onward, they arrived in time for the game. Without dinner the boys plunged into the fray, winning by the score of 28 to 0. Upon their arrival home the Normal students gave the boys a rousing reception. Bonfires were lighted, and yells and songs were indulged in by everybody. The second team thus far has a good record. They played two games which were tie and defeated Stroudsburg by a score of 18 to 0.

#### DEATH OF WILLIAM STARNER.

News was received today of the death of William Starner, a well-known veteran of the Civil war, after an illness of long standing. Deceased was about gixty years old, and leaves a wife and large family. Starner received one of the largest pensions in this county, \$72 per month. He contracted rheumatism while serving in the Federal army and for many years has had to be wheeled around in a chair, on account of his body being so crippled with the disease. The cause of his death is believed to be an abscess on the heart and hasty consumption.

### STRAIGHT VOTE IN PIKE.

There is one county in the state where straight voting is popular. At the recent election Pike county, both Republicans and Democrats, voted straight. There is a difference of only four votes between the three candidates on the Republican ticket and a difference of only six in the votes cast for the three Democratic nominations. The explanation is that the farmers have not full knowledge of the new system of voting. The same may be said of the farmers of Monroe county, who prefer to vote the straight ticket, for fear that a mistake may be made and the ballot thrown out.

Deer this year are plentiful both in Pike and Monroe county. In the former county they appear to be very On Monday afternoon a magnificent five-pronged buck made its appearance in the garden of Constable of Lackawaxen, and dined on the cabbage patch. A few days ago a number of boys chased a fawn-about the lower part of Milford for several hous before it escaped them. Milleman Aldrich saw one in his barn-yard the other morning. It is claimed that thus far this year over one hundred deer have been killed in Pike county. The record for last week is twenty-five. City sportsmen are expected in this county later on in goodly numbers. The season at Canadensis has been a good one thus far. The local men have

DEDICATORY SERVICES.

Held in the West Pittston Presbyterian Church.

Special to The Scranton Tribune Pittston, Nov. 10 .- Dedicatory servis are being held in the West Pittston Presbyterian church today and tomorrow. The church building is to be a handsome stone structure and was erected six or seven years ago at a cost of \$15,000, and is now free from any encumbrance.

This evening a reception was held in the auditorium of the church. The programme of addresses included the following: "The Organization of the Church," by Rev. Dr. Parke; "The First Years of the Church," by Rev. Thomas Nichols, of Milford, Pa.; "Building a Church," by Rev. Thomas W. Swan, of New Brigthon, Pa. SUICIDE IN BRADFORD.

Two Men End Their Lives in a Fit of Despondency.

Special to The Scranton Tribune. Towanda, Nov. 20 -Two Bradford county men, for reasons only they know, committed suicide successfully last Saturday evening. They were William Haggerty, of Rienzi, Terry township, and Stephen Ferriton, of Rummerfield, Mr. Haggerty, a farmer, on Saturday night took a large dose of laudanum and died shortly afterward. He leaves a widow and eight children.

No cause is given for his act. Stephen Ferriton, aged twenty-eight years, resided in Rummerfield, and, fearing he would die sooner or later with a cancer, concluded to end his trouble at once. He took a gun on Saturday evening, and going to a secluded place, committed the rash deed by putting the muzzle to his body. He leaven a wife.

## NANTICOKE STRIKE.

Wilkes-Barre, Nov. 20 .- The rumor of settlement of the miners' strike at Nanticoke has again been revived. When the Susquehanna Coal company officials refused to grant certain demands made by their employes three months ago, 3,800 men and boys laid down their tools and quit work. This big army of tollers has been idle ever since. It is now said that both sides outlook, are weary of the struggle, particularly the strikers, some of whom are beginning to feel the pangs of hunger, and that a compromise will be agreed upon some day this week.

Both sides are reticent and refuse to give out any information, but it is known that conferences have been held between the company officials and committees of the striking miners.

ers, Why Not You? My wife has been using Chamberlain's Pain Balm, with good results, for a lame shoulder that has pained her continually for nine years. We tried all kinds of medicines and doctors without receiving any benefit from any of them. One day we saw an advertisement of this medicine and thought of trying it, which we did with the best of satisfaction. She has used only one bottle and her shoulder is almost well. -Adolph L. ## PITTSTON.

Special to The Scranton Tribune. Pittston, Nov. 20.-Last week was pay week in this community and the pros-perity which the people are enjoying was evident in the amount of money re-ceived by the individual workmen. Many of the Pennsylvania Coal company la-berers received as high as \$65 for last menth's work, something they haven't enjoyed for a very long time. The rati-roaders also received extraordinary big pays, many of the engineers receiving from \$100 to \$125. Business men in general are highly elated over the business An order for a large consignment of

goods has been placed at the West Pittston Glass works, and the works are now being run to their full capacity. # THE MARKETS.

New York, Nov. 20.-The stock mar-

ket confounded all the prophets today

Wall Street Review.

by turning reactionary in tone. All of the fraternity of professional speculators came down to Wall street this morning inclined to the bull side, Their operations combined with an outside demand through commission houses invited by last week's course of events carried prices upward for a brief perlod, but realizing promptly became manifest and Manhattan developed such conspicuous weakness as to affect the whole list. By noon the weakness, had become marked in a number of industrials and specialties. This was attributed to the expectation of a decision by the United States supreme court in a case bearing on the validity of the new form of industrial combination, which has been so wisely used in the last year. The industrials railied considerably when the news came from Washington that the decision had not been handed down today. The rally was due to operations by room traders, and the explanation of the early weak-ness came from the same source and was simply an effort to interpret the weakness of stocks, which was a pal-pable fact. The renewed weakness after the rally showed that the explanation was rather wide of the mark. The sufficient explanation of the downward course of prices was that large holdings of steeks were thrown over last week to take advantage of the strong market caused by the bond redemption plan of the treasury department. Last week's buyers find widespread demand for stocks from the public at large and the market is considerably overweighted with speculative holdings waiting to realize. Total sates 541,900 shares. There was some profit taking in

speculative bends, but at other points in the list same strength was shown. Total sales per value \$1,705,000.
