A. A. Fletcher, of Wilkes-Barre, Was the Lowest Bidder-Building Will Be Erected as Soon as Possible. John May and A. H. Roskelly Injured-Patagonia Lodge Anniversary-Funeral of John Gray-Presbyterian Church Affairs - Other Notes and Personals.

The executive committee of the First Bantist church having in charge the arrangements for the construction of a new church building on South Main avenue, adjoining Major Blair's residence, met at the home of Dr. B. G. Beddoe, Tuesday evening, and opened the bids for the proposed new edifice. The bid of A. A. Fletcher, of Wilkes-Barre, being the lowest, the contract was formally awarded to him for \$8,-

William R. Brown, a member of the firm of Brown, Burton & Davis, the Cincinnati architects, whose plans were accepted, was present at the conference, and outlined the plans of the new edifice. The building will be similar to the Central Methodist Episcopal church now in course of erection at Franklin and Academy streets, Wilkes Barre, which Contractor Fetcher is erecting. The Baptist church will be smaller, however, and not as costly,

With a few slight changes in the plans, the structure will be built as soon as possible. It is not definitely known when the work will be commenced, but it is understood that the building will be erected this coming winter. A full description of the building will be given later in The Tribune The superstructure of St. Mark's Lutheran church is well under way and the work is being pushed rapidly.

There has not been a meeting of the cemen's convention committee in number of weeks, and it looks as if the final winding up of the affairs of this body is still a long way off. This is said to be due to the fact that the members of the auditing committee appointed to examine the accounts of the compilers of the souvenir programme are at loggerheads and refuse to meet. Until they do the funds will still remain in the hands of the treasurer and the creditors will still cry out in vain for their money,
