Manila, Nov. 24 .- Bautista, president of the Filipino congress, presented hinself to General MacArthur today and formally renounced all further connection with the insurrection. Bautista was one of the influential Fili-pines who hesitated on which side to cast his lot at the beginning of the rebellion. He was offered by the Americans a judgeship in the supreme court but declined. He now desires to accept that position and says the Filipino congress and cabinet are scattered, never to re-assemble. Some of the members, he added, have returned to their homes, while others are flying for safety. Many of the congressmen have resigned and he believes the Filipino, soldiers will lay down their arms 28 soon as they learn the truth.

Washington, Nov. 21 .--- General Otis summarizes the situation in Luzon in a dispatch received at the war deparment today. He says that the insurgent government can no longer claim to exist. Its troops and officials have been scattered and Aguinalde is in hiding. The dispatch is an follows: "Manila, Nov. 24.-Claim to govern-

Democratic Executive Committee of Philadelphia Prepare Objections. Philadelphia, Nov. 24 .- The Democratic state executive committee at a meeting in this city today, prepared and adopted a vigorous protest against the seating of Mr. Quay, who was recently appointed by Governor Stone to

succeed himself as United States senator after the legislature had adjourned without selecting a senator. The protest will be sent to the members of the United States senate. The committee also adopted a resolution providing for the appointment of a committee three to investigate the Philadelphia Democratic organization and report some recommendation to improve its efficiency.

The protest to be sent to the United States senate against the seating of Mr. Quay was not made public because it was thought best to place it in the hands of the members of the senate before giving it to the newspapers. This formality will have been observed within a few days and the protest, which, it is understood appeals especially to Democratic senators, will be given to the public early next week. The resolution relating to the Phila-

delphia organization was as follows: Resolved. That a committee of three be

arpointed by the chairman of the state control committee from the mombership thereof to investigate the conduct of the last election by the several Democratic county and city organizations, and as-certain, if possible, the cause or causes of the failing off of the Democratic vote and report what changes should be made in order to promote the success of the party at a meeting of the committee to be called by the chairman

Colonel James M. Guffey, the democratic state member of the national committee, was in the city all day, but he is not a member of the state executive committee and did not attend its meetings. Wilkes-Barre, Nov. 24 .-- The Polish and Slavish women agitators caused another disturbance in Nanticoke this morning. They marchild, seven or eight hundred strong, to the company's works. On the way they met a fireman, John W. Conway, on his way to work. Conway was guarded by two deputy sheriffs. The amazons halted the trio and then surrounded them. The deputies tried to break through the circle, but were unable to do so. In the excitement one of the females threw a handful of red pepper and pulverized lime in the faces of the deputies and the fireman Deputy Reagan was almost blinded. ### POLICE ARE AFTER THE "SYNDICATE."

# Warrants Out for the Firm That Pays

### Big Dividends-Brother of the Head of the Firm Takes the Cash.

New York, Nov. 24 .- William F. Miller, head of the Franklin syndicate, which has accepted the deposits of thousands of persons in Brooklyn under promise of paying dividends of 10 per cent a week or 520 per cent, per annum, and Cecil Leslie, his secretary, were issued for the arrest of these two men, but up to a late hour last night neither had been found. Tonight the police raided the premises occupied by the Franklin syndicate on Floyd street. There was a great crowd of people around the building. Inspector Brennan arrested Louis Miller, brother of the head of the syndicate and cashier of the concern, and took possession of \$15,000 in cash. There were forty employes engaged at work in the offices and these were allowed to go.

The charge upon which Miller was indicted was that of conspiring to defraud. The district attorney's office in Brooklyn has been at work on the cast for some weeks, so prominent have become Miller's operations in that time. Even when the place was raided to night by the police a number of these around the office were waiting to deposit money with the Franklin syndi-

The presence of the police caused great excliement. When they entered the office they were informed that at 6 o'clock tonight the concern had made an assignment to James Dalley, exsheriff of Richmond, Chief of Detectives Reynolds said that the police were the assignees "ow and put Dalley off the premises. Dalley has been in the employ of Miller for some time past. Of the \$15,000 taken possession of by the police, something more than \$5,000 in cash was found in the syndicate offices. Miss Annie Gory, an employe of the concern, lived in a house adjoining the offices. The police going there placed Miss Gory under arrest, and after an extended search they found nearly \$3.

at Witteputs, Two companies of mounted infantry and a detachment of lancers were sent to hold Thomas Farm. Their pickets prevented the Boers from advancing. The Boers fired cannon. The British artillery arrived on the scene and silened the Boer fire. At 2 o'clock in the morning the guards brigade moved steadily forward to a hill a few miles east of Belmont station. The Scots and Grenadiers advanced to within fifty yards of the base, when the Boers poured a scathing fire| The guards were momentarily staggered, but, quickly recovering, they returned a deadly hall into the Boers. The duel was continued for half an hour.

When the artillery began work the Boers evacuated their position and the Scots guards rushed up the hill with the bayonets and lusty cheers. The Ninth brigade then moved forward in extended order, and the Boers started a rifle cross-fire from the surrounding hills. The Coldstreams, supported by the Scots Grenadiers, Northumberlands and Northamptons, stormed the second position in the face of a constant and effective fire. The Ninth brigade then advanced, and the artillery in the negative maintained excellent pra-tice. The British infantry never wavered. When a tremendous cheer notified the Boers of the charge, they fied and succeeded in gaining a range of hills in the rear, in spite of the Lancers' flanking movement. The infantry again gallantly faced the fire and the Naval brigade came into action for the first time, at a range of 1,800 yards. The infantry was well supported by the artillery, and the Boers, unable to withstand the death-dealing volleys, retired and were forced to abandon some minor positions. The British cavarly charged the Boers and pursued them for five miles. rossession was taken of the Boer laager and the Boer stores were destroyed. The Boers hotsted a white flag over their second position, whereupon Lord Willoughby, of the Cold-streams, stood up and was immediately shot down. The Boers twice repeated the same tactics.
