Knabe. Knabe

To Mr. Pennington, of the Scranton Conservatory of Music, Io we, the music-loving people of Scranton, owe many thanks. In securing this great planist for our enjoyment, he furthers the cause of good music and brings within our reach the possibility of a better understanding of the classics.

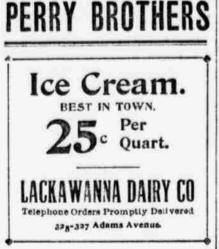

Godowsky plays the Knabe.

Other eminent planists, such as Von Bulow and Sauer, have used the Knabe plano, and are delighted with its beautiful tone.

Do you know this Plano?

It is the best of all good Planos. No other can surpass it either in the quality of tone or the workmanship. Call and see the fine line of Pianos at our Warerooms, 205 Wyoming

ISLAND OF CEBU **Thanksgiving Demands** INTERESTING LETTER FROM WILLIAM J. BOYCE.

The Nineteenth Regiment Was Ordered from Manila to the Island of Cebu and Immediately After Arriving There Was Sent After the Insurgents - Uncle Sam's Roys Drove Out the Filipinos and Took Possession of Their Forts-Climate at Cebu Is Healthy.

Special Correspondence to The Tribune. Cebu, Philippine Islands, Oct. 8.-1 have had my baptism of fire and can now realize the sensations that sweep over a man in battle. Our first engagement after leaving Manila was near here on September 12, and was very successful. On September 12 two battalions of our regiment, the Nineteenth infantry, were ordered to leave Manila for Cebu to relieve the First Tennessee volunteers who had been or dered home. We left Manila on the transport Indiana, the second battalion going to Ilcilo, the capital of the island of Panay. The Tennessee boys came on with us. We are the third battalion and with the headquarters of the Nineteenth regiment, under Colonel Simon Snyder, who is now governor general of this island.

We arrived here on September 18 and immediately went in the old barracks used by the Spanish soldiers, relieving Tennesse

of eight miles, to take part in actual warfare. The Tennessee boys were ordered off the transport and went with us, as this was expected to be one of the hardest battles fought against the rebels.

WENT WITHOUT A MURMUR.

The Tennessee boys went without a murmur, and a good deal of praise is deserving that regiment for the faithful work they did in the battle of Cebu on September 22. Colonel Childers is brave man, as well as a very cool man, and the Tennessee boys are to be congratulated on having such a colonel.

We left Cebu on September 21 marching within twenty-five hundred yards of the rebel forts, where we were ordered to pitch our shelter tents. We had just got prepared for a good night's rest when the enemy began to fire on us and our tents were ordered down, as they made too good a mark for the insurgents.

Fortunately no one was hit, as the rebels are not very good shots as a whole, but they succeeded in keeping us scattered, as none of us were anxious to go to our graves until we got a chance at them.

On the morning of September 22 we advanced to the valley of death, a name given to the valley because two regiments of Spanish soldiers were lost there. We were then under a heavy fire and about fifteen hundred yards from the enemy, We advanced very slowly and kept well under the hills, so as not to lose too mnay of our men, and we had good success, as we

had only one man killed and five wounded, one of them being Sergeant Covey, of our company, who stood six

Company May Proceed.

An order making permanent the preliminary injunction granted to restrain the Borough of Archbald from interfering with the Carbondale Traction company, in its work of narrowing the guage of its tracks through that municipality, was yesterday handed down by Judge Archbald.

When the case came up for hearing, yesterday morning, Judge Archbald said he could not see that there was any merit in the contention of the borough that the company had to secure permission from the borough to narrow its tracks, when it has a franchise "to lay and maintain tracks not exceeding five feet, two inches in width."

The defense wanted to show that it was not the Carbondale Traction company, but the Scranton Railway company, that was doing the work and tht the latter company proposed to run its cars over the line without the consent of the borough. Court ruled this offer out as being irrelevant.

This left the borough without a footing, and when court made the injunction permanent, the defense asked that final disposition be made, so that an appeal might be taken at once. This was agreed to and done.

The plaintiff was represented by Major Everett Warren and J. E. Burr. R. J. Bourke and I. H. Burns appeared for the borough.
