NIAGARA FALLS. The Great Electric City. NIAGARA FALLS was ten years ago a quaint little village nestled about the base of the falls, which thousands of tourists annually wandered their way in search of pleasure, rest and recreation.

Other than this the village was lifeless and unimportant. Suddenly the eye of the commercial world were turned to this little hamlet, for other than curious reasons; for within its borders had come the greatest capitalists of the country; the most learned men of science, engineering and mechanical ingenuity, for the purpose of making an actual study of "THE GREAT WORK OF A CENTURY," the utilization of that limitless force of the great cataracts for commercial purposes—to drive wheels for industries and generate power for the comfort and prosperity of man.

Today Niagara presents to the world the greatest achievements in electrical science. Electricity has brought to it great industrial concerns and others are coming in rapidly that are revolutionizing many branches of trade.

Two Ways for the Cost of One. To enable those who may desire to celebrate Thanksgiving Day by an interesting journey, the Lackawanna Railroad has arranged to run an excursion to Niagara Falls and return at an exceedingly cheap rate. This rate will be one fare for the round trip.

THE DAWN OF A NEW ERA HIS TOPIC.

SERMON OF THE REV. A. J. VAN CLEFT LAST NIGHT. It was Delivered in the Dunmore Methodist Episcopal Church to the Dunmore Lodge, No. 1022, Junior Order United American Mechanics.

Dunmore lodge, No. 1022, Junior Order United American Mechanics, attended in a body the divine services in the Methodist Episcopal church, on South Blakely street, Dunmore, last evening.

Rev. Mr. Van Cleft's topic was "The Dawn of a New Era," and he took for his text the words found in Ecclesiastes, seventh chapter and tenth verse: "Say not thou what is the cause that the former days were better than these, for thou dost not inquire wisely concerning this."

Eccelesias is a wonderful book. But there was no other testimony presented at the final sitting, and the jury returned the following verdict: We, the undersigned jurors find, according to the evidence, that Antonio Spinello came to his death in Old Forge, Lackawanna county, Pa., on Sunday, October 23, 1899, by the hand of Angelo Pelozzi, by gunshot wounds inflicted by a revolver in two hands of said Pelozzi.

ARE ALL SET FORTH. This seems to have been the text for his most excellent sermon. The utter inefficiency of the world to make us happy; the witness of sin and its certainty to make us miserable; the wisdom of being religious; the solid comfort and satisfaction that are to be had in doing our duty to God and man are all set forth in this most remarkable book.

RELIGIOUS NEWS NOTES. Rev. Dr. Robinson, pastor of the Second Presbyterian church, spoke last evening on "What is Worthiness." It is time for the American people to step in and think seriously of this growing evil.

Rev. Robert F. Y. Pierce, pastor of the Fourth Avenue Baptist church, gave an excellent sermon last evening on "Our Heavenly Home on the Life Beyond." George G. Sanborn, superintendent of the Young Men's Christian association rooms, spoke yesterday morning on "The Battle of Life." In the evening his subject was "The Christian's Home."

Rev. J. B. Sweet, pastor of the Simpson Methodist Episcopal church, delivered an interesting sermon in his congregation yesterday evening, taking as his theme "What is Life?"

Rev. James Hughes delivered the morning sermon yesterday at the Dudley Street Baptist church, Dunmore, and Dr. Robinson, pastor of the First Presbyterian church, delivered the evening sermon.

Rev. George L. Aitch, pastor of Grace Reformed Episcopal church, delivered an able sermon yesterday morning on "Temperance." In the evening he gave a Biblical sermon on "Studies in Matthew."

FUNERAL OF MRS. ELMER STONE

Held Friday from the Residence of Her Parents. Maud, the wife of Elmer Stone, died Nov. 21, 1899, at the home of her parents, Mr. and Mrs. Abram Oakley, in Green Grove.

The funeral was held from the parental residence on Friday at 11 o'clock. The Rev. F. P. Doty, of Scranton, made the funeral address in the home, near the spot where nearly two years since he officiated at her marriage.

Her bereaved companion, her father and mother, two brothers and two sisters mourn her early death. Her amiable and loving disposition won for her a host of friends, who followed her remains to the Scott Valley Methodist Episcopal church, with which she was united about five years.

Rev. O. R. Beardley Spoke in All Souls' Universalist Church on "Mormonism; Its Place." At All Souls' Universalist church last night Rev. O. R. Beardley delivered an interesting and spirited address on "Mormonism; Its Place."

DEMURRER HAS BEEN WITHDRAWN

Attorney John F. Scragg Was Allowed Ten Days in Which to File His Answer to the Plaintiff's Averments—Injunction Asked for by Mrs. Ellen Taylor Against George W. Brown—Argument Heard in Case of Mt. Pleasant Coal Company Against D. L. & W.

Another postponement has taken place in the long-drawn-out poor board case. After having undergone about every experience that is possible to fall to the lot of such a proceeding, it was scheduled for final argument, Saturday, on the demurrer which the defendant, Poor Director P. J. Dickett, had filed to the statement of the relator, Attorney John J. Murphy.

When the case was called, however, Mr. Scragg, attorney for the respondent, made a motion for permission to withdraw the demurrer, that he might make formal answer to the relator's averments, particularly to the one alleging that the relator had been legally elected. Court granted the motion and gave the respondent ten days in which to file his answer.

Mr. Burns, attorney for Mr. Murphy, urged upon court the necessity of a speedy answer, that the case might be gotten in shape for appeal before February, when the Supreme court hears Lackawanna cases. Court took this into consideration in fixing the time within which the answer is to be filed.

Attorney M. A. McGinley, representing Mrs. Ellen Taylor, secured a rule from Judge Edwards, so show cause why a preliminary injunction should not issue, restraining George W. Brown from trespassing on the plaintiff's property.

Mt. Pleasant Case Argued. Judge Archibald heard arguments Saturday morning in the case of the Mt. Pleasant Coal company against the Delaware, Lackawanna and Western Railroad company, in which the coal company seeks to establish its right to construct a coal conveyor on an overhead bridge across the defendant company's tracks at the Mt. Pleasant breaker.

Court News Notes. Attorney A. D. Dean was appointed master to state an account between E. A. Coray and John S. Jenkins, in accordance with the decree of court heretofore filed.

On motion of Attorney P. W. Gallagher, court granted a rule to set aside a sale and strike off judgment in the case of the City of Scranton against the Scanlon estate.

In the case of James Suce against Anthony Galavitz, Judge Edwards discharged the rule on the justice of the peace to amend his judgment, because of the "squire insisting that his record is correct."

A rule for a new trial in the case of Edward J. Williams against E. J. Moore was discharged by Judge Edwards. The rule is to recover \$3,000 for devolving a coal tract for the defendant. At the second trial of the case at the present term the plaintiff secured a verdict for \$3,000, the full amount of the claim with interest from November 1, 1892.

The third and final week of the November term of common pleas court begins today. Among the cases on the list are A. D. Dean, trustee, against Joseph Church, Winston Coal company against Pancoast Coal company, F. Ferris against the Blue Ridge Coal company and the Cutler, Gainsburg and O'Connor trespass cases against the Scranton Railway company. Judge Cyrus Gordon, of Clearfield, will assist the local judges in disposing of the list.

COUPLING AN ENGINE TO A FAST EXPRESS TRAIN IN MOTION. "One of the most scientific pieces of railroad running I ever saw," said John Ruggers, a former employe of a railroad company, who has now given up railroading and is engaged in business at Milwaukee, "used to be done on a road running an hour and a half train from Philadelphia to this city, and as the present speed of locomotives had not been attained it was somewhat difficult of getting engineers to make it. The terrific speed maintained, together with the constant strain of anxiety throughout the run, told heavily on men's nerves and after taking the train through a few times they had to give it up. But to return to the scientific work I started to tell you of. To make such a schedule every minute that could be saved was counted. Princeton grade was one drawback to the run. It was long and heavy, and an inevitable delay always

Children in school? Then you have often heard them complain of headache; have frequently noticed how they go about in a listless, indifferent way, haven't you?

Scott's Emulsion does grand things for such children. It brings a healthy color to their cheeks, strengthens their nerves, and gives them the vigor that belongs to youth. All delicate children should take it.
