TWO CENTS.

PHILADELPHIA FLAME SWEPT

Million Dollars Worth of Property Destroyed.

BUSINESS SECTION

Fire Starts in the Store of Partridge and Richardson-The Establishments of J. B. Lippincott; Strawbridge & Clothier Also Badly Damaged-Two Thousand Are Thrown Out of Employment.

Philadelphia, Nov. 29 .- Nearly \$2,000 .-000 worth of property was destroyed by two fires in the heart of the business section of the city early today. The greater of the two fires started in the big department store of Partridge & Richardson, at the southeast corner of Eighth and Filbert streets, the very center of the shopping district, at 6.50 a, m., and before the flames had been under control they spread to adjoining property and caused a loss of about \$1,700,000. While this fire was in progress and spreading every moment, another fire broke out four blocks away on the fourth floor of No. 419 Market street. The loss at this fire is esti-maked at \$110,000. The loss of the two fires are more than covered by insur-

The Eighth street fire was a very ugly one for the firemen to handle. Eighth street and Filbert street are very narrow thoroughfares. There was a strong wind blowing at the time, and the fire fighters had great difficulty in preventing the flames from getting a good hold on the buildings on the opposite sides of these streets. As it was many of the structures and their contents were badly scorched and damaged by water. It took four hours to get the flames under control.

fire started in the basement of Partridge & Richardson's store from an electric spark, and soon the entire building was a mass of flames. two stores to the south of Partridge & Richardson were soon gutted and then the flames attacked the big building of the J. B. Lippincott Publishing company, on Filbert street, east of the burning department store. This publishing house is one of the best known in the country, many high class reference books, periodicals and numerous other publications being produced by the firm. The building was completely ruined. In this building stored away in vaults was nearly half a million dollars worth of manuscripts, plates and other material for reference books, and it is not yet known whether they were destroyed.

Lit Brothers' large department store. which adjoins the Lippincott building and which is valued, with its contents, at over \$1,000,000, was saved, but only after the contents of one corner of the building had been damaged, Strawbridge & Clothier, another large department store on the west side of Eighth street, also had a narrow escape and the building and contents were damaged to the extent of about \$50,000. A number of other business houses, adjoining Lippincott's and Partridge & Richardson's, were either entirely destroyed or badly damaged.

The Leases.

The estimated losses are: Partridge & Richardson, \$700,000; J. B. Lippincott Publishing company, \$6:0,000; Artman & Treichler, wholesale house furnishings, \$100,000; Lit Brothers, \$85,000; Strawbridge & Clothier, \$50,000; Bailey's Five and Ten Cent store, \$50,-'00; Rosenbergs' millinery store, \$30, 400; Partridge & Sons' restaurant, \$20. Westcott & Thompson, electrotypers. \$10,000.

Additional losses aggregating about \$25,000 are divided among A. L. Williams, gloves: Little Jet Jewelry store; Medinas Parisian hair store: C. Eastburn, corsets; H. Moschach, restaurant; P. T. Hallahan, shoes; R. Gold-berg, mininery and cloaks; Woolworth's five and ten cent store; P. J. Hallahan, shoes: Samuel D. Levy, small wares: F. D. Bean & Company, the losses are covered by insurance.

The second fire was discovered at 7.20 o'clock in the four story building at 419 Market street occupied by several manufacturers and wholesale deal The entire building was gutted as was also the adjoining building, No. 417. The estimated loss is \$110,000, distributed as follows:

A. G. Dowle, wholesale stationer, \$15.-000; W. Harris & Sons, wholesale boots and shoes, \$25,000: L. Katz. clothing manufacturer, \$10,000; R. Feintberg, clothing manufacturer, \$5,000, and \$18,-600 divided among Hoffman, Cochran & Company, wholesale cordage and wadding; A. J. Bates, boots and shoes; Sullivan, Hettrick & Company, no-tions; D. Matusow & Company, shirts; S. Ronovo, shirts and wrappers. The loss on the building is estimated at

\$40,000. Overtwo thousand persons are thrown out of employment by the fires, but proprietors of other department stores offer temporary employment to all of Partridge & Richardson's nine hun dred employes at the salaries they received from the burned out firm. Although the big fire raged for eyes

four hours there were no casualties beyond a few minor injuries received

by a half dozen aremen.

It is feared by members of the Lippincott Publishing company that the plates of the famous Variorum edition of Shakespeare, the work of Horace Howard Furness, of this city, may have been destroyed. They were stored in a vault along with other valuables The plates represent the life work o Dr. Furness, and their production cost the publishers a very large sum. Twelve volumes of the edition, one of the most complete and able critical analyses of the great poet's works that has ever been issued, have been dempleted, the "Midsummer Night's

Dream" having only been finished a

few weeks ago. It is also said that the plates illus trating the medical works of Dr. Bar-ton Hirst, of the University of Pennsylvania, the famous obstetrician, have been destroyed. The illustrations, mostly used for color work, are among the finest in the world.

THE TOUR SUCCESSFUL.

Lord Mayor of London Has Securea Funds to Save Parnell Estate.

Washington, Nov. 29.-The Right Hon, Daniel Tallon, lord mayor of Dublin, accompanied by his private secretary, Mr. Kennedy, arrived in Washington today. Tonigat, by ap-pointment, the mayor and his secteary, accompanied by Hen. Dominick Murphy, of this city, and Commissioner Powderly, of the Immigration bureau, visited the white house and spent balf an hour in conversation with the president. The lord mayor will leave the United States for home on Satur-The lord mayor received a large number of visitors at his rooms at the Arlington during the evening, to whom he expressed great pleasure for the courtesies shown him while in this country, and for the generous response of the people in aid of the object which brought him to America. He referred to the intense enthsulasm everywhere displayed to honor the memory of Parnell, and stated it to be the intention of the committee having in charge the erection of a monument to the dead committee today and after a lengthy leader in Dublin, to place the order for discussion its recommendations with it in the hands of an American sculp-

The lord mayor also said he had assurances from Richard Croker that the Parnell home at Avondale, Wicklow, would be secure and that funds would be forthcoming to redeem it. About \$35,000 has been realized from the tour of the lord mayor and Mr. Richmond,

TWO IMPORTANT SUITS.

Involving the Right of Military Authorities.

Jacksonville, Fla., Nov. 29,-Two important suits involving the right of military authorities to close which are detrimental to the health of soldiers were decided today. The United States was the real defendant in both, although both were directed against Colonel W. T. Duebin, who commanded the One Hundre 1 and Sixty-first Indiana regiment la Jacksonville in the camp of 1898. Two merchants who established stores near the regiment and sold fruit, liquor and other prohibited articles and refused to close on request, were ordered to close by Colonel Durbin. Both brought suit, claiming heavy damages, and in one the verdict gave \$200 and in the other the finding was for the defendant.

claim for damages was based on the alleged forcible manner in which the stands were closed and the threats they were said to have been made by the colenel. The court charged that the military authorities had the right to resort to the closing of the stores if the evidence showed that the injury the soldiers was real and not imaginary and to use force if necessary.

TWELFTH JUROR DRAWN.

Molineux Case Will Begin in Earnest Today.

New York, Nov. 29 .- The twelfth and last juror in the case of Roland B. Molineux, on trial on the charge of causing the death of Mrs. Katherine J. Adams, was secured at 5 o'clock this afternoon. Juror No. 12 is Frederick B. Crane, a correspondent for the American Book company. After ceremony of administering the oath to Mr. Crane, Recorder Goff turned to the jury and explained that both the prosecution and the defense had consented to an adjournment until Monday, tomorrow being Thanksgiving day,

To secure this jury of twelve men required twelve days of tiresome and technical work on the part of the court and counsel. Five hundred and four talesmen were examined.

WILL FUSE WITH THE DEMOCRATS

PROBABLE COURSE OF THE SIL-VER REPUBLICANS.

The National Committee at Chicago Adjourns to Meet Again at Call of the Chairman-Mr. Towns Gives Out the Official Statement of Action of the Committee-Pledges Made Covering Expenses of Holding National Convention.

Chicago, Nov. 29.-The special meeting of the national committee of the Silver Republican party adjourned today to meet again at the call of the chairman, after having taken action that practically assures the fusion of party with the Democratic and Populist parties, the endorsement of the Democratic platform and the presidential candidate of that party. The sub-committee appointed yesterday to decide on the most practicable date and place for holding the national convention was also to report on matters of practical organization for the campaign, the apportionment of delegates from the various states to the national convention, submitted its report to the one or two minor amendments were The sub-committee recommended that all of the matters in question be referred for action to the executive committee, of which former Senator F. T. Du Bois, of Idaho, is chairman.

Committee's Statement. Chairman Towne gave out the fol-

lowing official statement of the action of the committee:

A resolution was unanimously adopted that a national convention of the silver republican party be held and the executive committee was instructed to confer with the democratic and populist national committees in an effort to secure, if possible, the holding of all three national conventions at the same time and place, and at the earliest practicable date, to the end that complete co-operation of the reform forces may be had. The executive committee was authorized to determine the number of delegates to the national convention, the same to be not less than two thousand, to arrange the basis of selection and to allot the representation from each state. It was decided that the call for the convention shall include as eligible to representation all those voters who heretofore, prior to 1896 or since, have acted politically with the Republican party but are bimetallists and favor the unrestricted and independent coinage of both gold and si'ver at the present legal ratio, and who are opposed to the policy of extending the gold standard in the United States by retiring the greenbacks, destroying the full money power of the existing silver dollar, providing for the payment of all government obligations and the redemption of all forms of paper money in gold alone and surrendering to banking combination the sovereign function of issuing paper money,

Pledges were made covering the expenses of holding the national convention and Hon, Elwood S. Corser, of Minneapolls, was chosen treasurer of the committee with instructions to maintain relations of co-operation with the Democratic and Populist national committees.

MORE ELECTION FRAUDS.

Three Arrests Have Been Made in Philadelphia.

Philadelphia, Nov. 29.-More election frauds were unearthed in this city today and three arrests have been made. Those arrested are Samuel R. Markley, an assessor; Frank Taylor, and Joseph S. Hogan. They, with others who have not yet been apprehended, are charged with casting illegal votes. making false and fraudulent returns of election and falsely personating election officers in the Twelfth division of the Fifth ward. The men were held

in \$1,500 ball for court. At the hearing it was shown that 252 votes were cast in the division, although only 208 names are on the assessor's list, the return of the division on the vote for state treasurer was Barnett (Rep.), 247; Creasy (Dem.), 4; Caldwell (Pro.), 1.

It was testified by a municipal leaguwatcher who reached the voting place at 7.45 a. m. on election day, forty-five minutes after the place was opened that 80 votes had been east at that time. It was also brought out that a large number of vouchers had been forged. The police are looking for others for whom warrants are out in connection with election frauds in this division.

INVESTORS' TRUST CLOSED. Another Wild Cat Business House Is Taking a Holiday.

Philadelphia, Nov. 29 .- The office of the Investors' Trust, a concern in this city many believe to be affiliated with Miller's Franklin syndicate, of Brooklyn, remained closed today and none of the officials could be found. No charges have been preferred against the members of the company by the investors or by the postal authorities. Notwithstanding this the impression has gone out that the officials of the Franklin cyndicate, Miller's Brooklyn concern, and the Investors' Trust, are either

identical or in touch with each other, The Investors' Trust has good balances in two banks here. The greater portion of the concern's business was from points outside the city. The postoffice officials have had no complaints, but the trust's office is closed. mails directed there is held awaiting identification.

Lipman Keene, about whom nothing is known here, is the president of the Investors' Trust, and Charles L. Werk, general manager. The latter is the son of George F. Work, who was implicated in the operations of MacParlane. Polffer & Dungan, in wrecking the Bank of North America and the Amerlean Life Insurance company in 1890, for which they were sent to the eastern penlitentiary. The concern started about four years ago and promised large profits for small investments. In

a circular issued the company stated: There is no doubt that those who invest with us can count on an aver-age of 1 5to 20 per cent, monthly profit. and that an investment of \$500 yield a regular income of from \$75 to \$100 a month."

Not being chartered it was not subject to the state banking laws or under supervision.

Information regarding the Investors' Trust is difficult to obtain, as the only two men who know anything of the concern cannot be found. No one here knows anything of Lipman Keene, whose name appears on the stationers who have had charge of the office, have disappeared.

The concern did very little, if any, business in this city, its customers coming from all parts of the country. Persons who have money invested with the trust are beginning to appear at the office, but they cannot get any satisfaction. A man from Wrightsville, N. J., who has \$750 on deposit with the concern, called at the office, but found it locked. Others to appear were a man from Boston, who had invested \$600 for a blind brother, and a man who said he had placed \$750 with the trust company. Bank messengers holding cheeks from \$75 to \$500 also made their appearance, but left, carrying the documents with them.

Not one complaint has as yet reached the federal or city authorities. but Captain of Detectives Miller said today that he will promptly take up the matter should a complaint he made to him. A large quantity of mail has accumulated at the postoffice, but it is being held for the only reason that no one is at the effice of the company

REESE REFUSES FAVORS.

Willing to Serve His Sentence in Jail.

Fort Scott, Kan., Nov. 29 .- John P. Reese, member of the national executive board of the United Mine Workers of America, sentenced to jail for three months for contempt of the federal court, has refused the offer of United States Judge Williams for special jail privileges at Topeka, saying "an innocent man has no preference of prisons In which he is unjustly confined."

Reese had been sentenced to the federal prison here, but when Judge Williams learned that the accommodations were poor, he ordered him taken to the Topeka fail, where he could have the de use of a corridor.

Mr. Reese said he was opposed to the plan of attempting to secure his release on a writ of habeas corpus in the United States court, because he thought all federal judges are alike. His only hope, he says, was to have President McKinley commute his sen-

"My conviction and imprisonment," added Reese, "will not weaken the strike, as is hoped by the coal companies, but will strengthen and solidify it. Debs' six months imprisonment made more union men than his speeches could have made in a year. Many miners were present at the trial and there is no doubt in their minds as to my innocence."

"BILL" ANTHONY BURIED.

The Hero Laid at Rest in Evergreen Cemetery.

New York, Nov. 29 .- "Bill" Anthony, of the Maine, was buried today in the seamen's plot in Evergreen cemetery, Bracklyn. The funeral took place from the chapel of an undertaking establishment on Twenty-third street, Manhattan. The chapel was crowded to the doors. The service began with the singing of "Rock of Ages,"

Rev. A. W. Hodder read the funeral service and Rev. Stephen Merritt de-livered an eulogy on the dead sailor, A poem entitled "Bill Anthony, hero, was recited by "Aunt" Louisa Eldridge, the actress. There were many beautiful floral gifts, among them being a handsome wreath of laurels tied with purple ribbons, which had been placed on the casket early in the day by Emma Nevada, the singer,

FLINN CASE CLOSED. Two or Three Weeks May Elapse

Before There Is a Decision. Pittsburg, Nov. 29.-The testimony in the suit of the City of Pittsburg against State Senator William Flinn, Major W. C. Moreland, W. H. House and Booth & Flinn, was closed at noon today. The lawyers on both sides asked for time to prepare their arguments, and Judge J. W. F. White fixed Tuesday morning as the time for hearing

The testimony today was dry, except that given by Major Moreland in his own behalf. He went on the stand to check transactions until he was shown the checks. He also said that he did not know until he heard the testimony of Mr. House how much money of his own he had in the different banks with the funds of the city. During his term of office, extending from 1882 to 1895, he swore, he never gave five minutes' time to his bank accounts. Mr. House deposited all of his money, public and private, and all was credited to the same account. The only knowledge he had of the accounts at the different banks was to sign public checks in blank and occasionally draw a check on his private account. He did not know how many private checks he had drawn nor the aggregate amount of

John Meikel, an expert accountant, testified that an examination of the books bearing on this case showed that the city was in debt to Booth & Flinn to the amount of \$366,009.

Counsel for Senator Flins filed a statement of defense with the court this afternoon, showing that the greatest amount of money borrowed by Senstor Flinn was \$34,000 in 1890, and the lowest amount the city and the city attorney were indebted to the firm of Booth & Flinn was \$89,000 in 1887. The counsel claimed that this showing demonstrated clearly that the defendant did not know it was city money he was had known the city had collected this money he would have claimed what really belonged to his firm.

there is a decision. Judge J. W. F. White has a large amount of documentary evidence to examine and a long opinion is expected from him when he hands down his opinion.

CALM IN IRON TRADE.

ing Discouraging in the Situation. Pittsburg, Nov. 29.-The American

Manufacturer will say tomorrow: The past week has been one of calm In every branch of the iron and sime! industries, if the sub-divisions of machinery, etc., are excepted. With next year's ore rate fixed on a basis of \$5,50. Bessemer pig quoted for the third quarter of 1:00 at \$23.59 at the furnace, the prevailing quotations on billets for delivery during the same time, \$34 and \$35, is not likely to be shaved. But with so much business cleared off this year it is almost impossible for future conditions to appreach the present high pressure. The spreading out of orders for raw and finished materials over so large a portion of range gives the country permanency of values, even though they

may be higher than many believe absolutely essential to progress. Foundry irons are probably the most active raw material, but so much of the new year's production has been sold that even then the actual transactions are not significant. In Bessewer little iron has changed hands, except in several lots of from 3,000 to 5,000 tons for immediate use. Southern pig iron, at ruling prices at furnace, may be said to be actually out of this

A moderate volume of business has seen done in the east in iron and steel during the past few days. Inquiries are falling off. There is nothing whatever discouraging in the situation. The opinion seems to be widespread among western buyers that the top notch of values has been reached. They are therefore, deferring purchases as long as possible. Makers are not weakening, the absence of customers b relief rather than otherwise. Freight rates on southern pig iron, it is reported, will advance 15 cents to \$4.50

The tendency of the southern from manufacturers of looking for higher prices has again been set back by a comparatively dull week. At Birming ham iron bars have declined in strength, though the reduction in price other hand, are stronger and the tations have advanced from \$2.40, \$2.60 to \$2.50, \$2.75. Boiler and tank plates and are lower in price.

The Beers will probably rally, as her tofore, after seemingly crushing defeat, unlers they have lost their guns, of which there is no mention in the official dispaten. It is understood that they have a strong loager at Spy/fonteln, four-teen miles north of the Modder. Another engagement, therefore, possibly awaits the Pritish before they can begin the last stage of the eleven miles from Spytionteln to Kunberley. General Cronje in that case will run a great risk of being caught between Methuen's force and the garrison at
