Born before United States by him ever since. Mr. Brock is a dignified old gentleman, showing few signs of decreptitude. His family Bible is still preserved, and it shows that the late of his birth was written 111 years ago. Surely a few words from this re-

markable old gentleman, who has had ill years of experience to draw from, would be interesting as well as profit-able. A lengthy biographical sketch is given of this remarkable old man in the Waco Times-Herald, Dec. 4, 1898 in the Waco Times-Herajd, Dec. 4, 1898.

A still more pretentious biography of this the oldest living man, illustrated with a double column portrait, was given the renders of the Dallas Morning News, dated Dec. 11, 1898, and also the Chicago Times-Herald of same date. This centenarian is an ardent friend of Pe-ru-na, having used it many years. many years.

found out a great many things by ex-perience. I think I have done so.

"One of the things I have found out to my entire satisfaction is the proper remedy for ailments that are due directly to the effects of the climate. For 111 years I have withstood the changeable climate of the United States.

"I have always been a very healthy man, but of course subject to the lit-tle affections which are due to sudden changes in the climate and tempera-ture. During my long life I have known a great many remedies for coughs, colds, catarrh and diarrhoea. "I had always supposed these affec-tions to be different diseases. For the last ten or lifteen years I have been reading Dr. Hartman's writings. I have learned much from his books, one thing in particular: That these affections are the same and that they are properly called catarrh.

"As for Dr. Hartman's remedy, Pe-ru-na, I have found it to be the best, if not the only, reliable remedy for these affections. It has been my standby for many years and I attribute my good health and extreme old age to this remedy.

"It exactly meets all my require-"It exactly meets all my requirements. It protects me from the evil effects of sudden changes, it keeps me in good appetite; it gives me strength: It keeps my blood in good circulation. I have come to rely upon it almost entirely for the many little things for which I need medicine.

"I believe it to be valuable to old people, although I have no doubt it is just as good for the young. I should be grad if my sincere testimony should become the means of others using this remedy, because I believe it to be the remedy, because I believe it to be the greatest remedy of this age for catarrhal diseases. "When epidemics of la grippe first began to make their appearance in this country I was a sufferer from this

"I had several long sieges with the grippe. At first I did not know that Pe-ru-na was a remedy for this diseases. When I heard that la grippe was epidemic catarrh, I tried Pe-runa for la grippe and found it to be just the thing.

"It has saved me several times from a steps of the grippe. I feal perfectly safe from this terrible malady so long as I have Pe-ru-na at hand. I hope that Dr. Hartman may live to be as old as I am, to continue the good work of teaching the people the value of his great remedy, Pe-ru-na.
"Very truly yours,
